Considerable activity was shown today by some stocks which have been light traders for some time past. Prices on the whole show a slump tendency, though a few stocks, such as Chloride Point, Mammoth, Bowers Extension and Petro, show more strength. Chloride Point was traded in today up to 19 1/2, while Mammoth started in at \$21.75 and closed at \$22.50 with the transfer of 300 shares. Bowers Extension closed a little weaker than it opened, but shows some gains over last week, as does Petro, which closed with 37 bid and 40 asked. Valco also shows signs of stiffening up, while Daisy was slumpy in spite of the fact that the new mill addition is ready for use. Mercury almost reached the \$5.00 mark, being traded in at \$4.95. Grand Central is firm at \$6. Lower Mammoth hangs around 42, while Galena dropped 50 at 37. Sacramento was decidedly off, participating heavily in figures ranging from 25 1/2 to 27 1/2. Northern Light sold down to 12. Ajax let go 1,000 at 60, and Bunker Hill brought 25.

PRICES INCLINED TO SAG.

Weakness Became Pronounced in Industrial Division.

Decline in Large Number of Stocks—Live Stock and Produce Markets Dull.

New York, Jan. 23.—Prices were inclined to sag at the opening in the absence of any change in the situation in South Africa. Trading was rather more active than for several days past. Weakness became pronounced in the industrial division after 11 o'clock. A large number of stocks declined a point and sugar and Metropolitan street railway lost 2. Some of the international among the railroad stocks bore the brunt of the selling in that department, losses reaching a point in some cases. The bond market was less active but firm.
