LIFE ENDANGERED BY BOY AND GUN

John Van der Veen Shot Twice
By Nine-Year-Old Eddie
Keller.

PRISONERS ATTACK GUARD.

Thomas Lever Overcome by Vicious
Inmates of City Jail; Rescued
By Fellow Officers.

Ogden, June 29.—John Van der Veen was shot in the back twice about 2 o'clock yesterday afternoon by Eddie Keller, a 9-year-old lad, but fortunately the wounds inflicted are not serious. Mr. Van der Veen was near the Keller home on Washington avenue and Third street, unloading some lumber from a wagon. The Keller boy had a small pistol which shoots buck shot, and without any cause or saying a word, deliberately ran out into the street and shot the pistol twice before anyone could interfere. Mr. Van der Veen says all he felt was a stinging sensation in his back, and he ran after the boy, caught him and took him to his mother. He then went to the office of Dr. E. C. Rich, who found two small holes in the center of his back quite deep into the flesh. The wounds were dressed and Mr. Van der Veen says, other than being a little sore, he does not feel anything serious, and Dr. Rich does not think any complications will set in. The boy was punished by his parents for the act. Such small boys as Eddie should not be allowed to have firearms for playthings.

PRISONERS ATTACK GUARD.

Thomas Lever Badly Used in Corridor
of City Jail.

Ogden, June 29.—Guard Thomas Lever at the city jail was treated roughly yesterday afternoon by two of the prisoners, as the result of which he is wearing a black eye. Lever entered the jail to have some cleaning done in the cells. A prisoner who was serving a term for drunkenness named Mike Sloan, had it in for Lever because he had caused him to be put in the dungeon a couple of days ago because he refused to work on the stockade, and when Lever entered the corridor Sloan sneaked back of him and grabbed him by the head and pulled him down, while another prisoner, John Lynch, who has a wooden leg and is serving a term for begging, kicked Lever in the face with his peg leg. He called for help and Sergeants Pincus and Tyn and Officer Layne rushed into the jail to his assistance. They soon had the prisoners separated from the guard, but in doing so Lynch hit Officer Layne on the fingers. They were given a few jobs and placed in the dungeon, where they will be fed bread and water until they learn to behave themselves. They evidently intended using Lever severely and might have killed him had it not been for the other officers being present to assist him.

man was going at a good rate of speed down the hill, when he claims a pin broke in the steering gear, and he could not control the auto. It dashed into the buggy, knocking the young lady, and the auto and buggy crashed into a tree. Dr. Rich cared for the young lady's injuries.

SUIT TO RECOVER \$546.
Mrs. Laura Read has filed suit in the Second district court against Thomas Feeney and John Lee to recover \$546. The complaint alleges that on the evening of June 12, 1906, the said Lee was employed as a bartender in the Oxford cafe, owned by defendant Feeney, and G. H. Read on said day deposited with said Lee \$445 belonging to plaintiff, agreeing to deliver the same to Read or his wife on demand. That the following day Read demanded the money but was refused the same, and defendant has ever since failed to deliver it to plaintiff or her husband; that plaintiff has been obliged to expend \$125 costs and attorney's fees to collect the said amount of \$445.

CITY LIGHTING QUESTION.

There is considerable interest taken in the question of lighting the streets, which are now in darkness through the city council refusing to pay what it deemed an unjust rate in price of lights from 65-75 cents to \$1 per month per light. At the mass meeting held Wednesday night, prominent citizens discussed the question and unanimously adopted a resolution to the effect that "it is the sense of the meeting that the city proceed to own and operate its

SUIT TO ENJOIN.

Suit asking for an injunction has been filed in the Second district court by R. J. Middleton and John Warner against Joseph Hedgewell to prevent him from filing in a ditch. The complaint alleges that the plaintiffs have for years been taking irrigation water from what is known as Middleton's ditch and that the same will overflow and do great damage to their crops and land if it were not for drain ditches, one of which runs through defendant's land and he has placed a dam in the same and threatens to fill it up unless restrained from so doing by the court. A temporary restraining order was issued and citation issued for the defendant to appear in court to show cause why he should not be compelled to leave the ditch in question open. Atty. Richards and Pratt represent the plaintiffs.

light plant on the best terms possible." The council was asked to make temporary arrangements to light the streets until early date.

Figures of the cost of different plants were presented before the meeting.

Stump plant with about the same capacity as the Electric company now disposes of, could be built, it was stated, for \$25,000. This would not include a distribution system, but a distribution system for a steam plant could be built for \$11,000, because there would be no need for the transformers used in the present distribution system. A water power system, to be operated with the power owned by the city, would cost \$4,500 exclusive of the distribution system, and with the cost of the Electric company's distribution system at about \$20,000, if it could be bought, would bring it up to \$24,500.

Natives Participate in Festivities—Early Exit on the Market.

Special Correspondence.
Colonia, Juarez, Chihuahua, Mexico, June 18.—The annual entertainment of the old folks for all over 50 years of age irrespective of creed, color or nationality, was given May 31. Quite a number of Mexican friends were present, greatly enjoying the program given, especially the surprising ballad, which was so generously provided by the people of Juarez. Under the able management of the general state committee, Alma P. Stillbury, M. A. Romney and D. Skason, and the energetic local committee, J. C. Harper, E. Gay Taylor, Archie Clayton and Sisters Sarah Carson and Frances Romney, the entertainment was a perfect success. Everything possible for the enjoyment of the old folks was done, the Mexicans contributing a song in their native language, and suffering fully in spirit to the occasion. Such times of social intercourse with the natives of this republic greatly strengthen the ties of friendship and mutual interest.

WESTERN MARKET LETTER.

Special Correspondence.
Stock Yards, Kansas City, Mo., June 28.—Grass cattle have not begun to move from native territory in the west or southwest yet, a few Oklahoma stockers at \$1.25 to \$1.35 last week, and some New Mexico veals, 147 at \$4.50, comprising the offerings last week from distant ranges. The market advanced 15 to 25 cents last week on both killing cattle and stockers and feeders, because of beneficial rains recently, and the same influence is working the market upward 10 to 15 cents today. Fewer have diminished greatly in the last week, since the rains have freshened pastures, and because of the prospective supply of quakes as to the near future, which looks to be better. The run today is 2,000 head, including 2,000 quinquies. Stockers and feeders are included in this advance, but the supply of that class is small lately. Some 1,200 of Colorado steers, from Lamar, Colorado, sold at \$4.25 today. Short fat steers from here 400, Texas natives sold at \$4.25 to \$4.50, grass steers \$3.50 to \$4.25, cows \$2.50 to \$3.00, veal calves \$3.00 to \$4.00.

The sheep and lamb market is what is described by salesmen as "shaking." Prices are a quarter higher than last Monday, market strong today, record prices paid today for Arizona grass weathers and yearlings mixed at \$4.65, and for same from feeders, \$4.50. Arizona spring lambs \$3.55, weighing 71 pounds. Receipts last week were 20,000 head, and the 15 cars of Arizona natives with a shipment of medium class Texas at \$4.50 were quickly snapped up today. 4000 Texas natives sold at \$4.50, last week another record for them. Receipts likely to be most healthy in the meantime.
