very pleasant sojourn of several weeks. During his absence Mr. Weir has met J. " Beveridge has just examined a number of people promisent in man-ufacturing circles who use large amounts of copper in their business, and among all of them he reports a presented. lisbelief in the decline of prices. The talk of the big surplus is said to be foolish as no one knows anything about TOW it in the East. The slump in Amalga-mated was probably due to the reti-cence on the part of the directors in-ducing some of the smaller holders to

let go their holdings. The demand for copper is growing and as the output is practically at a standstill, eastern men ook for no serious decline "With lead it is different," said Mr. Weir. "The output con creased by the Missouri and Coeur d'-Alene mines, Lead cannot go much higher, because as scon as the price gets to a certain figure Spain begins marketing its product here. On the oth-

er hand, if the feeling should become general that the price of lead is going down, it may greatly increase produc-tion and so cut prices. The smelters are apparently trying to defeat this end. The Coeur d'Alene output has been restricted for some time and a cut is now being made at Leadville to the great injury of mining companies. Some of the heavy sulphides of the smelters have camp carry sinc, and the 1.24; 400 at 1.23½; 200 at 1.23; 200 at 1.23½; 100 at 1.23½. Con. Mercur, 100 at 2.44; 100 at 2.43; 100 at 2.39; 100 at 2.37. cated.

All the Particulars Given Concern-

Dr. J. T. White returned last evening from the Century mine at Park Valley, where he has been camping for Moab Times: M. I. Fowler and Wm. Price, two of the La Sal pioneer pros-pectors, are in Moab this week. Mr. Fowler is the owner of the Tornado group at Miners' basin, which has perated merous parties have undertaken to get control of this property but terms could not be agreed on, though the terms are liberal, calling mainly for ne-third of but it is evstamps will be in operation on the 15th

reight from ercome Willian.

Detective Sheets and Officer Burbidge use a first class services when ls no doubt water

for all purposes. Settling tanks are used and, as the present is the lowest water season of the year, the doctor anticipates no difficulty at any other time

Detective George A. Sheets and Sergeant Burbidge returned from Logan this moring where the former gave testimony in the Majors murder case to the effect that a bullet fired from a -callber revolver would, under all or-

dinary circumstances, go entirely through a man's body. The defense put on witnesses who testilled that a 45-caliber bullet would not go through a man's body. Detective Sheets has en a number of men who were shot. and in several cases the bullet has gone entirely through the body, and in one two instances the revolver was less

than a 45-caliber. A report came here a few days ago that sentiment was running high in Logan in favor of the accused, but Mr. Sheets says that it is proneous, and that sentiment is some

what divided. In speaking of Majors, he said that h In speaking of majors, he can dim minifested an indifferent attitude and did not appear to be worried in the least over the case. He also said that Deputy Sheriff Thompson of Brigham City, who was the object of a murderous attack several months ago, is still suffering from his wounds and is com-relica to go about on crutches. Mr. Sheets says he believes Majors will be
