

# STATE TOURNEY ARRANGED FOR Games Committee of Utah A. A. A. Holds an Important Meeting.

## FOR CHAMPIONSHIP TESTS. Basketball Contests to Take Place March 5 and 6—University of Utah Schedule.

The state basketball tournament will take place on March 5 and 6. This was decided upon last evening at a meeting of the games committee of the Utah A. A. Preliminary arrangements have been made and all the details will be worked out in a day or two. The contests will take place in this city and there is plenty of time for the various teams which will compete for the championship to get into proper trim.

The following letter of invitation and explaining rules and regulations was drawn up at the meeting and a copy of the same has been sent to all the leading teams.

"The Utah Amateur Athletic association will conduct this city on Friday and Saturday, March 5 and 6, a state basketball tournament, open to any amateur basketball team in the state.

"The tournament will be conducted under the following rules:

"All entries must be mailed to Elwood S. Brown of the Salt Lake City Y. M. C. A., and be in his hands by Tuesday, March 3.

"Entry must be accompanied by a fee of \$2.00, covering the expense that out-of-town teams will incur in coming to this tournament, entry fee in such cases will be waived.

"The method of elimination will be announced after all entries are in.

"All games will be played in the Salt Lake Y. M. C. A. gymnasium.

"Gold medals will be awarded to the seven individuals constituting the winning team, and a suitable trophy to the winning organization.

"The winning team will be officially recognized as the state champion basketball team.

"J. M. Blakeslee of Ogden has been selected as the referee for the tournament.

"All net receipts will be turned over to the school committee of the state for the furtherance of the all-western track and field meet.

"You are earnestly requested to enter this tournament and do your share toward making it a success.

"The following are the teams that have entered:

**JUNIORS BEAT SENIORS.**

The first of the university interschool basketball games was played at the Salt Lake City Y. M. C. A. gymnasium yesterday afternoon between the Juniors and Seniors. The former carried off the honors by a score of 20 to 22. The teams were as follows:

**Seniors:** Benning, L. F., Monahan, Wyman, R. G., Woodberry, Wilson, L. F., Walker, R. G., Peterson, C., Snow.

**Juniors:** Benning, L. F., Monahan, Wyman, R. G., Woodberry, Wilson, L. F., Walker, R. G., Peterson, C., Snow.

**TWIRLERS ARE COVERED.**

Many Great Pitchers in Baseball Who Are Not Recognized.

Utah's baseball good players are covered up by the fact that the teams they are with are in a low position and get little attention, says a Chicago paper.

This is particularly true of pitchers. The first place pitcher in 1905 was in 1906. But in 1905 New York won the pennant and all the talk centered about Matthewson. Not a word was said about a man with as common a name as Brown.

But when the three-ingered wonder put his team in first place he became one of the great names of diamond history. This year there may be some new names in the line.

Last year three weak teams had some great pitchers who will be heard from again this year. The Philadelphia Nationals have a bunch already as good as can be found in any one team. Duggles, Richie, Sparks and Lush are stars. Duggles last year performed two of the greatest feats of the season.

McIntyre and Scanlon of Brooklyn are exceptionally strong pitchers. McIntyre pitched the greatest game of the season in 1906 holding Cincinnati ten innings without a hit.

Boston has Young, Pfeiffer and Lindman. Young already has attained some fame. With support such as Brown and Lindman get these men would be recognized as great pitchers.

Should Detroit or St. Louis make a great race this year and come close to a pennant, fans would begin to realize that Pety Glade, Howell, Killian, Donovan and Donahue are the real goods. It is success that counts, and the man who is so unfortunate as to be tied up to a losing team fails to get credit even when he is the hero.

**SCHEDULE IS APPROVED.**

What University Team Will Do in Football Next Season.

The football schedule for the University team next season has been approved by the athletic council which held a meeting yesterday afternoon, and a glance at the same will show that Mudd's men will have a lively time of it. The track schedule for this spring also approved and it is probable that one event will be added to each. The football schedule:

Oct. 2—Ogden High school, at Ogden.

Oct. 9—University of Utah, at Salt Lake.

Oct. 16—University of Colorado, at Boulder.

Oct. 23—University of Idaho, at Salt Lake.

Nov. 6—University of Colorado, at Salt Lake.

Nov. 13—University of Idaho, at Salt Lake.

Nov. 20—University of Colorado, at Boulder.

Nov. 27—University of Idaho, at Salt Lake.

Dec. 4—University of Colorado, at Boulder.

# HUSLER'S FLOUR

There is no special time or place for it—it is a household necessity every day in the year.

Oct. 30—Denver university, at Denver.

Oct. 31—Colorado College, at Colorado Springs.

Oct. 31—Utah Agricultural college, at Logan.

Nov. 14—University of Colorado, at Salt Lake.

Nov. 26—University of Idaho at Salt Lake.

The track schedule for this spring was arranged as follows:

April 15—Agricultural College, at Logan.

May 2—Brigham Young University, at Salt Lake.

May 9—University of Colorado, at Boulder.

May 16—State Intercollegiate meet at Salt Lake.

**CAR REACHES CHICAGO.**

Chicago, Feb. 25.—The first of the racing automobiles reached this city today at 4:25 p. m. The leading car was the army machine, which is bound for Fort Leavenworth. The American car was second, five minutes behind. It is not expected that any others will be in today.

**SIX-DAY WALKING MATCH.**

Kansas City, Feb. 25.—At the end of the twenty-fourth hour of the six-day walking match, W. A. Hoagland of Auburn, N. Y., was six miles ahead of his nearest competitor. The score at midnight: Hoagland, 180 miles; H. O. Messier, 162 miles; L. Pratt Wichita, 151 miles; J. A. Simpson Kansas City, 143 miles; J. A. McKim Kansas City, 135 miles; L. Pratt Wichita, 127 miles; R. N. Mitchell, Kansas City, 119 miles; George Stokes, Chicago, 111 miles.

**WEBB WINS AGAIN.**

Waguanu, New Zealand, Feb. 25.—Webb, the world's sculling champion, today retained his title by defeating R. T. Hiesler in a contest on the Waguanu river. Webb finished two and one-half lengths ahead of his competitor.

**VANDERBILT RACE**

Will in All Probability Be Held Outside of New York.

New York, Feb. 25.—As a result of important propositions from western and southern automobile organizations submitted yesterday to the meeting of the American Automobile association racing board here, it was stated last night that the 1908 Vanderbilt cup race, in all probability, will be held outside New York territory. However, the promoters of the Long Island motor parkway have not entirely abandoned hope that the new speeding course may be the scene of the big automobile event, as it was learned that the automobile racing board deemed of great importance, as bearing upon the success as well as the safety of the big speed competition, Savannah's proposition to have the race held on the Long Island motor parkway.

The state authorities to guard the course during the contest, this being a matter of great importance, as bearing upon the success as well as the safety of the big speed competition, Savannah's proposition to have the race held on the Long Island motor parkway.

# THE HIGHEST COLLARS IN THE WORLD

The collars worn by the ladies of Padang, shown in the cut, are believed to be the tallest affected by human beings. These women begin to put on metal collars when they are young, one every year until they are married. Then the accumulation is permitted to remain during life.

as marking the beginning of a campaign upon the part of the railroads when such controversies arise to seek adjustment in that manner, rather than to negotiate with their employees.

The proposition of the management of the Southern railway to reduce the wage scale was based, it is stated, upon the ground that the existing business conditions and the falling off in revenue made it imperative necessary. With that object in view, conferences have been held with the employees' representatives of the Southern railway and representatives of the employees affected, which involved the locomotive engineers and firemen and machinists and other shopmen. It was proposed to restore the wage scale which was in effect a year ago.

**JUDGE FINES THE JURY.**

They Decided Upon a Verdict by Flipping a Coin Into the Air.

New York, Feb. 25.—Justice Day in the New York supreme court set aside the verdict of a jury today and fined 12 jurors \$50 each for deciding the verdict by the flip of a coin.

The case was a suit brought against the New York City Railway company for damages in causing the death of a child. The jury brought in a verdict in favor of the railway company. One juror explaining the jury's action, said the jury was hesitating between the two sides and decided to flip a coin.

The case was a suit brought against the New York City Railway company for damages in causing the death of a child. The jury brought in a verdict in favor of the railway company. One juror explaining the jury's action, said the jury was hesitating between the two sides and decided to flip a coin.

# FRANKLIN

Half comfort is no comfort in motoring

Every road-shock vibrates through a steel-frame half-spring motor-car. That is the nature of steel. That is the mechanics of a half-elliptic spring. You can't get away from it. No matter how much you try to soften the jar with "shock-absorbers" and cushions, it reaches the passengers and prevents full comfort on rough roads. Even on smooth ones the jarring tires you out on a long ride.

The Franklin non-jarring wood-frame—stronger than steel, and suspended on four full elliptic springs hung at just the angle to distribute the jar most effectively—is the only construction that properly absorbs road-shocks and gives you real motoring comfort.

Phone, write or call and let us convince you.

**CONSOLIDATED WAGON & MACHINE CO.**  
138-150 S. State St., Salt Lake City, Utah

# PATENTS

We desire to announce that we have established in connection with our paper, a Patent Bureau, and invite the co-operation of Inventors, Mechanical Engineers, Draughtsmen, Machinists, Superintendents and Foremen of Shops and Mills, Skilled Mechanics in all trades, Farmers and all others, in building up a patent system, that will give honest advice to inventors, protect their interests by good patents and strong contracts; assist inventors in perfecting their inventions, and in selling their patents when obtained; and in all matters to render careful service and give full value for money paid.

We have associated with us at Washington, D. C., an attorney who has been in continuous practice for the past twenty years, and we are in position to guarantee that any patent matters placed in our hands will receive prompt and careful attention, and that the charges will always be moderate.

We also, in addition to securing of patents, obtain Trade-Marks, Copyrights, Labels, Design Patents, and in fact transact business of all character in this line.

All patents secured through our Bureau will be advertised for sale at our expense, and will thus be brought to the attention of the thousands of readers and materially assist the inventors in disposing of their patents.

If you have made an invention, send us a rough sketch and description with \$5, and we will have our attorney make a thorough search of the records of the United States Patent Office, and advise you as to the securing of patent, the cost and the manner of proceeding.

# ASSESSMENT NO. 5.

DENVER MINING COMPANY, Principal place of business Salt Lake City, Utah. Location of mines, Willow Spring Mining District, Utah. Notice is hereby given that at a meeting of the Board of directors of Denver Mining Company, held on the 28th day of January, 1908, assessment No. 5 of \$1.00 per share was levied upon the capital stock of the corporation, issued and outstanding, payable immediately to Hugh Watson, Secretary, at his office, 48 Richards street, Salt Lake City, Utah. Any stock upon which this assessment has not been paid on Saturday, the 26th day of February, 1908, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on the 26th day of March, 1908, at 12 m. at the Secretary's office, to pay the delinquent assessment thereon, together with the costs of advertising and expense of sale.

Dated January 25, 1908.  
HUGH WATSON, Secretary.
