

WESTERN HALL OF
FAME AT ST. LOUISTo Contain the Statues of Famous
Pioneer Leaders.

FOUNDER OF UTAH TO BE ONE

Proposed There Shall be Four Large
Historical Pictures Illustrative
of their Deeds.

Chicago, April 1.—At the suggestion of Ernest Thompson Seton, the director of the St. Louis fair, have decided to establish a western hall of fame, in which there are to be statues of 50 of the men who distinguished themselves in the winning of the west. The selection of those to be honored, it is proposed, shall be determined by popular vote.

Those who have been so far mentioned are Fernando de Soto and the Spaniards of the south. They are followed by the Frenchmen Verandry, Duluth, Laule, Hennepin, Marquette, and Des Moines. Among the others are Boone, Lewis, Bridger, Beckwith, Breckinridge, Crockett, Carson, Clarke, Fremont, Long, Macy, Ross, Pike, Brigham Young, and the English pioneers of the east.

It is also proposed that there shall be four large historical pictures illustrating the deeds of the pioneers.

According to the present idea as to the building of the western hall of fame there are to be four doors opening to the four points of the compass to typify the four great gateways, St. Louis

Fine silver deserves a

The finest polish in the world
Cleans as well as polishes
All responsible
jewelers keep it 25 cents a packageon the east, St. Paul on the north,
Santa Fe on the south, and San Francisco on the west.

It is also proposed to issue a book giving the lives of the 50 men chosen and containing their portraits. The volume would include the portraits of the Spaniards, French, and English maps that were compiled in the reports of the pioneers. Many of these maps are in the archives of Paris and Madrid and have been given to the public.

Street Car Striker Shot.

Seattle, Wash., March 31.—M. J. Kline, a member of the striking street car union, was shot in the left side and perhaps seriously injured by C. C. Ditto, an employee of the street railway company, in the Congress saloon this evening. Ditto had been working right along and went to Tacoma at the time of the strike there. He walked into the saloon and announced himself a "scab," a quarrel broke out immediately between the two men and Kline, who expressed a dislike for scabs, and the shot was fired. Ditto is in jail.

Unexpected Advance in Wages.

Chicago, April 1.—A strike of 18 iron workers in the Pease company's car shops at Hegewisch has resulted in an unexpected advance of the wages of more than 1,200 men. The 18 men quit work because they were not given an increase of eight cents an hour over their wages of 27 cents. James H. Pease, president of the company, ordered a general advance of 10 per cent in the wages of the employees of the company.

A special meeting of the Bridge and

Structural Iron Workers' union last night decided to accept the wages offered by the Iron league—56¢ cents an hour—and not stop work today. This gives the men an increase in wages of 6 cents a day for this season.

Five hundred laborers employed by the Chicago and Pollet Electric railroad have gone on strike for an increase in wages from \$1.50 to \$2 a day.

Commercial Commissioner to Europe

Chicago, April 1.—The executive committee of the National Business league at a meeting held here, has appointed George W. Sheldon as special commissioner. He will visit the commercial centers of Europe and gather information concerning industrial and trade conditions and requirements.

Rare Books for America.

New York, April 1.—This best customer for the group of London dealers in old and rare books are American millionaires, says the Tribune's London representative. The choicest examples in Lord Crew's collection, Blake's works, sold at Sotheby's are going to America. The competition for these works narrowed down to dealers representing rival American collectors and Lord Crew must have been astonished by the step in values from the prices originally paid by the first Lord Aughton.

Standard Oil Pension System.

New York, April 1.—The pension system of the Standard Oil company, by the terms of which employees, who have been in the service of the company 25 years will be retired, goes into effect today. The pensions will amount to half-pay for five years, and one-quarter pay for the remainder of the pensioner's life.

The officials will not say how many men will be retired.

Will Regain Her Eyesight.

Derby, Conn., April 1.—Doctors now say Miss Julia Fox, the 18-year-old high school girl who was stricken with high fever while at examination, may eventually regain her sight. Already with one eye she can distinguish light and darkness, and even sharp outlines. The specialists treating her think she may even read in the course of a few weeks, but possibly never by daylight. He ascribes the cause of her blindness to cold superinduced by overstudy.

CORRUPTION
IN SEATTLE.The King County Grand Jury Has
Finished Its Work.

LONG LIST OF INDICTMENTS

Report Recommends That the Mayor
And Chief of Police Should Send
In Their Resignations.

Seattle, Wash., March 31.—The King county grand jury is a thing of the past. At 4 o'clock this afternoon the members of the body filed into court and presented their final report to Judge Bell. The court glanced hastily over the document and, after also receiving a minority report written and presented by ex-Foreman Pigott, dismissed the jury with a few words in which he complimented it on the results of its labors during the past 30 days.

The majority report contained 1,360 words, and deals with every phase of the jury's deliberations. Pigott's report is not so lengthy, and is confined chiefly to a strong denunciation of what the ex-foreman believes to be the inevitable outcome of a wide-open policy carried out which it has been under the present administration.

The following is a list of the indictments now on file in the hands of the prosecuting attorney. The list is in addition to those announced yesterday.

Dr. G. W. Bragdon, obtaining money by false pretenses in the sale of mining stock to Mrs. H. Wharton through misrepresentation.

Scott Ferguson, conducting a check-book or hard game in his premises on King street.

Del Lammann, displaying obscene pictures in a device known as a moving picture machine.

Frank Smith, waiter in Rainer Grand hotel, perjury in testifying falsely concerning his knowledge of the Mainier Grand club rooms.

Frank Stokes, Peter Stokes, Thomas Stokes, conducting a gambling game at Fall City.

Frank A. Whitte, selling liquor without a license at Fall City.

Steve Meek, larceny by embezzlement in the misappropriation of funds collected for the county treasurer as personal tax collector.

Jacob Goldberg, perjury, in testifying falsely concerning the payment of money to P. Pitt Shaw for services in connection with securing the return of the machines seized on warrants from Judge Bell's court.

When the jury filed into Judge Bell's courtroom this afternoon it was rumored that three additional indictments against minor police officials would be presented, but such did not prove to be the case. After the jury was seated Foreman O'Brien arose and handed the court the body's final report, and Judge Bell was in the act of ordering it read when Juror Pigott arose and requested that he be allowed to present a minority report, which the court permitted.

In dismissing the jury the court took occasion to remark that the lot of a grand juror was not a happy one and to express its appreciation for what the body had accomplished.

An examination of the indictments now on file in the clerk's office fails to reveal the existence of one against Samuel Rosenberg, thought to have been indicted by the jury two weeks ago. If Rosenberg was indicted no true bill was ever returned into court.

Probably the most sensational recommendation of both reports is the clause in each recommending that the mayor and chief of police resign their offices, and intimating that the public good would be served if a majority of the council would pursue a similar course.

The majority report censures the police for brutality in handling prisoners; censures the county clerk and county auditor for the collection of money from their employees and under the guise of campaign expenses; criticizes Corporor Hoye for bartering away the patronage of his office to rival undertakers; states that the jury has no evidence to sustain published reflections upon the superior court judiciary; challenges the justice of the acts of the board of equalization; condemns the council for the contract which it entered into with the Seattle & Lake Washington Waterway company; censures Councilman James for using his office for private ends; denounces the police for permitting the existence of "big mitt" and other swindling games; accuses the department of being in league with crime and corruption; recommends the resignations of Mayor Humes and Chief Sullivan, and finally, the calling of another grand jury after a reasonable time has elapsed to take up the investigation where the present body left off.

Mr. Pigott's report deals at length with the granting of the Cedar river surplus water contract to the Seattle & Lake Washington Waterway company; intimates that \$2,500 was unlawfully used in procuring the contract; brands the police department as a most inefficient body; denounces the mayor and chief of police for attempting to transfer the blame, each in his turn, on to the other's shoulders; censures the council for not attempting to check vice; charges that the Clancy brothers were permitted to levy blackmail on other gamblers with the consent of both the mayor and chief of police, and finally accused both officials of being grossly incompetent and criminally negligent, recommending that each resign their respective offices.

To Teach President Fencing.

Baltimore, April 1.—President Roosevelt has arranged with Prof. Genaro Pavese to resume his fencing lessons immediately upon his return from his western trip. The president showed great enthusiasm and told the professor he expected that other members of his family, Miss Alice Roosevelt especially, would take up the foil.

Prof. Pavese has ordered from Italy probably the handsomest pair of foils ever made. Including masks and gloves they cost \$40, and in view of the fact that the professor proposes to make the president a gift of them he hopes the customs officials will relieve him of the 35 per cent duty the law imposes. They will be for ornament rather than for use. Pavese has ordered another set for the president for practical use.

The professor says he finds Mr. Roosevelt one of the keenest sportsmen he ever met.

To Expose Candy Combine Workings

New York, April 1.—Action which threatens to expose the inner workings of the candy combine has been brought in the supreme court against the board of directors of the New York Confectionery Jobbers' association by David Seigler, wholesale confectioner, who says his business has been annihilated by reason of persecution and discrimination.

Damages are asked in \$25,000, and the Manufacturers' association, which it is asserted acts in unison with the jobbers' association, is sued for a like sum.

Mr. Seigler's counsel says these ac-

A Nightmare

Gives point to the fact that excessive or irregular eating disturbs the digestion. Nightmare or night hag has its day time correspondence in the undue fullness after eating, with the belchings and sour or bitter rising often experienced after too hasty or too hearty eating.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and its allied organs of digestion and nutrition. When these diseases are cured, the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.

"Your Golden Medical Discovery" and Dr. Sage's Cathartic Remedy have been of great benefit to me," writes Prof. Pleasant A. Oliver, Viola, Pullman Co. Ark. "Before I used these remedies I was in a state of nervousness, digestion bad, a continued feeling of fullness, and a new man. Any one in need of medical treatment for nasal catarrh could do no better than to take treatment of Dr. V. H. Pierce. I know these medicines are all right in this class of diseases."

Sometimes a dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It is better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

They will soon be followed by other procedures. He declares that the person named have done acts which were within the scope of section 158 of the penal code, which relates to conspiracy to prevent persons from carrying on their usual trade and occupations or to do any acts injurious to trade or commerce.

Elephant Sultan Dead.

Chicago, April 1.—"Sultan," the half-grown Indian elephant of Ringling Bros' menagerie, died yesterday in a box car. With the herd of 40 the little seven foot elephant had just arrived from Baraboo, the winter quarters of the circus.

While being carried across Wisconsin "Sultan" was taken with a chill. At one of the stations all the whiskey which could be secured in the town was made into a hot toddy for the animal.

Seventh-Day Adventist Conference.

Oakland, Cal., April 1.—With more than a hundred delegates from Europe, America and the islands of the sea, the thirty-fifth biennial conference of Seventh-day Adventists has commenced the serious part of its labors. Committees were appointed and a financial report of the general conference body for the last two years read and accepted. The report of General Treasurer Mitchell, showed that the total wealth of the conference at the present time amounts to \$28,498, from from lumbermen. Treasurer Mitchell stated that \$218,000 of the debts of the several institutions of learning had been liquidated.

Today the reports of the various conference unions and reports of committees will be heard.

Gen. Hughes Retired.

San Francisco, Cal., April 1.—Major Gen. R. P. Hughes retired from active service today. He turned over the command of the department of California to Maj. Gen. MacArthur. No special formalities marked the event, the retiring general simply introducing to his successor the staff of the department.

CRITICISMS OF MARCONI.

He Says They Came Chiefly From
Cable Companies.

London March 31.—At the annual meeting of the Marconi company, Sir John Marconi said he attributed the criticism of his system chiefly to the cable companies and the sections of the English technical press controlled by the cable companies. He announced that Lord Kelvin, Lord Raleigh and Professor J. A. Fleming, professor of engineering, University college, were shortly going to Polhu at his invitation to thoroughly examine his transatlantic wireless system. An extension of the plant, he added, was necessary before the company entered into commercial business of large scope. The capital of the company was then increased from \$1,000,000 to \$1,500,000.

COLORADO CITY STRIKE.

Is Declared Off by Moyer of the
Miners' Federation.

Colorado Springs, Colo., March 31.—The strike at Colorado City, which has been in progress since Feb. 14, and the strike in the mines in the Cripple Creek district shipping to the United States, is declared off by the Miners' Federation and Refining company's plant, which was ordered as a result of the Colorado City strike, was declared off by President Moyer of the

Western Federation of Miners this evening.

The action of the executive was taken after numerous conferences with the officials of the federation, and came in the nature of a surprise to the advisory board appointed by Gov. Peabody, which has been exerting every influence in its power to bring the principals in the fight together.

The only question at issue has been the time at which the strikers should be reinstated. President Moyer accepts the promise of Mataguer MacNeill that the men shall all be re-employed by May 15.

ARTILLERY ACCIDENT.

Turning Over of Gun Causes One
Death and Injures Several.

Washington, March 31.—The overturning of a heavy piece of artillery yesterday in the drill hall at Fort Meyer during the regular drill of the Fourth battery of field artillery, commanded by Capt. S. M. Foote, caused the death of a corporal and the injury of three other soldiers. The dead.

Corporal Charles J. Slavin, 25 years old, of Washington, crushed beneath the wheels.

The injured: Frank W. Reilly of England, 24 years of age, contusions, Elmer Wehn, Baltimore, 28 years old, slight contusion, M. E. Dunagan, Brooklyn, 29 years old, both legs bruised.

When the accident occurred the battery detachment, consisting of four pieces, was tearing at a gallop around the drill hall in column. As the heavy guns took the turn at a corner the wheels of the leading piece struck a rail under the tank bark and the entire piece was turned upside down. Slavin was the gunner of this piece and was seated on the extreme right of the limber chest. He was hurled to the ground, the heavy ordnance falling square across his body.

OLD TROUBLE SETTLED.

New Mexico Postoffice Case Is Finally
Terminated.

Washington, March 31.—A controversy that has been before the postoffice department for six years was ended today by the appointment of Fred O. Blood to be postmaster at Las Vegas, N. M. An order was simultaneously made discontinuing the old Las Vegas office, changing the name of the present East Las Vegas office to that of Las Vegas, and extending the free delivery service over the territory now supplied by the old town, which was formerly supplied by the Las Vegas office. The changes will take effect tomorrow.

Killed by Gas Explosion.

Centerville, Ill., March 31.—An explosion of gas and coal dust in the coal shaft at Sandoval, Ill., six miles out of this city, today resulted in the death of six men. Five others were terribly burned about the heads and chest.

THE DEAD.

Late Leola, Frank Dier, Joe Thibault, John Giacchino, Joe Bianco, Henry Newhouse.

The seriously injured: Allen Newhouse, Henry Wheeler, Frank Day, Charles T. Lewis, William McFadden. The accident was due to an accumulation in the mine from imperfect ventilation and from coal dust which had been allowed to gather to a depth of two feet in many places. The force of the explosion wrecked the interior of the mine, destroying trap doors and knocking down props.

Tower's New House Ready.

Berlin, March 31.—Ambassador Tower and Mrs. Tower will occupy their house here Friday and that evening they will hold an official reception for which the court officials will issue 1,800 invitations.

The official Reichensteiner today prints the following court notification: "In accordance with the regulations defining the forms observable toward ambassadors, all gentlemen belonging to the august court, or who are presented there, accompanied by their wives have, according to tradition, to make the first visit, and that personally after the new ambassador has been received by their imperial majesties and their royal highnesses, the princes and princesses of the royal house, and this applies to all ladies belonging to the august court."

After Venezuelan Debt.

Washington March 31.—French financial houses are contending with American, British and German bankers for permission from President Castro to take up the Venezuelan debt. Mr. Bowen today received information from Caracas that the French minister was in frequent communication with the Banque D'Escompte with a view to converting the Venezuelan debt and establishing a French bank in Caracas.

DRUGGISTS MUST BE CHARY.

They Sell All Kinds of Hair Preparations
and Fear to Discriminate.

Druggists sell all kinds of hair preparations and as a rule they are wisely chary of giving preference to any particular one, but many of them have come out plainly for Newbro's Herpicide, the new treatment that absolutely kills the dandruff germ. H. Swannell & Son, Champaign, Ill., say: "One customer of ours who did not have a hair on top of his head when he began to use Herpicide, now has a fair start towards a good head of hair. We believe Herpicide to be by far the best preparation of its kind on the market."

Hundreds of similar testimonials from everywhere.—Sold by leading druggists. Send the in stamps for sample to The Herpicide Co., Detroit, Mich. For sale at Z. C. M. L. Drug Dept.

"TIRED ALL THE TIME."

Women in the Spring Time Need a Tonic—
Spring Fever is Spring Catarrh—
Pe-ru-na Cures Catarrh.

Mrs E. L. Brown.

A Beautiful Society Matron's
Recovery.Memphis, Tenn., 329 Elliott St.
The Peruna Medicine Co., Columbus, O.

"I suffered for several years with headache, brought on by nervous prostration. I was also afflicted with insomnia. I would get up in the morning more weary than when I retired, and I used to dread the approach of night. Peruna came into my home as a welcome guest, and within three short months I was like another woman. I have now enjoyed perfect health for over a year, and those who have suffered as I did will know how happy I am."—Mrs. E. L. Brown.

A spring medicine Peruna is a never failing remedy. It cleanses the blood through digestion, and gives tone to the whole system by increasing the nutritive value of the food, "spring fever," as it is sometimes called, which produces a tired out, sleepy, feeling, and inability to do much mental or physical work, is the result of a sluggish digestion.

The great popularity that Peruna has is due to the fact that in all such cases it at once corrects digestive derangements and enriches the blood by purifying this very important source of that vital fluid.

Mrs. J. E. Finn, 82 East High street, Buffalo, N. Y., writes: "A few years ago I had to give up social life entirely, as my health was

completely broken down. The doctor advised a complete change and rest for a year. As this was out of the question for a time, I began to look around for other means of restoring my health.

"I had often heard of Peruna as an excellent tonic, so I bought a bottle to see what it would do for me, and it certainly took hold of my system and rejuvenated it, and in less than two months I was in perfect health, and now when I feel worn out or tired a dose or two of Peruna is all that I need."—Mrs. J. E. Finn.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

KEITH-O'BRIEN COMPANY.

PRAISE FOR WINE OF CARDUI

SUPREME DEPUTY Maccabees of the World No. 477 Beaubien St., DETROIT, MICH., Aug. 19, 1901. For four years I suffered with torpid liver until my skin looked yellow and I felt that my kidneys were affected and had severe pains across my back, and I felt that I must do something to regain my health. A friend advised me to use Wine of Cardui. I tried it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days I felt relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health, and am very pleased to give my hearty endorsement. Bla Mc Donald	PRESIDENT Shakesperian Club No. 603-12 North Seventh St., KANSAS CITY, KAS., Nov. 16, 1901. Your booklet came to my home like a message of health when I had suffered three days with headache, backache and bearing down pains. I was weak, nervous and hysterical, and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui, and in a short time like much improved. It seemed to act like a charm. I kept up the treatment, and the result was most satisfactory. Words seem to fail me to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say "thank you," but there is much more in my heart for you. Fay Lee	CRECHE NURSE DAVIS. 318 Maryland St., BUFFALO, N. Y., Sept. 28, 1901. Nurses, as a rule, have very little faith in patent medicines, but experience has taught me that Wine of Cardui is an honest medicine. I have attended a number of cases where the patient was a woman broken down with the female trouble peculiar to her sex—inflammation, ulceration and falling of the womb, irregular and painful menstruation—and I have noticed that the physician often used Wine of Cardui with great success, after other remedies had failed. I have recommended it myself very often, and feel that I am doing sick women a good turn in so doing. Florence Davis	MADAM MARLIANI No. 2925 Wabash Ave., CHICAGO, ILL., Oct. 20, 1901. I consider Wine of Cardui better than doctor's prescriptions or any other remedy for female trouble. I have tried many, both in this country and abroad, having been a sufferer eleven years, and nothing cured me until I used your remedy. I had such excruciating pains at times that I wanted to die, and indeed a life of suffering is not alluring to anyone. Your splendid medicine strengthened my nerves, restored my appetite and built up my entire system, and I now enjoy perfect health. Madam Rose Parham For advice in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.
