LOCAL NEWS.

Kate's Surprise Party.—Some time ago the News announced the reappearance here, at no distant date, of Kate Castleton with "For Goodness sake Don't Say I Told You." The town is now being billed for "Pop," which they will present at the Salt Lake Theatre, on Wednesday, Thursday and Friday of next week. The popularity achieved by this company at their former visit, is sufficient to guarantee them a hearty reception on the coming occasions.  
 Police Court.—Two men were arrested last evening by Officers Mallin and Pratt for obtaining board at Mrs. Decker's and not paying for it.  
 A case of drunkenness was fined \$5 this morning, having been arrested by Officers Clayton and Salmon last evening.  
 Two soldiers were arrested this morning for drunkenness and disturbing the peace, and are having a hearing this afternoon. One of them, Private McCallan of Company K, was taken up by Salinas and Clayton, the other, Corporal Landen, was arrested by Dobson and Hilton.  
 "Uncle Tom's Cabin."—The remarkably realistic manner in which this veteran play is produced at the Opera House, by Smith's dramatic company, is something novel in its stage history. Real negroes, real hoodlums, real donkeys and a dual representation of the more eccentric characters, form a decidedly new feature and one that awakens much interest. The piece was witnessed last evening by another good house, and at to-day's matinee by still another. This evening is the last chance afforded, as the company then closes its engagement.  
 A New Paper.—The last number of the Idaho Enterprise, a paper with a five years history back of it, was issued on April 10th. The valiant editor of the paper, Mr. J. A. Straight, states that the material with which the paper has been published, has been sold to the Idaho Herald company, of which Hon. G. N. Crawford is president, and the first number of the new journal, with Mr. Crawford as its editor, will be issued at Soda Springs on the 12th inst. Mr. Crawford is a son of ex-Governor Briggs of Iowa, and a newspaper man of thirty years' experience. The policies of the Herald are democratic.

HOME DRAMATIC CLUB.

A SERIES OF FINE PLAYS IN PREPARATION.

The Home Dramatic Club are busy rehearsing a number of plays, which they intend presenting at the Theatre sometime in the not too dim and distant future. Their repertoire includes "Married by Moonlight," "Maud's Pearl," "Life's Revenge," "Fettered," "Nobody's Child," "On Bail," and a number of other dramas. "Married by Moonlight" was rehearsed last evening, but it is probable that "Maud's Pearl" will open the series of the Club's prospective performances. "The Life of an Actress," which met with such success some months ago, will be revived during the engagement.  
 The Home Dramatic Club are noted for the excellent plays they secure, and the very creditable manner in which they are almost invariably presented. The secret of their success lies in the fact that they carefully select and conscientiously rehearse every piece they put upon the boards, thus doing their best to give the audience the money's worth, instead of systematically guilting them with flaring posters, false promises and "sawdust" performances. Besides, the Club possesses genuine talent and need only to use it to insure success and a continuation of that popularity they have so deservedly achieved. We shall await with interest the opening of their series.  
 PLEASANT GROVE POINTS.

A NEWS BUDGET FROM "BUCKEYE."

We are having a very wet spring; rain, snow and rain. Quite an amount of cereals have been planted in this neighborhood, although the wet has retarded farm work considerably.  
 At Alpine very little has been done by the granger up to date (the 11th). Spring does not open up so early in that pleasant little nook, as lower down in the valley. Alpine and its inhabitants are proverbial for their hospitality and thrift.  
 Extract from a letter by a friend at Ashley's Fork, dated April 1st, 1884: "We have had the longest winter I ever knew. Until the middle of February it was mild and very pleasant, since then the cold has been severe at times, and snow has fallen to a greater depth than before known. It is yet snowing. Our mails for three weeks have been brought over the mountains, 25 miles from here, on snow shoes, and necessarily limited. Very little plowing has been done."  
 Hay is getting scarce. Much of the article has been loaded and shipped out of the Territory. Buyers are now scouring the settlements and every pound is being purchased to send away to other markets.  
 Our present city fathers are to be commended for their enterprise in fencing and grubbing their city. The grounds have been cleared and leveled and trees planted, and altogether the land where sleeps our loved departed has been robbed of that dreadful monotony so common to grave yards.  
 Quite an amount of work has already been done upon our proposed new Theatre, and the prospects seem to be in earnest over the matter.  
 Mr. Parley P. Driggs is buying a large herd of stock in the north end of Utah County, and cattlemen are realizing good figures for their horses, sheep, and cattle. It is yet snowing. In its results the last winter, has at last stopped its dreadful career, and it is to be hoped gone forever.  
 The call for fruit trees from the nurseries of the town, has been so great this season as to almost exhaust the supply. Many hundreds have been shipped to Colorado.  
 A Captured "Crook."—"About 1 o'clock last evening," says the Denver Republican, "a man by the name of Dan Roach and a hack driver commonly known as 'Tex,' got into a fight on Larimer street, in West Denver. Roach was the assailant, and was arrested by Officer Casey, who had been called to the place, attracted by the crowd which had gathered around the combatants. Proceeding toward the City Jail, Casey noticed that as he walked along, Roach, who had given himself up quietly and had not been held by the officer, was looking at several papers which he had taken from his pockets, holding them in his hand, and as they began to cross the Larimer street bridge, Casey saw the prisoner make a motion to throw them into Cherry Creek. He seized his arm and stopped him.  
 "These letters belong to me," said Roach. "I have a right to do what I want with them."  
 "Give them to me," said Casey, and they were handed to him without further resistance.  
 The letter being placed together, showed that Roach had held up a man in Salt Lake City about three weeks ago, and that finding out that the detectives were on his trail, he had fled to Denver. They also indicated that he had come here to work the "gold brick" confidence game, being from people who were evidently cognizant of his past career, and knew of his future intentions. The police drew conclusion from these letters that Roach is a notorious Salt Lake crook."

SERIOUSLY INJURED.

From the Ogden Herald, of Thursday, we learn that the jobwagon of W. G. Chapple had a runaway the evening before, which resulted in a serious accident. The team was coming up Fifth Street, when the driver of one of the stage-trees disconnected, causing it to strike the off horse on the heels, thus producing a runaway. A little boy of W. G. Chapple, who was in the wagon, was thrown out and severely injured on his head and shoulders, the wagon passing over his chest.  
 The frightened animals dashed into John J. Murphy's job wagon, which was standing in front of that gentleman's store, upset it and threw out his son Newton Murphy. Another of his sons, five years old, was getting into the wagon when it was struck, and he was thrown to the ground. It was only by the laudable efforts of Mr. Emile Farley, who rushed forward and snatched the little fellow from his perilous position, that his life was saved. The boy was not hurt, but the wagon was but slightly damaged, and the boy Chapple was very low. In addition to the injuries stated above, his shoulder was dislocated.  
 Seventies Meeting.—The members of the 18th Quorum of Seventies and all Seventies residing in the First, Tenth and Sugar House Wards, are reminded that their regular meeting will be held at the First Ward Assembly Rooms on Monday, April 14th, at 7 p. m. A punctual attendance is requested, as business of importance will be transacted.  
 By request of the council.  
 JAS. VANTASSELL, Clerk.  
 Caledonia Society.—The regular business meeting of the Caledonia Society will be held in Calder's Music Hall at 7:30 this evening. A full attendance of members is requested.

DISCOURSE ON PLURAL MARRIAGE.

On Sunday evening, by request, President George Q. Cannon will deliver a discourse in the Twelfth Ward Assembly Room. Subject—Is Plural Marriage a Tenet of the Religious Faith of the Latter-day Saints, and if so, can it be practiced by the Latter-day Saints? The hall will be opened to its full capacity for the occasion, and a cordial invitation is extended to all, especially to people not connected with the Church who may desire to hear the question debated from the standpoint of a Latter-day Saint.  
 Services will begin at 7 o'clock.  
 H. B. CLAWSON, Bishop.

Dirty Ditches.—A petition is being circulated for signatures, and will be presented to the City Council at its next session, relative to the filthy condition of the water ditch on the west side of the State Road, between First and Third South Streets, and praying that some steps be taken to give relief to the inhabitants of that locality, who look upon it in the light of a public nuisance. That the petitioners have good grounds for their action—and something else besides ground—will be evident to anyone of ordinary sanitary sensibility who passes that way. There are other ditches no doubt equally dirty and in need of the same sanitary treatment. By all means "clean 'em out."

BRITANNIA STANDS UNRIVALLED.

Those troubled with rheumatism, who have tried other remedies and still are unrelieved, will certainly obtain relief within three days, and generally within six hours by taking Britannia. This great remedy was discovered by an eminent English physician of great experience, and who has never lost a patient to whom this medicine was administered. Britannia is not a lotion; no external application can permanently cure rheumatism, which is a disease of the blood. Britannia is prepared with the greatest skill, and a teaspoonful being taken in a wineglass of cold water immediately finds its way to the blood, where it corrects the palid, causing element, removes it, immediately purifying the blood, and gradually builds up the entire system. Persons who have used this valuable preparation in Utah, tell us that nothing ever helped them as Britannia has done. Many references in Salt Lake City and elsewhere can be given.
