SAVE YOUR HAIR
TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.
SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.
BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.
CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.
LYON'S
KATHAIRON,
Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.
Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.
It actually performs these seeming miracles, of which the following is
A FAIR SPECIMEN
I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.
COL. JOHN L. DORRANCE, U. S. A.
In every important respect the Kathairon is absolutely incomparable. It is unequaled.
1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.
BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.
SOLD EVERYWHERE.

FORTY-FIFTH CONGRESS.

SENATE.

WASHINGTON, 10.—Morrill introduced a bill authorizing the conversion of national gold banks. Referred.

Also a bill amending the Revised Statutes relative to the deposit of bonds by associations. Referred.

The House bill authorizing the issue of certificates of the denomination of $10, in aid of refunding the public debt. Passed with an amendment increasing the interest to 4 per cent.

Withers presented a petition of the Catholic Young Men's National Union, protesting against the discrimination made by the United States government in the appointment of chaplains in the army and navy, by which Catholic soldiers and seamen are deprived of the benefit of their religion, and in the appointment of Indian agents, whereby vast numbers of Indians, who are Catholics, are placed in charge of denominations in which they have no interest or confidence. Referred.

Bayard submitted a resolution requesting the committee on naval affairs to consider the report upon the advisability of making a sufficient appropriation for the completion of the four double-turreted monitors *Puritan*, *Amphitrite*, *Monadnock* and *Terror*, now in process of construction. He sent to the clerk's desk and had read the letter of the contractors at Wilmington, Del., to the effect that the *Amphitrite* had been upon the ways for several years, resulting in loss to them because they were prevented from taking other work on account of that vessel occupying the ways. The resolution was agreed to.

Matthews presented a petition favoring the passage of the bill allowing the use of railroad wires for commercial purposes. Referred.

The army appropriation bill was received from the House and referred to the committee on appropriations.

The bill authorizing railroad companies to construct and maintain telegraph lines for commercial purposes and to secure to government the use of the same for postal, military and other purposes, came up and was laid aside to give parties interested an opportunity to be heard. Matthews gave notice that he would call it up on Friday, next day after the meeting of the committee on railroads.

After passing several bills on the calendar McCreery spoke in favor of the transfer of the Indian bureau to the war department.

At the conclusion of McCreery's speech Paddock called up the resolution of Davis, West Virginia, instructing the committee on agriculture to consider what can or ought to be done by the general government to better advance, encourage and foster agricultural interests. Paddock made a brief speech and the resolution was agreed to.

Garland gave notice that on Saturday next he would move to take up the Texas Pacific Railroad bill.

After executive session the Senate adjourned.

HOUSE.

WASHINGTON, 10.—Motions to suspend the rules and pass the bill repealing the law in regard to the test oath of jurors and also the law for the appointment and payment of supervisors of election and their aids, were rejected—yeas 126, nays 113, not the necessary two-thirds in the affirmative.

A motion to suspend the rules and pass the bill to establish postal banks was defeated—yeas 39, nays 184.

Acklin introduced a bill to restore the franking privilege as to letters sent or received by members of Congress; also to abolish the mileage of members of Congress and to substitute the payment of actual traveling expenses. Referred.

Whitthorne moved to suspend the rules and adopt the resolution setting apart February 20th for the consideration of reports of the naval committee on matters recently investigated by it. Defeated—yeas 123, nays 107—not two-thirds.

The House then went into committee of the whole on the legislative appropriation bill. The bill appropriated $15,154,475, as against the estimate of $16,096,601, and as against the appropriation of last season of $15,351,238.

Atkins, chairman of the committee on appropriations, made a statement in regard to the bill and the order of business. Discussion was interrupted by adjournment.

EASTERN.

Domestic Wool.

NEW YORK, 10.—The woolen manufacturers were encouraged by the last movement in domestic wool, which was the largest witnessed in a good many months. Prices were fairly maintained.

Washington Items.

WASHINGTON, 10.—The conference committee on the navy appropriation bill agreed upon a report this afternoon.

The Potter committee will endeavor to conclude their labors this week, that the majority and minority may have time to prepare and present their reports to the House.

The House committee on the District of Columbia has rejected the provision for the sinking fund for 3 65 district bonds by a vote of 5 to 6.

The bill introduced in the House, to-day, by Representative Foster, to discourage usury and promote legitimate rates of interest, makes it unlawful for banks to allow interests upon deposits of any character. It further provides a tax of 5 per cent. upon the gross amount of deposit in each year, such tax to be remitted on proper affidavit being made that no interest has been allowed on deposits by the bank.

The bill introduced by Senator Booth, to-day, authorizes the collector of customs to fix the pay of San Francisco night inspectors at a rate not exceeding $3 per diem, except for the captain and lieutenant.

The sub-committee charged with the preparation of the annual river and harbor appropriation bill has finally consented to insert an item of $50,000 for the Oakland harbor coupled with the proviso that this amount and also the $80,000 conditionally granted last year shall revert to the Federal treasury on the 30th of next June, unless clear title be vested in the United States to all the property required for the purposes of the project. This will make an amount of about $150,000 prospectively available for a continuation of the work of improvement, but tied up to await the action of the Oakland Water Front Company. The other California items in the bill as prepared by the sub-committee, are $8,000 for the improvement of the Sacramento River, and $12,000 for the Wilmington Harbor. The bill has been substantially adopted by the full committee, and will be reported to the House, to-morrow, and though still subject to alteration in the House, these items are not likely to be increased until the bill reaches the Senate, where the California delegation expect to secure an increase of the amount for the Sacramento River to $20,000, which, being all that the department has recommended, is the maximum amount obtainable.

Horace Davis is again confined to his residence by ulcerated sore throat.

Senator Johnston of Virginia is alarmingly ill. His family has been telegraphed for.

Sam Lee Found Guilty.

CHARLESTON, S.C., 10.—At Sumter, to-day, Sam Lee (colored) republican leader, recently appointed postmaster of this place, was tried and found guilty of official misconduct while judge of probate. Lee could not be found, but was represented by counsel.

Another Defaulter.

BELLEVILLE, Ills., 10.—George W. Sieber, the treasurer of St. Clair County, is a defaulter for about $30,000. Assets, $15,000. His bondsmen will settle the balance.

$43,000 Fire.

TERRA HAUTE, 10.—The building at Triencastle, Ind., formerly used as the Ashbury University, but lately as a preparatory school, and for other purposes, was burned this afternoon. Loss, $28,000; also a museum worth $5,000 and a library valued at $10,000.

FOREIGN.

GREAT BRITAIN.

The Cattle Question.

LONDON, 10.—A special supplement to the *Gazette* has been issued, containing the order of the Privy Council revoking, after March 3d, '79, article thirteen of the foreign animals order, so far as it relates to the United States. Under article thirteen, American cattle have hitherto been landed without slaughter or quarantine. The present order applies to the ports of Great Britain only.

The Strikers.

LIVERPOOL, 10.—The laborers appointed a deputation to learn the views of the Steamship Owners Association but the deputation is prohibited from making any compromise.

Not a single vessel sailed from Liverpool for foreign ports on Monday.

Several hundred sailors have formed a union.

London, 10.—The boiler makers here have struck, the bolt makers, pattern makers and a hundred other trades are to follow.

RUSSIA.

Plague Ravages.

ST. PETERSBURG, 10.—Advices from the interior state that general unhealthiness and predisposition to the plague exists. The government of Saratoff complain of the foul condition of Kamashin. Typhus fever and smallpox are increasing in an alarming manner in the government of Tver. The Siberian plague has appeared in another village.

The cattle plague in the vicinity of Ekaterneslav has spread to 27 neighboring localities. Of 200,000 head attacked, half had perished. The plague had appeared at a village on the Kieff railway. There is great mortality at Orsks from smallpox and another unknown disease. An unknown epidemic has appeared in two villages of Tambor, and the plague at Rostov. A large number of Cossacks who fled from Wetlianki were found frozen to death on the banks of the Volga.

SOUTH AFRICA.

Slaughter of British Troops.

CAPETOWN, *via* St. Vincent, 10.—On the 21st inst., a British column, consisting of a portion of the Twenty-fourth Regiment, a battery of artillery, and 600 native auxiliaries, was utterly annihilated near Tugelia River by 20,000 Zulus, who captured a valuable convoy of 102 wagons, two cannon, 400 shot and shell, 1,000 rifles, 25,000 rounds of ammunition, 60,000 pounds weight of provisions, and the colors of the Twenty-fourth Regiment. It is estimated that 5,000 Zulus were killed and wounded in the battle. Among the killed on the British side are two majors, four captains, twelve lieutenants and the quartermaster of the Twenty-fourth Regiment, two captains of the Royal artillery, a colonel, captain, four lieutenants and a sergeant major of the engineers, besides 21 other British officers commanding native levies. Seven attacks have subsequently been made by Zulus, who were repulsed, and the colony is now somewhat recovering from the utter consternation which at first prevailed. Natal, however, is in great danger, and disturbances are feared in Porgland. Lord Chelmsford, commander of the expediton, has been forced to retire in consequence of the defeat. It is estimated that 500 soldiers were killed, besides the officers enumerated above. Governor Sir Bartle Frere has sent appeals to England and to Mauritius for reinforcements. The mail steamer for England was dispatched a day earlier than usual, with a request for six regiments of infantry and a brigade of cavalry. The men-of-war of the *Active* and *Tenedos* have been ashore. The *Tenedos* was seriously injured and obliged to go into dock at Simon's bay.

The British force was compelled to recross the borders. The force, which was annihilated, was attacked while guarding the camp of headquarters of the column at Insandusana during the absence of Lord Chelmsford with a strong force reconnoitering.

Correspondence.

PAROWAN, Feb. 7, 1879.

Editors Deseret News:

On the 5th inst., Elder Geo. Teasdale, President of the Juab Stake of Zion, delivered a discourse in the meeting-house, on the restoration of the gospel, under the auspicies of the Y. M. M. I. A. of Parowan. The house was crowded with young and old of both sexes. Bro. Teasdale spoke with great freedom and power; his remarks were clear and convincing, altogether his discourse was most interesting, and cannot fail to result in much good.

On the 20th of Jan. last, Prest. Dame, with the assistance of some of the brethren, re-organized the young ladies M. I. A. of Parowan, with Sarah Cedenia Smith as President, and Miss Mary Adams and Mrs. Hulda Mitchell as her counselors. Miss Annie Henderson Secretary. The association, for some cause or other, had been nearly or quite dead for a long time. Since the re-organization the young ladies have had two or three meetings in which the greatest interest was manifested. Being well pleased with their officers and taking such a lively interest in their meetings, there is now every hope that the young ladies of this place will do a great and good work.

Respectfully, &c.,
W. C. MCGREGOR.

A Sad Affair.

TOOELE CITY, Feb. 10, 1879.

Editors Deseret News:

Yesterday morning the peace of our city was somewhat disturbed with the intelligence that Rachel, the wife of Andrew Galloway, had been found dead in her bed, and in reparing to the house of Sister Betsy Gallaher, where the deceased had been living, we found out that the intelligence was too true. The deceased had been subject to fits, for some time back, and was very much affected in other ways, until it was thought unsafe to have her stay alone, and through the kindness of Sister Gallaher she had been taken care of, and in the absence of Sister Gallaher to meeting on Saturday, she, Rachel, had gone to the store and procured a bottle of laudanum (unknown to Sister Gallaher) and had taken an over doze, for in the morning, when Sister Gallaher awoke, she found Sister Rachel dead.

A coroner's inquest was held. Following is the verdict:

TERRITORY OF UTAH, }
Tooele City Precinct, } ss.
Tooele County. }
Feb. 9, 1879.

An inquisition, holden at the house of Mrs. Gallaher, Tooele City Precinct, Tooele County, on the 9th day of February, A.D. 1879, upon the body of Rachel Galloway, there lying dead, by the jurors whose names are subscribed,

The said jurors upon their oaths do say that the said Rachel Galloway, from evidence adduced, came to her death from taking an overdose of laudanum administered by her own hand. In testimony whereof the said jurors have hereunto set their hands the day and year aforesaid.

NEWTON DUNYON,
ROBERT WARBURTON,
THOMAS TANNER, Jr.

I hereby certify that the above verdict is a true verdict.

Coroner, Tooele Co.

SCOVILL'S
Blood AND Liver Syrup
A PEERLESS REMEDY FOR
Scrofula, White Swellings, Cancer Erysipelas, Chronic Sore, Ulcers, Syphilis, Tumors, Carbuncles, Salt Rheum,
And all Diseases indicating an IMPURE CONDITION of the BLOOD
Cutaneous eruptions upon the face or body do not necessarily indicate the taint of Scrofula, but whether the insidious poison of that dire malady is present in the system or not, certain it is that
Scovill's Blood & Liver Syrup
completely cures such disorders. If inside, virus of Scrofula lies quiet in the system this matchless purifier will root out the vestige of it. No eruptive malady, be it scrofulous or otherwise, can resist the potent purifying action of this safe and potent remedy, which renders the skin
CLEAR, SOFT AND BEAUTIFUL,
when ordinary medicines utterly fail to arrest the progress of scrofulous and other eruptive disorders, the persistent use of this incomparable depurent secures the desired result. Proof
THE ARRAY OF PROOF
of its reliability in our possession, we make the two following condensed extracts:
Mr. Samuel H. Matthews, Modestown, Accomac Co., Va., states that his child, when a month old, was attacked with an eruption which covered its head, face, arms, feet and legs, converting them into "sores, by one solid sore," but that two and a half bottles of Scovill's Blood and Liver Syrup effected a complete cure, without a scar.
Martin Robbins, Jr., writes that he suffered from Scrofulous White Swelling with twelve running ulcers on his legs, from which more than 100 pieces of bone sloughed away, but by the time he had finished the twenty-fourth bottle of the Syrup he was completely cured.
THIS GRAND REMEDY
is a compound of vegetable extracts, the chief of which are
Sarsaparilla and Stillingia
The cures effected by Scovill's Blood and Liver Syrup are absolute, and their record is unimpaired by failure. For sale by all Druggists.
Price, $1.00 per bottle.
