LOCAL BRIEFS.

Clearing House Annual—The Salt Lake clearing house will hold its annual meeting tomorrow afternoon.

Salt Lake in Building—The Construction News, in reporting statistics of an leading cities of this country, reports Salt Lake as holding the first place, with an increase of 113 per cent in amount of building over that of 1907.

Sabbath Appointed—James Sabina, who formerly occupied the position of paper clerk in the office of the county commissioners, was yesterday appointed by the board, to the same position, vice Anton Lundberg, resigned.

Directors Meet Tomorrow—The directors of the new Utah Manufacturers' association will meet tomorrow evening to outline a plan of operations for the coming year, and elect a president, two vice-presidents, secretary, treasurer and four new directors.

Holiday Files Report—The annual report of City Superintendent of Waterworks Thomas Hobday, was handed to Mayor Brandford yesterday afternoon, and shows that the residents of the city are liberal users of water, those on the city books numbering 61,756. The expenditures of the waterworks during the past year have been \$88,453.43 which is \$471.75 less than the amount apportioned for its use.

Bodies Recovered—A cablegram from Peru states that the bodies of Fred Scranton and his companion had been recovered from the lake in Peruvian Andes, where they were drowned while on a hunting excursion. Owing to the stringency of the local laws, the body of Scranton could not be shipped to this country, so it was buried there. The two young men were out in a collapsible boat which had been sent Scranton from this country, and it is supposed it closed up on them, while on the lake.

Funeral of T. G. M. Smith—The funeral of T. G. M. Smith was held yesterday afternoon from the family residence, 488 Third east street, the Rev. D. M. Helmick and the Rev. P. A. Simpson conducting the services. The interment was at Mt. Olivet. The deceased leaves a widow and five children, the latter being Mrs. Harry Shipley, Walter M. and Burt Smith of this city, and Delaney and Adelaide Smith of Whitman, Mass. A delegation of Knights of Pythias attended the funeral.

Cars Sent Out by Agricultural College Meeting With Success.

RAILROADS ASSIST MOVEMENT

Practical Demonstrations of Farming And Home-making Features of Exhibition—Big Crowds Attend.

Special Correspondence.
Caché Junction, Jan. 12.—The farmers' institute work being conducted this year jointly by the state Agricultural college and the various railroads of the state is meeting with unbounded enthusiasm all along the line. The work began at Richmond where the Industrial club had made all preparations. Richmond is the home of the Utah Condensed Milk company, and is rapidly becoming known as one of the dairy centers of the state. The lectures for the men during the day time were held at the cars, where Prof. Merrill and Caine gave talks along dairy lines, illustrating their talks by means of charts and stereoscopic slides. In the evening the men assembled at the ward hall, where instructions along the lines of horticulture and dairying were continued.

The professors were assisted in their work by J. J. Adney, a practical Bear River valley farmer, and a graduate of the Kansas State Agricultural college. There was a large attendance of ladies at the Industrial club where Mrs. Rena R. Babcock spoke along the lines of home-making.

The work at Hyrum, Smithfield, Wellsville, Mendon, and Newton, was practically a repetition of that at Richmond. At each of these places the largest crowd that ever attended a farmers' institute in this section was present.

EXHIBIT CAR.
The train consists of a lecture coach and an exhibit car. The lecture coach is fitted with a stereopticon so that all lectures can be illustrated by means of slides. It is also decorated with photographs and paintings of live stock, making the car very attractive. The exhibit car is fitted in one end with an exhibit of grains and grasses from the arid farms of the state. There is also a splendid collection of insects, both beneficial and injurious, and a collection of dried fruits and nuts which are the cause of much discussion, most of the visitors being surprised to find that these products are raised in this state.

MILKING MACHINE.
There is a collection of separators and a model milking machine that attracts the attention of the dairymen. At each of the places visited a demonstration of the milking machine is given, and the men who are interested in the production of milk. The exhibit car also has a collection of exercises of the student of the mechanic arts department of the State Agricultural college; an exhibit of the work in domestic science, canned fruits, samples showing the different steps in each year's work, home library, books for women and children, samples of up-to-date kitchen utensils, floor and wall coverings, pictures, and all things that are of interest to women and their homes.

MOVEMENT A SUCCESS.
This is the first work of the kind ever attempted in the state and from the hearty reception accorded the lectures at each of the places visited, it is evident that it is going to meet with great success. The Agricultural college, as well as the various railroads have come in for many words of praise for their interest in this movement. The farmers of the state appreciate the efforts that are being made to improve the conditions of Utah farms. The primary object of the train, as stated by the professors, is to provide an interest in dairying, fruit growing, and better home making, and it is evident that if the same success is met with throughout the state, as has been met in Cache County, the results will exceed the expectations of those who are most sanguine of the success of the undertaking.

The train leaves today for the Bear River valley, where the week will be spent, arriving at Ogden on Monday next, from which point Morgan and Summit counties will be visited, returning to Davis county and arriving in Salt Lake City on January 26.

LAME SHOULDER.
This is a common form of muscular rheumatism. No internal treatment is needed. Apply Chamberlain's Liniment freely twice a day and a quick cure is obtained. This liniment is especially valuable for muscular and chronic rheumatism, and is sure to give quick relief. Chamberlain's Liniment is also most excellent for sprains and bruises. Price, 25 cents; large size 50 cents. For sale by all druggists.

NATIONAL BANK ELECTIONS.

Institutions in the City Select Officers In Conformity With Law.

As foreshadowed in last evening's "News," the annual meeting of stockholders of the Commercial National bank was called at 3:30 p. m., and adjourned for 30 days, owing to absence in the bank.

At the afternoon meeting at the National Bank of the Republic the following directors were chosen: J. A. Murray of Montevideo, Cal.; Henry Phillips of New York City, and Frank Knox, G. S. Holmes, J. C. Lynch, Thomas Kearns, David Keith, W. F. Earls and Stephen Hays. Mr. Keith was chosen to fill a vacancy.

The choice of E. M. Allison, Jr., to the directorship of the Utah National bank was the resignation of W. F. Adams.

The Walker Bros. bank, though a private institution, held its annual meeting in the afternoon, when the old board of directors was chosen: M. H. Walker, Thomas Weir, L. H. Farnsworth, E. O. Howard, John H. Walker, W. Montague Perry, H. G. McMillan, and J. H. Adams.

THE PUKE FOOD LAW.
Secretary Wilson says: "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicine." The law requires that the amount of chloroform, opium, morphia, and other habit-forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy does not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the best, but one of the best in use for coughs and colds, and its value has been proven beyond question during the many years it has been in general use. For sale by all druggists.

Everybody's friend—Dr. Thomas' Eclectic Oil. Cures toothache, earache, sore throat. Heals cuts, bruises, scalds. Stops any pain.

CHURCH NOTICES.

The high priests of Granite stake will hold their first meeting for the year at the Granite stake tabernacle on Sunday, Jan. 17, at 10 o'clock a. m. A full attendance is desired.

The regular monthly meeting of the officers of Ensign stake primary association will be held Friday, Jan. 15, 1909, at 4 o'clock p. m. room 21, H. Y. Memorial building. Members of the general board will be present and a full attendance is desired.

The priesthood meeting of the Salt Lake stake will be held in the Twentieth ward meetinghouse, at 7:30 p. m. Monday, Jan. 18, 1909.

CLIPS UNDER CONTRACT.

J. S. Windsor, a wool grower of Wellsville, Ida., says that though eastern buyers pretend to favor the Chicago plan, they really do not. In fact they are doing all they can to head off the scheme, and are straining every nerve to secure, by paying big prices in advance for the local wool clips for the coming season. Some eastern buyers are now offering as high as 18 cents for Utah and Idaho wools, while last year the price never went above 15 cents. Of the estimated 5,000,000 pounds of Utah wool for the coming season, probably half has been contracted for already, he says. Idaho, Montana and Wyoming have each nearly subscribed their quota of stock necessary, while less than half the Utah quota has been subscribed.
