PIONEER STAKE CONFERENCE

Three Sessions Held at Which Good Reports Are Given and Instructions Offered by Authorities.

The afternoon session of the conference of Pioneer stake was held in the tabernacle. President Anthon H. Lund and the general and stake authorities were present.

The choir rendered the hymns, "Earth With Her Ten Thousand Flowers." Invocation was offered by Elder George E. Burdidge.

Elder Henry S. Tanner was the first speaker, dwelling at length upon the subject of the eternal justice of God. He narrated a lesson given in the Tabernacle illustrating this principle. He said this lesson to him seems invaluable and urged his hearers to learn to trust in God. He said there are some things not understood, nor can they be understood in this sphere; and lacking the understanding, we must not question the purposes of God. To the average mind it seems that at the time the Saints were driven from their homes in the east, the Lord had forgotten His people, but looking back upon the history of the Church His goodness is manifest. The conditions they faced, the hardships they endured in being thrown, as they were, upon the mercy of the world, and the characters and prepared them for the future. Of their own strength they could not have accomplished this; but God was with them and overruled all. He will yet bring forth them from among the nations and stand together, true to God, to each other, to humanity and to the government.

The choir sang, "O my Father."

ELDER O. F. WHITNEY.

Elder Orson F. Whitney addressed the meeting. His theme was the belief of the Latter-day Saints in a pre-existence. Referring to the hymn just sung, which embodies the belief of the Latter-day Saints, concerning the past, the present and the future, he said that the Latter-day Saints were not the first to teach this doctrine, for it was taught by Jesus and His disciples. Through all the ages good men and women have believed in the immortality of the soul; they have believed that we lived before this life and shall live after it. Quoting from Wordsworth's "Intimations of Immortality," he said that this great man had to apologize to his country for his time for the belief expressed in the beautiful language of his poem.

Mormonism has no such apology to make. It goes beyond what Wordsworth declared when he said it was a doctrine upon which revelation was silent. Mormonism declares that the Bible teaches such a belief in the sayings of the Son of God and of the prophets of old; that it is as much a principle of the gospel as are the principles of penance and baptism. After quoting the statement of the Lord in the new, O Father, glorify thou me, with thine own self, with the glory which I had with thee before the world was." (John 17, 5). Elder Whitney took up the first and second chapters of Genesis, to show that God created everything first in a spiritual sense and then in the physical condition. To establish this statement in the fifth verse of the second chapter where after telling of the complete creation in the first chapter he says "and there was not a man to till the soil."

After discoursing at length upon the sublime thought embodied in the principles of the pre-existence, he said that he thought it was this knowledge which robbed the grave of its victory and death of its sting. In addition to this knowledge the Latter-day Saints have received that this earth in its present condition was but a school place to spend a time of probation upon and that only after the earth had been renewed would it become a home for the saints and children of God.

The meeting closed after singing the anthem "God Is Our Refuge." The benediction was pronounced by Elder Angus M. Cannon.

EVENING SESSIONS.

The evening session was held in the stake hall. Very crowded condition and the lack of room in the stake hall for all the saints who came to the meeting made it necessary for the holding of an overflow meeting in the seventh ward assembly room. At this meeting President David McKenzle, Alexander Buchanan, Jr., and Louis G. Hoagland were the speakers. Elder H. B. Clawson, Jr., presiding at the overflow meeting.

The singing at the regular meeting of the conference was furnished by the joint religious classes of the stake. The opening songs were "Master, the Temple Is Raging" and "Sweet Hour of Prayer." After the classes had repeated a memory gem from the Doctrine and Covenants the sacrament was administered under the direction of Bishops Heber C. Cutler and Robert Sherwood. The general and stake authorities were present.

Elder Charles H. Hyde and all were sustained. Elder Alan E. Howard was appointed as second counselor to the stake presidency of Elder M. M. Al. Joseph J. Cannon, who has acted in the capacity of stake superintendent of Religion classes since their establishment in the stake, was honorably released from the present condition of the people he said there was never a day when Zion prospered more as a whole than today. In speaking of those who fall away from the Church, he said that they are those who are not honest with the Lord. "Be honest with the Lord and He will be honest to you and help you when you need it," was the admonition of the speaker. He urged the saints to build their lives according to the gospel plan for every one is the architect of his own life.

Special meetings to be held by members of the quorum of the Twelve were called of the saints living in the Fifth, Sixth, Seventh, Twenty-fifth and Twenty-sixth wards. These meetings are to be held Wednesday evening at 7:30 p. m. The conference adjourned.

after the congregation sang "We thank Thee, O God, for a prophet." The benediction was pronounced by Elder Geo. G. Smith.

MORNING SESSION.

Gratifying Reports Rendered—Timely Advice Given by High Officers.

The seventeenth quarterly conference of the Pioneer stake was held yesterday morning at 10 a. m. in the stake hall. In addition to a full representation of the stake authorities, there were present: President John R. Winder, Elders Francis M. Lyman, Heber J. Grant, Orson F. Whitney and Anthony W. Ivins of the quorum of apostles.

The singing was furnished by the Fourth ward Sunday school. The first reading was "Thanks for the Sunday school" and "Forbid them not." Invocation was offered by Elder James L. Ivins.

President Wm. McLachlan extended a greeting to the people of the stake, and expressed the satisfaction of the authorities with the large congregation present. He commended the officers for the efforts they had made during the past year, saying that a noticeable improvement was apparent in all the branches of church work in the stake. After speaking in detail of the difficulties which they were overcoming, he advised the people to seek counsel from the Lord in all matters of authority over them, and when they received such counsel to endeavor to follow it out.

WARDS ARE REPORTED.

Bishop Charles H. Worthen reported the Fourth ward. It was making very satisfactory progress. The bishopric, with the leaders of the ward, had followed a policy of making visits among the people every week, the result of which is that the people are encouraged to greater activity.

Bishop Arnold G. Glaugue, in reporting the Sixth ward, said all the auxiliary organizations were complete. The work of the ward is progressing well. The auxiliary organizations were very manifest in the increased attendance and interest therein, a revival of interest being especially noticed in the mutual improvement work.

Bishop Lewis M. Cannon reported the Cannon ward. After making a statement showing the present good condition of the ward, he gave a statistical report of the missionaries sent out from Cannon ward during the twelve years of its organization. With a population averaging less than 400, the ward had maintained an average of eight missionaries a year.

Elder David McKenzle, president of the high priests' quorum, made a brief report of the condition of that quorum, which, he said, was very gratifying.

The children sang, "Catch the sunbeams." Rosina C. Lambert, stake president of the Primary associations, stated that the stake and ward officers were doing all in their power to secure an enrollment of every child in the stake who should belong to the Primary association. She expressed the appreciation the officers feel for the support they are receiving.

ELDER HEBER J. GRANT.

Elder Heber J. Grant addressed the meeting. He commended the bishops and their counselors for their labors and the good opinion they had of their people, saying that very little good was done by tearing down in comparison with the good that could be accomplished by magnifying the good deeds of individuals. He urged the people to good example in all that they do for their actions in life give forth in influence either for good or for bad.

Speaking of the work required of the average Latter-day Saint in the fulfillment of duty, Elder Grant said it is a sure road to happiness, for every laborer in the vineyard will receive his reward from the Lord.

Elder Francis M. Lyman, president of the quorum of apostles, was the next speaker. He was gratified with the records made in the holding of weekly council meetings. In giving the people instructions of a general character, he said, there are many Latter-day Saints who never feel themselves under the law of the word of wisdom. Such individuals are deluding themselves, for there is no question but that the Lord intends the word of wisdom shall be obeyed by every member of the Church.

He urged the people to obey the principle of fast offering, as through this sacrifice they lose nothing and thereby they law, they abstain from eating on fast day, and what is thus saved is to be donated to the poor. He strongly urged the growing movement to abolish the saloons and their attendant evils.

The meeting closed after singing, "Song of Praise." Benediction was pronounced by Joseph J. Cannon.

Ely's Cream Balm has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine chest among the reliable home hold remedies where it is kept at hand for use in treating cold in the head, headache, toothache, neuralgia, rheumatism, sprains, and all the other ailments of the household. It gives immediate relief and a day or two's treatment will put a sore throat, which might, if not checked, become chronic and run into a bad case of catarrh.

MEETS PAINFUL ACCIDENT.

Miss Florence Shannon, daughter of Detective "Dick" Shannon, met with a painful and dangerous accident yesterday morning while trying to capture her pet dog which had strayed away. The dog was playing with another dog near the Shannon residence, 27 Johnson street and Miss Shannon ran after it. She did not see a barbed wire fence between her and the dog. She ran against the fence with considerable force and was thrown backward to the ground. The top wire cut her forehead and one of the barbed wires cut her left eye lid. The girl was taken to Dr. Parmelee's office, where the gash was sewed up. Dr. Parmelee said that had the barb gone a sixteenth of an inch deeper the eye would have been destroyed.

SERMONS OF EARLY TIMES.

Rev. P. A. Shupkin Speaks of Manuscripts Recently Found.

In a sermon last night, in the Phillips church, on preaching in the early centuries of Christianity, Rev. P. A. Shupkin said:

"We have a sermon preached at Corinth in A. D. 500, by some man whose name has been forgotten. The sermon was recently discovered in manuscript among some eastern ruins. We find

that the sermon is largely made up of quotations from Scripture, just as those were which many of us heard in our boyhood. And right here let me say that the sermon which quotes Scripture is more likely to reach the people than the sermon embellished with Shakespeare or other men of letters.

"But to quote from our Corinthian preacher: 'Brethren, we ought so to think of Jesus Christ as God.' He did not think of Christ as a man to whom the idea of divinity had been added in the few short years since the Savior had been on the earth. And if you think of Him as simply the best man that ever lived, you make Him out a liar. For He said: 'I am God.'"

"This Corinthian preacher told his hearers in forcible language how he himself had found most unsatisfying to the spirit, and how he had found in Jesus Christ and His teachings, finding in them complete satisfaction. I ask you where you could find a more complete acceptance of the idea of a Christ as God than in the sermon of this early day which has been so preserved to us. When men make heroes for themselves, their handiwork has the marks of the mortal hand, and it will sooner or later crumble to dust."

KINDERGARTEN ELECTION.

At the university Saturday, Kindergarten teachers and workers from over the state met to honor Froebel, the founder of the kindergarten. The afternoon was spent in a unique manner, the teachers and older students assuming the appearance of a kindergarten class room. Souvenirs of the occasion were the made. At the conclusion of the gathering, the following officers of the kindergarten association were elected for the year: Miss Mary D. Fox, president; Mrs. Garnett Smith, first vice president; Miss Mina Taylor, secretary; and Miss Helen Davis, treasurer.

Heavy, impure blood makes a muddy, plainly complexioned, headachy, nervous, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Purifiers makes the blood rich, red, pure, restores perfect health.

GREEK EASTER OBSERVED.

Greeks from this and nearby cities celebrated Easter on Sunday, following a session at the Greek church from 11 a. m. to 1 p. m. Sunday. Today the Greek stores in West Second street and vicinity are gaily decorated with Greek and American colors and the people are continuing a general feast. The services at the Greek church were impressively unique, each of the worshippers bringing a lighted candle, and the congregation standing or kneeling without benches or chairs.

BARTENDER USES REVOLVER.

Nick Ruga, who runs the Brunswick bar in West Temple street, took a shot at J. Heine, a soldier Saturday night. The shot went wild and Ruga was not hurt. Heine, however, was seriously injured. The trouble between the two occurred when Heine demanded a loan from Ruga. The latter refused to do so. Ruga a blow on the head and then ran. Officer Burton arrested the saloon man and took him to police headquarters. Ruga deposited \$50 bail and was released.

OFFERS A CORRECTION.

Quincy Hansen of Syracuse Makes Statement Regarding Death.

The "News" gladly reproduces a letter received from Quincy Hansen, correcting an impression circulated in published accounts of the death of Newell of Syracuse. The letter says as follows:

Syracuse, Davis Co., April 25.—It is our desire to correct wrong impressions which have been circulated through the public press in regard to the sad death of Newell Schenfeld, Quincy Hansen, a lad of 16 years, a companion of Newell, and the only eye witness to the affair, makes the following statement: "Newell and I had started for a deer hunt, and Newell being in a happy, jovial mood, we had gone but a short distance when Newell fired his pistol in the air. It frightened me and I choked him for hanging the gun. Newell said, 'That is the last shell I have.' He then put the gun in his pocket. We were waiting for Gilbert Barton to finish his milking, that he might go to meeting with us. Newell remarked several times that he wished Gilbert would hurry or they would be late. While I had my back to him, he pulled the pistol out of his pocket and said, 'Here goes, Quincy.' The pistol was discharged and as he fired, I knocked the gun out of his hand. Newell knew that I was frightened and he said, 'I believe he was trying to frighten me, not knowing the gun to be loaded. I have never heard him say he intended to kill himself or that he intended to leave home.'"

TO RETIRE TEACHERS

First Steps To Be Taken at Meeting To Be Held Next Thursday In Library.

Sup't. D. H. Christensen of the Salt Lake City schools has issued an official call for a meeting of all the teachers of the city to be held in the auditorium of the public library Thursday afternoon, for the purpose of taking steps to the organization of the Teachers' Retirement association. The first legislative passed a bill providing for such an association, and designating a method of raising funds for the maintenance of the same. At the meeting Thursday the teachers will appoint officers, and their number will be three members, the association will consist of the superintendent, the clerk of the board of education and two members to be chosen by the board. The three members chosen by the teachers themselves will hold office for one, two and three years respectively.

TEACHERS' PAY COST.

The law provides that funds shall be raised for the association by a 1 per cent deduction from the salaries of the teachers. This deduction will be made from the salaries of all teachers who now come in voluntarily and from all new teachers who may be employed, in which latter case it will not be a voluntary contribution. The fund which will result in Salt Lake county alone from this source will be in the neighborhood of \$2,000 per annum. Other means of providing revenue are indicated in the law, such as the sale of retired teachers' pay, according to the provisions of the act, receive one-half the amount of their salaries during the year preceding their retirement, and retirement may be had after 30 years' service as a teacher, regardless of the age of the pedagogues. A large attendance of teachers is looked for at Thursday's meeting, as most of the teachers of the city have expressed their approval of the scheme. The members of the retirement commission, God than in the matter of remuneration, and thus the expense of maintaining the board will be practically nothing.

CARELESS WITH FIREARMS.

Another case of reckless shooting has been reported to the police. S. Johnson, living in Superior addition, says about 6 o'clock last evening his infant daughter narrowly escaped being shot through the head as she lay sleeping. The bullet passed within two inches of her head and buried itself in the wall.

MAY OVERRIDE MAYOR

Council Forecast for Tonight Includes Breezy Program of Events Involving Many Questions.

Upon the action of the city council tonight in the matter of the Kennedy bill for pumping out the water accumulated in the intercepting sewer will depend whether or not the city will be up against a lawsuit. Contractor Kennedy presented a bill for pumping out water out of the sewer for \$10,000, which the finance committee of the council allowed, less a few dollars, and which was approved by the council as a body. The matter was turned down by Mayor Bransford, however, on the ground that the pumping came under the general contract and the city could not be held liable for the extra amount. The matter will be up for consideration tonight, and the appropriation may be allowed over the veto of the mayor.
