EXPLOSION OF DYNAMITE CAPS

W. W. Hendricks Meets With Shocking Accident Near Wells, Nevada.

HEARINGS IN POLICE COURT.

Gambler Charges He Was Held Up And Robbed—Working for New Election for School Bonds.

Ogden, May 20.—W. W. Hendricks, a foreman in the employ of the Utah Construction company, was brought to this city early Tuesday morning badly injured from an explosion of a box of dynamite caps that his slighted care had caused.

Hendricks had just completed laying a charge of dynamite about eight miles from Wells, Nevada, and was removing the pitter preparatory to touching off the fuse when in some unexpected manner a dynamite cap was exploded causing the immediate explosion of a box full of the caps which had been left near by. The accident happened about 9 o'clock Monday morning, and immediately after the explosion he was placed on a train and carried to Wells, Nevada, accompanied by his wife and friends. From the latter place he was brought to Ogden and his injuries are being attended at the Ogden General hospital by Drs. Brick and Perkins.

The accident happened at a point on the railroad line of the Western Pacific which is being built by the Utah Construction company. The injured man's father, W. S. Hendricks, who is a member of the federal grand jury now investigating the Utah National Bank robbery, was notified and arrived in the city yesterday.

day afternoon but returned to Salt Lake Tuesday night so that there would be no delay in the jury investigation.

VIENNA CAFE TROUBLE.
For a while yesterday afternoon it looked as though the Vienna Cafe in this city would be forced to close its doors on account of the lack of help. Nine employees of the cafe whose wages aggregated \$216 got out attachment papers against E. J. Hudson, proprietor of the house and were on the point of placing the house in the charge of the sheriff, when Mr. Hudson confessed judgment and the claims of the nine employees were settled at eighty cents on the dollar. After a settlement of the claims the employees continued on working and the house was not closed.

GAMBLER CHARGES ROBBERY.

A sensational hold-up was reported to the police yesterday afternoon by George McClure, who claims that he was "handed" around a gun in a Twenty-fifth street gambling house by John Doe Powers about 2 o'clock Sunday morning.

The matter was called to the attention of County Atty. N. J. Harris and he drew up a complaint charging Powers with robbery. According to the story told by McClure, the cafe was winning during the evening in the gambling house where Powers works. It was after the closing time and McClure was "handed" around a gun and Powers secured a gun and made him turn back all of his winnings amounting to about \$112.

One of the principals in this drama could be seen but it is stated that the money involved in the case was that of a gambling obligation. Little is known of McClure here while Powers has been a resident of Ogden for many years.

VICTIM OF TUBERCULOSIS.

Anna E. Genley, 31 years of age, wife of F. E. Genley, of the Western Pacific, died yesterday at the home of her cousin, Harry Deuben, 2842 Lincoln avenue after a long illness of tuberculosis. About two months ago the deceased came to Ogden in the hope of being benefited in health. She is survived by her husband and two small children. The body was shipped yesterday afternoon to the Nebraska home by Larkin & Sons.

POLICE COURT NOTES.

In the police court before Judge Murphy yesterday, Frank Maguire and Geo. Williams were arraigned upon the charge of burglary in the third degree and placed under \$500 bonds each pending their preliminary hearing. The defendants are alleged to have entered the house of D. F. Steele at 3375 Washington avenue on the night of May 11. They were captured at Brigham City by Sheriff Joseph while they were engaged in saving one of the bars of the county jail so that some fellow-prisoners could be liberated.

George T. Mosgrove was arraigned before Judge Murphy upon the charge of failing to provide food, clothing and shelter for his 22-months-old daughter, Dora Mosgrove. Pending the preliminary hearing in the case Mosgrove's bail was fixed at \$250 as a cash bond.

William Brown who was arrested some time ago upon the charge of forgery was given a preliminary hearing and bound over to await the action of the district court under \$500 bond. Brown is charged with forging the names of E. C. Christiansen and D. A. Murray to checks on the Ogden State bank in sums ranging from \$5 to \$7.50.

Thomas Christy who was charged with assaulting a 7-year-old boy was discharged for the lack of evidence. It was shown that Christy did not strike the boy but only gave him a little shaking because the boy was throwing rocks and a hammer at Christy and then the mother of the boy swore to a complaint charging Christy with assault.

NEW ELECTION FOR SCHOOL BONDS.

This evening at the Weber club at 8 o'clock a meeting of great importance will be held by members of the Civic Improvement league who are further considering the advisability of again submitting to the taxpayers of Ogden the question of bonding for a new high school building.

WEDDING PERMITS.

Marriage licenses were issued yesterday afternoon at the county clerk's office to the following:
John R. Taggart of Cowley, Wyo., and Zina R. Larson of Ogden.
R. K. Glaser of Detroit, Mich., and Miss C. K. Sutton of Reno, Nev.

At best, housecleaning is a season of unrest. But its miseries can be greatly minimized by the wise use of Ivory Soap—to give new beauty to furniture; to make rugs and curtains look as they did the day they were bought; to brighten silver and brass-work; to make blankets as soft and fluffy as when new.

over, through the judge and counsel, that the case would not be brought to a trial this term of court.

Prof. E. M. Patterson, who for the past three years has had charge of the Western academy in this city, has severed his connection with the school, after June 1, to go to a larger school in North Dakota. His successor will be W. W. McKirahan of Ohio, who has been connected with the Collegiate Institute of Salt Lake for the past three years.

The city council has already taken steps for the celebration of Decoration day by appointing committees of arrangements.

UNIVERSITY EXTENSION.

Prof. Levi E. Young of the U. of U. is here again in behalf of the extension work being done here. He gave lectures on "Culture of Middle Ages," "Renaissance," "The History of the 'Pride Comedy of Dante.'" The enthusiasm is not waning but increasing, and plans are being laid for the taking of a college course in American history.

PAROWAN.

DEATH OF HARRIET CLARK.
Frost Kills Fruit—Government Tele. phone Line—Sheep Shearing Over.

Special Correspondence.
Parowan, Iron Co., May 16.—Mrs. Harriet Clark died on the 16th inst. at her home in Parowan after a long illness, the immediate cause of death being heart disease. Mrs. Clark was one of the early settlers here and has spent the greater portion of her life in Parowan. She was 47 years of age. The funeral was held on the 17th at the Parowan Stake of Mesa City, Ariz., who was summoned to the bedside of his sister, and was with her when she passed away. Mrs. Clark was well and favorably known in this locality; she leaves three grown daughters to cherish her memory.

The recent frosts have killed most if not all of the fruit here and other crops are very backward on account of the cold weather.

Sheep shearing is about over for the season. Few only have had their wool shorn. The latest offer is 8 cents advance on whatever the market will bring. Some are talking of shearing their clip until better prices can be had.

The government telephone line, which is to connect this place with Paigutich will soon be completed. A force of the forest service men, and others, are at work setting poles and stretching wire. This line when completed will be of great service, as it will give direct communication with the office of the forest supervisor, whose headquarters are at Paigutich.

PARK CITY.

THRILLING RUNAWAY.

Runaway Engine Crashed Down Grade Upon Mixed Train—No Casualties.

Special Correspondence.
Park City, Utah, May 18.—The mixed train from Echo yesterday figured in an exciting race with a runaway engine on the branch line of the Union Pacific between Park City and Echo. Luckily the runaway engine was stopped before a collision resulted. One old woman, Mrs. Corbin, in the coach, did not get off and was bruised and shaken up badly. Had she jumped she would have been more seriously hurt, however, for by the time she could have found out what was the matter, the train was flashing along a high embankment. Coal cars were being "dropped" into a switch running along a dumping bin at the Zinc plant yesterday. All went well until one car kept going. Tugging at the brakes did no good. The engine shot past the dumping bin and in a moment was back on the main line and gaining speed with every rod. The runaway car turned the bend below the zinc plant and with two miles of straight track and a downhill grade, howled along at a most terrifying gait. Eight miles below this camp the duty train was coming up the hill towards town. When the train crew saw the runaway car coming towards them in the distance all guessed in an instant that it was a runaway car. Brakes were released and the train began its race to keep away from the coal car. The train had a big start but the coal car slowly but surely closed in upon it.

The race continued for two miles and just as the collision occurred the train was jumped. Because both racers were going in the same direction, the accident was not damaging to engine or cars. The old woman in the coach was bumped from her seat and in this way, shaken and frightened. When the train finally reached this camp it had the firehouse car subdued. Each member of the crew felt he had gone through a most fortunate accident. However, had the car been not further down the line the race would have been run and treacherous grades abound and considerable loss of life would have certainly resulted.

CEDAR FORT.

INJURED BY VICIOUS HORSE.

John S. Hacking in Critical Condition—Rains Benefit Dry Farmers.

Cedar Fort, Utah Co., May 16.—John S. Hacking, an early and well respected pioneer of Cedar valley, was seriously injured Sunday afternoon while attempting to catch a horse. The animal knocked him down, jumped on his chest breaking three ribs on his left side over the heart. It was his right side, crushing his breast bone and loosening the ribs from it. He is in a very critical condition and owing to his age, 72 years 8 months, it will be considered a miracle if he survives.

The dry farmers are rejoicing over the late storm and are anxiously awaiting another. It was the salvation of their crops and they now feel quite encouraged for the grain has sprung up like magic.
