### OUR ABSENT AND TRUTH-FUL(!) GOVERNOR.

WE learn by a press dispatch, to be found in our telegraphic columns that Mr. Murray has been feeding the Washington correspondent of the New York Tribune with anti-

"Mormon" pabulum. His version ee any proper steps taken to upset of the Utah election laws is further the villalnous conspiracy, and pre-vent the pretender from obtaining even the least of the advantages of the position. We commend the evidence of his untruthful character. It might be expected that a man who would certify to a falsehood with his pen under an official

seal, would not heatate to utter falsehood with his lips when questioned upon the subject of the certificate. The text of the law which he has House of Representatives to refuse the admission to a seat, temporary or otherwise, of a person whose pre-tensions are not merely tainted but endeavored to misrepresent is the best answer to his assertions. It is to be found in the Compiled Laws of Utah, page 88. Also Laws of 1878, saturated with fraud, and who comes page 28. Indians/Barrendering. Sr. PAUL, 7.—The Pioneer Press Fort Buford special telegraphs yes-terday, That this post has to-day presented an unusual lively appear-ance. At about 11 a. m. Captain Thomas' Dawes with his com-pany, A, 2nd cavalry, arrived here from Col liges' command, at Poplar Creek, in charge of Iron Dog and his band, consisting of 53 Indians. As these poor starved wornout creatures filed through the post to the govern-ment storehouses to receive rations preparatory to going into camp, it was hard to realize that they were a portion of the formidable band of warriors which sent such a thrill of horror through the country in 1878,

warriors which sent such a thrill of horror through the country in 1878, by the massacre of Custer's gallant band, but such nevertheless is the case, and Iron Dog is a soldier who made his reputation by fighting, in times past, the same troop that to-day served rations to his band, and to-night guard his camp while he sleeps in tranquility. After receiv-ing rations under the supervision of Capt. Clifford, this band was taken to Galls village, and its various peo-ple ordered to put their teepes ad-jacent thereon, so that the necessity of an additional number of sentinels is obviated.
