

TO PUT A STOP TO BOMBARDMENT.

American Naval Officers Have Been Instructed to That End Regarding San Domingo.

REPLY TO COLOMBIA'S PROTEST

It is Formal Acknowledgment Saying It Had Been Received but Nothing More.

Washington, Nov. 11.—Capt. Briggs, commanding the cruiser Baltimore, cabled the navy department today from Puerto Plata that the Baltimore left there this morning for Macoris and San Domingo City. It is said at the state department that the instructions of the American naval officers are of a character to prevent any further bombardment by the government or insurgent forces of any San Dominican port where American interests are involved without notice required by international law.

The reply of the state department to the protest of Dr. Herran, the Colombian charge, was forwarded to him today. It was merely a formal acknowledgment that the protest had been received. The state department has been informed that the (w) British steamships which were detained at the port of Buena Ventura by the Colombian government with the intention of using them to transport troops to the isthmus have been released and have left that port.

The department has decided to request the authorities at Panama to receive Gen. Heyes, who is going to the isthmus on a peace mission from Bogota. It is estimated that he cannot reach his destination within two weeks.

ARRESTED FOR MURDER.

Chas. Thelf and Son Charged with Killing Wm. Smale.

Burlingame, Kan., Nov. 11.—Edward Thelf and his father, Charles Thelf, have been arrested by Sheriff Frye of Wabunso county, on the charge of murdering William Smale, the farmer who was shot at his home northwest of here on Monday night.

The murder has called to mind that at least two other members of the Smale family have died under suspicious circumstances, and the officers profess to believe that a thorough investigation will disclose a plot against the members of the family. It is probable that the body of a young daughter who died last summer may be exhumed and the stomach analyzed for traces of poison. The child's death was attributed to hydrophobia, but at the time there was a strong suspicion that she had been poisoned. Several years ago the eldest son died suddenly while the father was absent from home.

Harveysville, Kan., Nov. 11.—The coroner's jury held another inquest today on the assassination of William Smale, the farmer, who was shot by the widow, Mary Smale, and Charles Overman, a farmer, he arrested as accessories to the crime. The brother and father of the woman are already under arrest charged with the murder. It is the contention of the officers that Smale was killed in accordance with a plot arranged in by all the members of his family.

Lost in Mountains and Found.

Missoula, Mont., Nov. 11.—A special to the Missoulian from Hamilton, Mont., says that Llewellyn Roberts, who was lost in the mountains in the Owl Creek country, has been rescued by the Cross camp outfit. Roberts wandered in the mountains for four days and nights without food. The searchers found him famished and exhausted at 9 o'clock Sunday night. He will recover from his terrible experiences.

Negro Shoots a Colored Woman

Wallace, Idaho, Nov. 11.—Because she refused to marry him, J. E. Clayborne, colored, shot and seriously wounded Cora Curtis, also colored, tonight at the Wallace hospital. He fired at her four times, but she was struck but once. The wound is in the back of the head and her recovery is doubtful. She was taken to the hospital and he was a porter.

May Appeal Anti-Boycott Case.

Bridgeport, Conn., Nov. 11.—A decision adverse to the defendants in the famous anti-boycott suit brought by D. E. Lowe & Co., hatmakers of Danbury, against certain labor unions, was given today by Judge Thayer on the demurrer of the plaintiff in the main suit to a plea in abatement made by the defendants and argued last Friday. The demurrer being sustained, the plea in abatement is dismissed. An appeal, however, is possible, and the question may be raised as to the rights of Congress to give federal jurisdiction over controversies between citizens of the United States. The action before Judge Thayer arose over the plea in abatement.

A CASE OF IT.

Many More Like It In Salt Lake City.

The following case is but one of many similar occurring daily in Salt Lake City. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence.

E. Madsen, plumber employed at the Salt Lake Hardware Co., residence 864 West Fourth St., South, says: "Twenty-one years ago I was run over by a team and since then my back has been weak and my kidneys caused me no end of annoyance. In the following of my occupation fitting furnaces, heaters, etc., I have to stoop a great deal and most of the work necessitates strain on the muscles of the back. This of course aggravates the cause and when in the acute stage I frequently suffer. Knowing from the irregular action of the kidney secretions that the kidneys were responsible for the annoyances led me to try remedies when the attacks were very pronounced. None of them ever brought such lasting relief as Doan's Kidney Pills, procured at the F. J. Hill Drug Co.'s store. Satisfied that one box did its work thoroughly and well I purchased a second, and when I had completed it the last attack stopped."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

ment of the defendants—members of the United Hatters of North America, and the Federation of Labor—on the ground that two actions on identical grounds could not be maintained in both state and federal courts at the same time, for the reason that they were oppressive and an abuse of process and that the intention is to harass the defendant. To this the plaintiffs filed a demurrer, and his is sustained.

COULDN'T MANAGE WOMEN.

Police Report on the Crowd and Crush at Wedding.

New York, Nov. 11.—At Commissioner Greeley's request Police Inspector McLaughlin today made a report on the disorder at the Roxbury-Groet wedding yesterday, when the crowd surrounding the church, mainly women, made it very difficult for the bride and groom to enter the church. The inspector says that the police were not severe enough on account of the great number of well dressed women. This, he said, prevented the police from dispersing the crowd as if it had been composed of men. He found that 75 policemen could not manage the crowd, and they were forced to send for more.

RUSSIA IS FRIENDLY.

Count Cassini Says His Country Is Well Disposed to America.

New York, Nov. 11.—Before departing for Washington, Count Cassini, the Russian ambassador, in an interview, spoke of the pleasure he felt in being continued in his post at Washington. He said that the feeling of Russia toward the United States and the position of Russia in the Macedonian situation, asking to be excused, however, from commenting on the far eastern situation on the ground of his recent arrival and lack of late information on the subject. In regard to the Tien Tsin dispatch to the London Daily Mail, published today, the Russian ambassador said that Russia is evacuating Korea, he took occasion to say that Russia had no troops in Korea itself, having only small adjacent stations at Masan-pho and Chemulpo.

The feeling of Russia toward America, he said, one of the utmost friendship, though the feelings of the Russians had been somewhat wounded by the American attitude in the Kishinev incident and the American petition, the effect of which he compared with a Russian petition on the race problem in America. He spoke of the present Panama situation as interesting and important but could give no information about Russia's attitude.

WOOD'S MILITARY CAREER.

Teller Introduces a Resolution Asking for Information.

Washington, Nov. 11.—Senator Teller gave notice in the executive session of the senate today that, before action is taken on the nomination of Brig.-Gen. Wood to become major-general, he desires to make certain inquiries relating to the new nominee's military record. The nomination, with a number of other army appointments, was referred to the senate committee on military affairs. It has been stated that the promotion of Gen. Wood will be opposed, and if protest is now to be made opportunity is to be given for an investigation by the committee. The senate was in executive session half an hour.

Insane Woman Kills Her Husband

Dover, Del., Nov. 11.—Mrs. Edith Jackson Hollis, a member of an influential Camden (Del.) family, murdered her husband, Delavan T. Hollis, by shooting him early today while he was asleep in a chair. Last night the husband had consented to his wife being sent to an asylum for the insane. She was committed to jail until a jury passes upon her sanity.

NO DISTURBANCE IN BIRMINGHAM.

Trouble Expected at Meeting of Chamberlain's Opponents Did Not Materialize.

SOME WINDOWS SMASHED.

Crowd Around the Town Hall Was At Least Forty Thousand—Proposed Tariff Denounced.

Birmingham, England, Nov. 11.—There was no fulfillment of the serious trouble expected at the meeting addressed here tonight by Lord Hugh Cecil and Winston Churchill, M. P., in opposition to the fiscal program of Joseph Chamberlain. It is estimated that the crowds surrounding the town hall during the progress of the meeting numbered 40,000 persons. A few stones were thrown and some windows broken, but it is believed that the prevention of more serious disorders was due to the earnest appeal of the supporters of Mr. Chamberlain, supplemented by the advice of the local newspapers to give the "free traders" a fair hearing, as well as to the excellent police arrangements. The meeting was attended by 5,000 persons. Mrs. George Cornwallis-West, former Lady Randolph Churchill, and mother of Winston Churchill, was in the audience.

Mr. Churchill devoted his speech to denunciation of Mr. Chamberlain's propaganda and urged the continuation of the free trade policy of Great Britain which, he said, had done more to maintain the peace of the world than had been done by all the prime ministers and colonial secretaries during the past half century. Every mention by Mr. Churchill of Joseph Chamberlain's name was greeted with cheers and counter-cheers. His statement that Great Britain was prosperous and her trade good was received with both hisses and cheers. "Canadian and Australian loyalty," said Mr. Churchill, "had already been proved on veldt and kopje. It could not be bought at two shillings per quarter."

A resolution denouncing the proposed protective tariff and admitting the right of the government to impose retaliatory duties in special cases was carried by a large majority. At the close of the meeting the great crowd outside the town hall dispersed good-naturedly, singing national songs and cheering for Joseph Chamberlain.

Miners Chase Chinamen.

Tuolumne, Cal., Nov. 11.—About 200 miners from Summerville and Soudbyville ran the Chinese miners out of Soudbyville and the Black Oak mine today. There was no violence.

Taotai Yuan to Be Recalled.

Tien Tsin, Nov. 11.—Russia's demand for the recall of the taotai yuan, who is a Manchurian from the Korean border, has been granted under pressure by the Chinese government. There is credible information that the Chinese are moving considerable troops into Manchuria.

Rejane and Bernhardt to Play.

Paris, Nov. 11.—Mme. Rejane in an interview tonight declared that she had not yet given consideration to any plans beyond an irrevocable decision to leave the vaudeville theater when her engagement there expires in January. Mme. Rejane said: "Mme. Bernhardt and myself have long desired to play together, but nothing has as yet been decided, and nothing can be decided until I recover my full liberty. I am suing my husband and manager, M. Porel, for \$56,000 which he owes me, though he advances a counter claim for \$200,000 balance. When I recover the money due me I may perhaps buy a theater."

Dismissal for Lieut. Bilzen.

Berlin, Nov. 11.—The military court at Metz today concluded the trial of Lieut. Bilzen, author of the book entitled "A Little Garrison," and sentenced the lieutenant to six months in prison and to dismissal from the army. One month, the time the officer has already served in prison, was allowed to be deducted from the sentence. The novel was ordered to be destroyed. The decision of the court was based on the fact that in his novel Lieut. Bilzen insulted his superior officer and drew a picture of events happening in France, Alsace-Lorraine, by which persons living in that place were compromised. The court further says that the lieutenant disobeyed an order of Emperor William forbidding any officer to publish a pamphlet without the permission of his military superiors.

In the defendant's favor it was urged that "A Little Garrison" is a book and not a pamphlet, that it contained much truth concerning the narrow conditions existing in small garrisons.

ditions existing in small garrisons and the frequent injustice of superior officers to their inferiors, and that it reflects on dueling.

A few officers of the regiment to which Lieut. Bilzen belonged have agreed among themselves to challenge him to duels.

The Tegelitz says that Capt. Bandoel, who testified in Bilzen's favor, has been suspended. Lieut. Bilzen will endeavor to have the case reopened.

A FOSSILIZED EGG.

University of California Contemplates Acquiring It.

University of California, Cal., Nov. 12.—A fossilized egg, preserved in a hard shale, is the rare curiosity which the university of California geological department is now endeavoring to acquire. The hope of ultimately acquiring the interesting specimen has only one other rival known on the Pacific coast, and this is now in the museum of the California Academy of Science in San Francisco. The new fossil egg is said to have come from Arizona.

There can be no mistake about the nature of the curiosity, an expert examination has revealed that the delicate shell has been perfectly preserved even to the fine lines of the outside. The specimen is about the size of an ordinary hen's egg, but a little longer.

Petitions Against Senator Smoot.

Washington, Nov. 11.—Several hundred petitions protesting against Reed Smoot retaining his seat as junior senator from Utah were filed in the senate today. Most of these were offered by Senator Burrows, chairman of the elections committee, though nearly every state registered objections through petitions filed by their senators. Churches, religious organizations of all kinds, universities, colleges and other educational institutions are among the organizations which have filed protests. Some of these petitions charge that Senator Smoot has practiced polygamy, while others rest their objections on the charge that he is a member of an organization which countenances the practice of plural marriage. Senator Burrows said today no action will be taken by the election committee until the one vacancy on the committee had been filled and that it is not likely the charges will be considered before the first week of the regular session.

Crocker Elected a Life Member.

New York, Nov. 11.—Richard Crocker was unanimously elected a life member of the Democratic club tonight. This honor is shared only by former President Grover Cleveland.

Coming to United States.

Berlin, Nov. 11.—Richard Strauss, the composer, has received permission from the directors of the royal opera to go to the United States next month.

Prof. Virchow's Library.

Berlin, Nov. 11.—The library of the late Professor Virchow, consisting of rare volumes, has been presented by the professor's widow to the Berlin Medical society.

Canada May Become Independent

London, Nov. 11.—The London chamber of commerce tonight debated Joseph Chamberlain's fiscal program to any Prof. W. J. Ashley, dean of the faculty of commerce of the University of Birmingham, who opened the debate, declared that Mr. Chamberlain's policy is adopted, Canada is certain to either become independent or be annexed to the United States. American emigration to the northwestern territory, he declared, was accelerating this tendency, and the drift of Australia toward separation from the mother country was equally clear.

The debate brought out strongly the divergence of the views held by the members of the chamber. No resolution was adopted.

FIVE PEOPLE KILLED.

Gravel Train Crashes into a Motor Passenger Car.

Erie, Pa., Nov. 11.—Five persons were instantly killed and two fatally injured tonight on the Erie Traction company line which runs between here and Cambridge Springs.

THE DEAD.

Mrs. Bartlett, Edenboro.
Mrs. Sherwood, Cambridge Springs.
Mr. and Mrs. Amidon, McLean.
Another woman, name not known.

FATALLY INJURED.

Motorman Anderson.
C. H. Davis, traveling salesman, Goshen, Ind.
The accident occurred 11 miles from this city on one mile south of Jackson, and was caused by the brakes on a car of gravel becoming loose and allowing it to run out from a side track on which it had been placed to the main track, where there was a heavy down grade. While running at a high rate of speed it met and almost cranked through the passenger car, which left Erie shortly after 6 o'clock and which, as usual, was filled with people who had been in the city shopping and attending criminal court.

PANAMA CASE.

Cullom Wants Correspondence Submitted to the Senate.

Washington, Nov. 11.—Senator Cullom, chairman of the committee on foreign relations, today presented the following concurrent report:

"That the president be requested to communicate to the senate, if not in his judgment incompatible with the public interests, all correspondence and official documents relating to the recent revolution on the isthmus of Panama."

The resolution was referred to the committee on foreign relations.

Case Against H. H. Price Dismissed

Phoenix, Ariz., Nov. 12.—The case of Hugh H. Price, on trial for alleged bribery in the United States court, has been dismissed upon instructions of the court to the jury to acquit because the testimony presented was not consistent with the indictment. The case will be referred to the next grand jury.

The difference between the indictment and evidence was that the latter did not show that money had been paid previous to the performance of work, but subsequently, if paid at all. The defendant was a surveyor general of Arizona and was removed from office not long ago and accused of having charged applicants for mining patents fees in excess of those provided for by law. It was an old custom of the office prior to and including Price's administration, to charge extra fees to those who de-

sired early action on claims, the office being behind in clerical work at the time being that in order to hasten matters it was necessary to hire clerks to work out of office hours. Chief Clerk Murphy, who has been in the office for years was indicted jointly but a severance of the case was granted. Four other indictments are pending against both Price and Murphy.

NO RELIEF FOR MOLINEUX.

He Cannot Get His Photograph From Prison Superintendent.

Albany, N. Y., Nov. 11.—Roland B. Molineux cannot compel the return to him of the photographs and Bertillon records constituting the personal record of his murder case in the office of the superintendent of the state prison department. The appellate court today affirmed the order of Justice Howard, denying Molineux's application for a peremptory mandamus.

Distinguished Man from Ceylon.

San Francisco, Nov. 12.—John Ferguson, the oldest working journalist in Asia, editor of the Colombo Observer, the leading daily of Ceylon, where he has resided for the last 42 years, is here as special commissioner to the world's fair, where Ceylon will make an interesting display. In an interview on the commercial development of Ceylon Mr. Ferguson said that the exports of tea last year, amounted to 150,000,000 pounds, worth between twenty and twenty-five million dollars. The old time coffee industry is now practically dead, the exports having dropped from \$25,000,000 worth a year to less than \$50,000 worth. Last year Ceylon exported 16,000,000 pounds of desiccated cocoanut and thirteen million coconuts, the exports of this palm product amounting to about \$7,000,000 per year.

JAPAN TEA

The first pickings of the young leaf, small and tender, cleanly fired, without color or manipulation, or any surplus handling to injure it.

It is not to be compared with Spider Leg, which has been subjected to the repulsive hand-rolling process, and which is made from second picking, the flavor of which is spoiled in producing style.

The fine flavor of a tea is grown into it, not put in by handling. In this tea it is preserved, not spoiled. Judging tea by cup quality there is no excuse for the existence on a grocer's shelves of any other Japan tea.
