E. H. CARR VICTIM OF BRUTAL ASSAULT

In Second of Cowardly Attacks He Has a Rib Broken.

POLITICS IN WEBER COUNTY

"American" Party Finally Launched—Fireworks Display Postponed—Girls' Athletic Association.

Ogden, Oct. 17.—E. H. Carr, the Southern Pacific machinist who was knocked unconscious by a stone thrown in the darkness on Twenty-fourth street Wednesday night, was again the victim of another dastardly assault last night. Carr was struck with a huge rock weighing five pounds and he sustained a broken rib. Last night's assault occurred while the victim was sitting on the porch at the house at which he rooms on Twenty-third street. Mrs. Edward Dowling, the divorced wife of one of three men whom Carr accused of the first assault, conducts the roominghouse. Apparently the bitter feeling against Carr which exists here has grown out of the alleged relations existing between him and Mrs. Dowling. Dowling himself has complained on several different occasions to the police. Only a half hour before the assault last night, he was at the station denying the statement that he had any connection with the attack made on Carr last Wednesday evening. The police are conducting the usual investigation but it is unlikely that they will locate the culprit.

WEBER POLITICS.
"American" Party Finally Organized—Democratic Rally at Warren.

Ogden, Oct. 17.—At Warren last evening a Democratic rally was held, which was largely attended. The speakers were S. S. Smith, C. P. Grout, J. L. Herrick, J. B. Trimble and E. T. Spencer. The Warren band furnished music for the occasion.

"AMERICAN" PARTY.
Ogden, Oct. 17.—The much heralded advent of the "American" party in Ogden came to pass Thursday night with a meeting in the court room, which was attended by a small party of discontented politicians from the Democratic and Republican parties, headed by Frank J. Cannon and W. A. Littlefield, nominee for senator of state on the "American" ticket. Addresses were made by ex-Senator Cannon, C. A. Smurthwaite and a number of others. A platform was adopted, a county ticket named and plans for the campaign were outlined. The attempt to create great enthusiasm in the meeting was fruitless. The party will probably pull less than 500 votes in the entire county.

FIREWORKS POSTPONED.
The fireworks display scheduled for the fair grounds this evening have been postponed until Tuesday evening on account of the inclement weather.

MISSIONARIES RETURN.
Twenty-seven missionaries of the Latter-day Saints Church arrived in Ogden from the east yesterday and continued on to Salt Lake City.

HEAVY RAINFALL.
The rainfall during the past 24 hours was 1.8 inch, according to the report from the local observer.

STEEL PULLMAN CARS.
The first of the new Pullman steel tourist coaches being built for the Harriman road arrived in Ogden this morning destined for Los Angeles for regular service. The new steel coach is a type of which 200 are being turned out. It is said that experiments have shown this style coach to be a great innovation in car building, saving much loss from damage in railroad wrecks.

GIRLS' ATHLETIC ASSOCIATION.
With Miss Margaret Hamill as president, Miss Marion Biehl as vice president, and Miss Dorothy Bigelow as secretary-treasurer, the girls of the Ogden High school have formed a permanent athletic association and placed basketball teams in the field.

PROVO SCHOOL NOTES.

Many expressions of pleasure and satisfaction have been made regarding the orderly way in which the Timpanogos school marched up Academy avenue to the Provo high school on June 23, pleaded guilty to burglary in the second degree today, and will be sentenced on Oct. 20. MONROE.

Ernest S. Lee Succumbs to Attack of Appendicitis.

Special Correspondence.
Monroe, Sevier Co., Oct. 14.—Today a large and sympathetic congregation gathered at the meetinghouse to show respect to the memory of Ernest S. Lee, who died on the 11th inst. of appendicitis after three weeks suffering. Mr. Lee was about 30 years old, and leaves a wife and four children, also father, mother and brother to mourn his early departure.

The speakers at the service were Elders Robert Ritchie, Willis Woodward, and Bishop Jensen of Elsinore, they all treated upon the excellent character and faith of the departed. Threshing is almost over in this vicinity and beet hauling is now receiving the attention of farmers. The splendid pavilion and theater hall is attracting a better class of dramatic talent and thereby drawing heavily on the Monroe pocket books.

Abraham Redford, Ellen Bralsford and Grandma Taylor Summoned.

Special Correspondence.
Springville, Utah Co., Oct. 14.—The grim reaper death again visits Springville, calling the great boys Abraham Redford, Mrs. Ellen Bralsford and Grandma Sella Taylor. Abraham Redford died Saturday, Oct. 10, of consumption. The funeral services were held Monday, Oct. 12, Bishop O. B. Huntington in charge. The speakers were Elders J. S. Boyer and Alonzo Hadlock, who spoke in the highest terms of the deceased as an honorable citizen and worthy Latter-day Saint. The Robinson brothers' quartet rendered appropriate music. Deceased was born in Walesville, Utah, April 30, 1878, married Helen Deal of Springville, in September, 1902; to them were born two sons. His parents and other relatives who live in Montana, were present at the funeral, as well as others from Salt Lake City and elsewhere.

Mrs. Ellen Bralsford, wife of James Bralsford, died Monday, Oct. 12, and leaves eight children, one a babe

of six weeks. The deceased was born in Spanish Fork April 25, 1872, and was married about 18 years ago, and was a devoted wife and mother. This is the second wife Mr. Bralsford has lost. Mrs. Sella Taylor departed this life Oct. 14, at a ripe age, being born May 16, 1825, at Worcester, England. She was twice married, first to William Rogers, and next to Abraham Taylor. LOA.

FUNERAL OF J. W. COVINGTON.

Impressive Services Over Remains of Unfortunate Sheep Herder.

Special Correspondence.
Wayne Co., Oct. 14.—Impressive ceremonies were held today over the remains of James William Covington, who was accidentally shot by his own hands near Gray's Lake, Idaho, while herding sheep on the range on the 8th inst., as already related in the "News." The body was brought to Loa for interment, and services were held in the assembly hall of the district school building. A large number of the relatives and friends were in attendance. The speakers on the occasion were President Geersen S. Bastian, Bishop Jonathan W. Cameron and Elder Joseph Eckersley. Comforting words were spoken to the bereaved and words of praise in memory of the good life of the deceased.

James William Covington was the son of John T. Covington and Elizabeth Adams, and was born at Orderville, Utah, July 24, 1875. He was baptized into the Church when eight years of age, and has always manifested faith in the gospel. He was an elder in the Church and loved the people of his choice. He was of a happy disposition and greatly respected by his associates. His sudden and untimely death is a great sorrow to his young widow, who with her two little ones, and all the

relatives, have the tenderest sympathy of a host of friends in their great loss. The district schools commenced here yesterday with Mr. Lamb installed as principal. Everything points to a successful school year.

The weather is ideal for this time of the year, but the farmers are lamenting the shortage in their crops.

RICHFIELD.

HAVOC OF BIG STORM.

High Winds Followed by Heavy Snow Destroy Property.

Richfield, Sevier Co., Oct. 16.—This section was visited yesterday and today, by the worst storm in years, and much damage followed in its wake. A high wind prevailed all day yesterday, which was accompanied by rain during the early hours of the night. Towards morning it turned to heavy snow, which accumulated on trees and electric light wires to such an extent that poles were broken off with the weight, shade and orchard trees were also broken.

A big cottonwood tree on West Center street was broken down. The falling limbs struck the electric light wires, carrying four poles down and one of these had three heavy transformers on it. Short circuits were caused and the power was shut off so that the town was in darkness for several hours.

Everything movable was carried away by the high winds. The snow this morning is six inches deep and still falling.

MOAB.

PROHIBITIVE LIQUOR LICENSE.

Town Will Go Dry—Green River Worsted in Ball Game.

Special Correspondence.
Moab, Grand Co., Oct. 11.—The town council at its last regular meeting raised the liquor license to \$2,000 per year, which virtually means a dry town. A petition was the result of a large petition by the people, asking that no license be granted applicants. A big evening dance and supper will be given at the Star Opera House Friday evening in honor of Emer Tangren, who has just returned from the Hawaiian Islands. It was very pleasant and just a little amusing. The visit from Green River, Utah, friends on the north, who came all the way to

takes some of the concert out of the local (very local) baseball team. This game was played on a big loge from start to finish, ending in favor of Moab, the tally standing 6 to 4. It was considered by far the best game it was ever played in this little town.

A BAD MIX-UP IN FRONT OF THE ATLAS BLOCK.

Almost a Riot Settled in a Friendly Way.

"The bank is the only place in which a man can save money," said a prominent man yesterday. "You're away off on that statement, believe me," came back the answer like a flash from his companion. "Let me put you wise to TIE money-saving ench. I've bought an acre lot for \$500 in LAURELHURST, on the city East Bench. I paid down \$100 and am to pay the balance at \$20 per month without interest. Just think of it—one whole acre! It will make six or seven big city lots, and will soon have street car service; you can buy any land adjoining it now for less than \$500 per acre, so it's worth that much now, and this is the only opportunity I've had to buy one 'SINGLE' acre. But look at the near future! The other new subdivisions up there, since platted, have been selling at the rate of \$1500 and up per lot; they are worth every cent of it and are selling fast. Now I am going to take this deed and record it as soon as the lots are distributed among the owners, and then I am going to forget for a couple of years that I own it. If you want to bet, I'll take you this way: I'll wager that acre, if I want to sell it in two years, will bring me more money than if I put \$2000 in the bank now and let it draw interest for two years; and in the meantime I haven't had to worry about it, 'cause it couldn't burn up or get away."

The first gentleman thought for a moment and then started for Chandler & Soules Co. real estate office, suite 404 Atlas block, where he at once bought an acre lot in Laurelhurst for \$475 cash.

A new sanitary drinking fountain, recommended for public places, throws up a jet of water 3 or 4 inches when the faucet is pressed, and the lips are held over the jet to get a drink. Instead of coming in contact with a drinking vessel that may have been infected with disease germs.

CITY COUNCIL SESSION.

Children Must Attend School—Death's Record—Painful Accident.

Murray, Oct. 17.—The city council met as usual on Tuesday evening and transacted routine business.

The Salt Lake Electric company proposed to install the series of incandescent street lighting for \$1,535. The matter was rejected.

The Progress company submitted a bid of \$1,500 for the extending of the street lights, which was accepted.

The prison committee recommended that steam heat be installed in the jail at an approximate cost of \$162. The same was accepted and adopted.

The franchise committee drafted an ordinance granting the Utah Light and Railway company a right of way on state street in the city of Murray. No action was taken on the matter.

The recorder was instructed to notify property owners of private street crossings to pave the same at once or the city will proceed to levy an assessment and construct the same.
