

FATAL ACCIDENT AT POPLAR GROVE

Frederick Solomon, of Granger,
Killed in a Runaway Last
Evening.

CRUSHED AND NECK BROKEN.

Had Stopped Team to Give Them a
Drink When the Horses
Ran Away.

Frederick Solomon, son of Alfred E. Solomon, of Granger, and a grandson of Bishop Alfred Solomon of the Twenty-second Ward this city, met with a fatal accident yesterday afternoon about 5 o'clock. The boy had been to the city with a load of hay, and on his way homeward stopped at a watering tank, near the end of the Poplar Grove car line, to water his horses. He stepped out upon the wagon tongue to unseat the animals, when the suddenly became frightened and started to run. A lady who witnessed the affair says that the lad tried hard to get upon the back of one of the horses but did not succeed. Soon the runaways collided with a telephone pole, and the luckless young man was thrown violently to the frozen ground and the wheels of the wagon passed over him. His head was crushed and his neck broken. Help was soon at hand and the body was carried into a nearby house, but some time before the arrival of Dr. E. D. Hummel, who had been summoned, life was extinct.

The deceased was the eldest child of Alfred E. and Katherine Moffatt Solomon, and was born in Salt Lake City. He is said to have been an exemplary young man, and his sudden death is a crushing blow to his family and numerous friends. This city had always been his home, until about one year ago when the family moved on to a farm in Granger. The body has been prepared for burial by Undertaker Joseph E. Taylor, but the date of the funeral has not yet been decided upon.

Imperfect Digestion.

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herline will rectify this. It gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by C. M. L. FOR MORE POLICEMEN.

In His Report Chief Lynch Makes
Such a Recommendation.

Chief of Police W. J. Lynch has filed his annual report with Mayor Morris and the city council, in which he sets forth the work of the department and makes some suggestions as to the betterment of the same. The principal recommendation is that the force be increased by 27 patrolmen, making the department number 75 men. The salaries paid in the department during the year amounted to \$47,186.80, and the general expenses were \$2,306.92, a total of \$49,493.72. The receipts from fines and forfeitures were \$38,132, leaving the net cost of operating the department \$11,355.72 for the year.

There were 3,801 arrests made during the year, of which 2,777 were males and 1,024 were females. Of the total number 38 were pardoned by Mayor Morris. Practically all nationalities were represented in the arrests made, the Americans being in the lead, however, with a total of 2,873. The negroes come next with a total of 152, while 172 of those arrested were Irish, 108 French, 12 English, 100 Swedish, and so on, the list being closed with 1 Turk, 1 Bohemian and 1 Austrian. Almost every occupation in existence is represented by those arrested. The list contains drummers, teachers, lawyers, sailors, preachers, merchants, pugilists and doctors.

The report has the following to say in regard to the harmony and discipline which has existed in the department during the year: "Discipline has been maintained during the year, and I do not think the department has ever before been in a more harmonious condition than at the present time, and I have nothing but commendation and praise for the hearty and gallant manner in which each man has responded to every call made upon him, and for the ability they have shown in the discharge of their respective duties."

commendation and praise for the hearty and gallant manner in which each man has responded to every call made upon him, and for the ability they have shown in the discharge of their respective duties. "Salt Lake City during the past five years has assumed and taken on the airs of metropolitan life, and our police department should be increased to meet the demands of our rapidly growing population. We should have at least seventy-five men in the department to place us upon a par with other cities of the class. With the completion of the Clark road to Los Angeles we will have an influx of the 'hobos' and criminal element that will be hard to manage, and to the end that we may be able to cope with them on something like a fair basis I would respectfully recommend that an increase of twenty-seven patrolmen be authorized in the near future."

WANT AN INSPECTOR.

Grain Dealers Will Ask Legislature to
Provide for One.

At yesterday afternoon's meeting of the Salt Lake Produce exchange, A. H. Vogeler, R. E. Miller and G. R. Cleveland were appointed a committee to wait upon the Legislature and secure, if possible, the appointment of a state inspector of grain weights to avoid the losses now suffered by dealers on account of insufficient weighing facilities in the smaller cities and towns of the state. A committee consisting of A. H. Vogeler, William H. Hughes of Ogden, Bert Bailey and W. H. Howell was chosen to also wait on the Legislature to ask for an appropriation for the poultry industry of the state. It is claimed that \$300,000 is annually sent out of the state for eggs and poultry that ought to be kept at home. This action on the part of the exchange is backed by the citizens of Ogden, Provo and Richfield. The exchange also wants a state freight rate commission, as outlined in the proceedings of the National Livestock association; and it is understood that a similar measure will be requested from the legislatures of Idaho, Wyoming and Colorado.

"SMOKE" VERDICT.

Elwood Gets Judgment Against Big
Smelting Company.

The jury in the case of Elwood against the Utah Consolidated Mining company last night brought in a verdict granting Mr. Elwood \$1,346.47 damages for injuries done his pasture land by the smelter smoke of the defendant. The plaintiff sued for \$9,600.

The case went to the jury late in the afternoon, after lengthy concluding arguments on the part of attorneys for both defense and prosecution. A verdict was not brought in until nearly midnight.

The case is important, as it forms the advance line of a great deal of contemplated action, much of which is now filed and awaiting hearing, involving the same kind of a problem as that just decided.

The suit consisted of five counts. All those that had to do with permanent injury to the land were not favorably considered for the plaintiff, while those that named specific crops or pasture area that had suffered secured large awards as damages.

Elwood's interests were in the hands of Hon. C. C. Richards of Ogden, who has been in Salt Lake for the past week. The whole case was fought with great care and skill and is a precursor of what is to come in other contests. In view of the fact that several other smelters may yet be sued for contributing to the total damage done, the verdict is not so small as appears on the face of it, but on the contrary is looked upon as being quite substantial.

FOR SHOOTING RIVAL.

Mrs. Douglas in Court for Attempting
Life of Mrs. Martin.

Mrs. M. I. Douglas appeared before Judge Armstrong in the criminal division of the district court yesterday afternoon for arraignment and entered a plea of not guilty to the charge of assault with a deadly weapon with intent to do bodily harm. She is charged with shooting Mrs. Martin in a rooming house on West Temple street several weeks ago. Mrs. Douglas claimed that Mrs. Martin had alienated the affections of her husband and she armed herself with a revolver and fired several shots at her, inflicting only slight wounds. The court fixed the bond of Mrs. Douglas at \$1,000. She was represented at the arraignment by Attorney James Ingelbreten.

SUFFERED FROM CATARRH OF LUNGS SO COMMON IN WINTER. CURED BY PE-RU-NA.

A PLAIN TALK

On a Plain Subject in Plain
Language.

The coming winter will cause at least one-half of the women to have catarrh, colds, coughs, pneumonia or consumption. Thousands of women will lose their lives and tens of thousands will acquire some chronic ailment from which they will never recover.

Unless you take the necessary precautions, the chances are that you (who read this) will be one of the unfortunate ones. Little or no risk need be run if Peruna is kept in the house and at the first appearance of any symptom of catarrh taken as directed on the bottle.

Peruna is a safeguard, a preventative, a specific, a cure for all cases of catarrh, acute and chronic, coughs, colds, consumption, etc.

For free medical advice, address Dr. S. B. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

A COLD ON THE LUNGS THREATENS TO BECOME SERIOUS.

Pe-ru-na Brings Speedy Relief.
Mrs. H. E. Adams, Ex-President Palmetto Club, of New Orleans, La., writes from 110 Garfield Court, South Bend, Ind., as follows:

"I am pleased to endorse Peruna, as I took it about a year ago and it soon brought me relief from a cold on my lungs which threatened to be serious. The lungs were sore and inflamed, I coughed a couple of hours every night, and I felt that something must be done before my lungs became affected."

"Peruna was suggested by some of my friends who had used it, and acting upon their advice I tried it and found that it was able to bring about a speedy cure. You have my highest endorsement and thanks for the good it did me."

Sounding the Praises of Peruna.

Mrs. Frances Wilson, 32 Nelson St., Clinton, Mass., writes:

"Had you seen me at the time of my illness and now, you would not wonder that I take delight in sounding the praises of Peruna."

"My ailment was a severe cold which attacked the bronchial tubes and lungs. I followed your special directions and after using six bottles of Peruna, I was on my feet again. I think Peruna a wonderful medicine."

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

The story of Captain Phelan about an attempt to blow up the National Line steamship Queen is discredited in New York. Phelan was seriously stabbed on the 10th by a man named Richard Short, in the office of O'Donovan Rossa.

TEN YEARS AGO TODAY.

Judge George W. Burtch rendered an important ruling in the Sanpete county election case. Salt Lake City won the fight in the famous Linck land jumping case on Capitol Hill.

FIVE YEARS AGO TODAY.

A jury was secured in the Mills murder case, and the trial of the accused commenced. The restaurant of John Gallacher, on Main street, was destroyed by fire. The loss was \$3,000.

STATUE OF A SIGNER OF THE DECLARATION.

The picture represents the noble bronze statue of Robert Treat Paine which was recently unveiled at Taunton, Mass. The figure is of heroic proportions and shows Paine with a copy of the immortal Declaration in his left hand, while in the right is the quill pen with which he is about to sign his name. The statue is placed in the beautiful City Hall square at Taunton, which was the home of the patriot.

FAMILY GATHERING.

Descendants of Pres. George Q. Cannon Honor His Memory.

Following the custom that has been in vogue in the family for many years, the descendants of the late President George Q.
