SESSION OF THE CITY COUNCIL

Amendments to Rapid Transit Franchise Under Consideration—Waterworks.

AFFAIRS OF WEBER COUNTY.

School and County Funds Statement—Burglars Held—Death of G. A. R. Veteran.

Ogden, March 16.—At last night's session of the city council, an ordinance granting a franchise to the Ogden Rapid Transit Street Railway Company from Twenty-fifth to Thirty-second street on Wall Avenue, came up in the form of an amendment to the general 50-year franchise granted this company in January, 1927. It provides that cars shall be operated on this line at least 12 times daily. It provides that the franchise shall be in operation within six months, and that the company will file an acceptance within 15 days of date of passage. The amendment was read the first and second times, and then it was voted that the council give its final consideration in committee of the whole next Friday night.

Mayor Brower sent in the appointment of Frank M. Briggs as member of the board of park commissioners to fill the vacancy caused by the resignation of John S. Lewis. These two men were referred back to the committee by the council, and J. W. F. Volker to fill the vacancy caused by the resignation of John S. Lewis. These two men were referred back to the committee by the council, and J. W. F. Volker to fill the vacancy caused by the resignation of John S. Lewis.

CANTALOUPE GROWING.
A number of the farmers of Weber county have taken steps to engage in the growing of cantaloupes for the summer market here in Ogden. The growers of Payette valley, Idaho, and Rocky Ford, Colorado. Thus far about 10 acres are being prepared for the planting with melon seeds and it is very probable that before the time for planting arrives there will be more acres added to this number.

LOGAN.

During the warm Summer months Catarrh sufferers are not troubled with the effects of the disease, as in Winter. This is true because in the heated season every pore and outlet of the skin is open, and a constant, copious evaporation carries off with it a large percentage of the impurities and poisons which produce Catarrh. But at the first sign of cooler weather the sufferer's comfort ends; the skin does not secrete as freely, a congested condition of the system takes place, and soon every miserable symptom of Catarrh is harassing and causing discomfort to the unfortunate ones.

Catarrh is a deep-seated blood disease, one which no amount of local treatment will ever reach and permanently cure. The beneficial effects of washes, sprays, inhalations, lotions, etc., are only temporary, and when left off the old condition returns because the blood is infected with catarrhal matter and impurities. This inflames and irritates the mucous membrane and produces the symptoms of ringing noises in the head and ears, mucus in the throat, headaches, watery eyes, partial deafness, sore throat, general impairment of the health, etc.

To cure Catarrh permanently the blood must be purified, and the system cleansed of all morbid matters, and at the same time strengthened and built up. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the very bottom of the trouble in the blood, and makes a permanent and lasting cure. S. S. S. removes every particle of the catarrhal matter from the circulation, making this vital fluid pure, fresh and healthy. Then the inflamed membranes begin to heal, because they are nourished with pure, health-giving blood, every symptom disappears, the constitution is built up and health restored.

ROSE STOPPED UP AND INCESSANT COUGH.
Catherine suffered for a long time with a bad case of Catarrh, and took a great deal of medicine without any benefit. Several doctors told me I could not be cured. I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly. I heard of S. S. S. and wrote to you. On your recommendation I commenced to use it, and after taking several bottles, I was cured and have never since had the slightest symptom of the disease. I will always be glad to recommend it to other sufferers.

CURED OF CATARRH.
Dear Sir:—At the age of five years I contracted a bad case of Catarrh. It began with a profuse watery discharge from my nose. The matter falling into my throat kept me constantly hacking and coughing, and my breath, for weeks, was foul and offensive. But S. S. S. has cured me sound and well of the Catarrh and I heartily recommend it to the public.

LOST HIS VOICE.
I suffered severely with Catarrh for a number of years and for eighteen months the disease was so bad that I lost my voice. I consulted a local physician, and he advised me to use S. S. S. I began the use of your remedy, S. S. S., and in a few days my voice began to come back, and in a few days I was restored and I have enjoyed good health ever since.

CHIEF MEDICAL OFFICER S. S. S.
For the past twenty-five years I have been in the habit of taking a course of S. S. S. every spring as a blood purifier. And have always been well pleased with the results. I had Catarrh for a number of years which was cured by S. S. S. I had a chronic catarrh of the bladder, and it was cured by S. S. S. I had a chronic catarrh of the bladder, and it was cured by S. S. Mrs. Alex Orton Closes Honored Career at 70—Other Notes.

PAROWAN.
Parowan, Iron Co., March 12.—Parowan has been called upon to mourn the loss of another of her prominent people in the death of Mrs. Alex Orton, wife of Alexander Orton, who died very suddenly at 7 o'clock on the morning of the 11th inst. She had not been feeling very well for some time but had been so busy about the house and had not time to seek the evening before her death.

PAROWAN.
Mrs. Orton was born in Birmingham, England, May 7, 1859, but moved to Northglenn in early childhood with her parents, where she was baptized in 1871. In 1877, when 18 years of age, she emigrated to America, and arrived in Utah the same year, coming in one of the hand carts which accompanied the plains and pulled her cart 1,200 miles. She got in a wagon to ride but once, and then she was thrown into the creek in Rich Canyon shortly after getting into the wagon by its being capsized. On Nov. 1, 1877, she was married to Alexander Orton, he having emigrated the year previous, and she faithfully kept her pledge to follow him. Mrs. Orton was the mother of 12 children, seven of whom survive her, she also leaves 44 grandchildren and nine great-grandchildren. She was esteemed by all for her amiable disposition and helpfulness in her Christian work.

PAROWAN.
The weather is getting milder and spring work will soon begin. Prospects for a crop of fruit are better than usual as the trees are being kept back by the cold weather which has prevailed.
