

NEW BIG THEATER FOR SALT LAKE.

Deal Closed With Brigham Young
Trust Co. For State Street
Site.

TO BE ON ORPHEUM CIRCUIT.

First Class Vaudeville House Will be
Opened to the Public on
Labor Day.

A deal was closed this afternoon between the Brigham Young Trust company and the Orpheum Vaudeville company for the erection of a theater on the corner of Commercial avenue and State street, just south of the Lincoln House annex. The contract for the theater, which is to cost in the neighborhood of \$35,000, has been secured by the Salt Lake Building and Manufacturing company, and the theater is to be ready for opening on Labor day.

This theater is to be included in the Orpheum circuit, which operates a chain of first class vaudeville houses at New Orleans, Kansas City, Denver, San Francisco and Los Angeles. The prices of admission will be 10, 20, 30, 40 and 50 cents, and the seating capacity 2,000.

The building will be of pressed brick and stone, with ornamental details in concrete. It will be 32 feet deep and 115 feet wide, and will be constructed with ample exits and provisions made for a sliding roof, so that summer audiences will not be inconvenienced by the heat. It is the intention to give performances every week night during the year, with possibly Sunday night concerts.

The stage is to be 40 feet deep and 52 feet wide, with the dressing and property rooms. There will be four proscenium boxes on the ground floor, and six in the first balcony. The front of the theater facing the State street lobby, flanked on both sides by stores.

The Orpheum Vaudeville company, which was incorporated last week, is composed of a number of young Salt Lake business men. H. J. Hayward is president, and James H. Garrett secretary and treasurer.

It is understood that William S. Wallace, principal of the Utah school, is to be the general manager, and that he will resign his scholastic duties at the end of the present school term.

The stock of the company, which is placed at \$10 a share, has all been taken up, one individual in Ogden subscribing for \$3,000 worth, and the company promises to give Salt Lake the best vaudeville night show that are to be seen in the country at popular prices.

ABOUT WELLS-FARGO.

Again Reported That Bank is to be
Sold in the Near Future.

It was very emphatically stated today that notwithstanding contrary reports, the Salt Lake bank of Wells, Fargo & company would be sold sometime within the next three weeks and that the purchasers would be San Francisco men.

Cashier Miller left this morning for San Francisco, and when a reporter of the "News" called at the bank, Asst. Cashier Clark stated that Mr. Miller would return in a week. As to the report that the Salt Lake branch of the Wells-Fargo banking company was sold or for sale, Mr. Clark stated that Dame Rumor, and nothing else, was at the bottom of it all. There were, it is true, parties who had offered to buy the bank out, but there is some difference between wanting to do a thing, and being able to do it. Mr. Clark said he did not know that even a straight, definite offer had been made for the Salt Lake bank, and as far as he knew, the institution would continue on just as heretofore.

UP THE CANYON.

City Officials Go Up Big Cottonwood to
Inspect Power Rights.

Most of the members of the city council, general officials and other specially invited guests left the city this morning for the trip to Big Cottonwood canyon to look over the water rights of the Utah Light & Railway company which it proposes to exchange to the city for an extension of its franchise.

Nine of the party made the trip in the drug, City of Salt Lake, while five went to Murray on the car and took a vehicle from there, and two went in their own private conveyances. President Hewitt, Councilmen Fiddaman, Preece, E. H. Davis, Martin, Fernstrom, Barnes and Wells, and Deputy City Recorder Richard Hartley made the trip in the drug and left the city and county building at 9:30 o'clock.

Mayor Morris, City Engineer Riter, Attorney F. S. Richards, Former State Engineer A. F. Doremus, and Assistant City Attorney W. H. Bramel went to Murray on the car and took a conveyance from that point while Councilmen Black and Hobday drove out in a private rig. Councilmen Hartenstein, Wood, Dean, Neuhausen and A. J. Davis did not go, several of them being out of the city, others being ill and others being unable to leave their business.

Councilman E. H. Davis acted as commissary general and ordered the lunch and trimmings for the party, and it is useless to say that there will be plenty of good things to eat. The menu includes chicken, ham and cheese sandwiches, salads, asparagus, chives, ice cream, cake, coffee and mineral water. A general good outing is anticipated by all.

APPLICATION FOR RECEIVER.

W. S. McCormick Asks Court to
Appoint One for B. & O.
Transfer Company.

CLEVELAND COMPANY AS WELL

Plaintiff Alleges That Defendant is So
Indebted as to be Practically Insolvent.

An application for a receiver for the B. & O. Storage & Transfer company has been filed in the district court by W. S. McCormick, who on Tuesday filed an attachment suit against the company to recover \$12,000 alleged to be due on a promissory note. The Cleveland Commission company is also made a party defendant in the complaint filed by W. S. McCormick for the reason that it has also filed an attachment suit against the defendant in the city court to recover the sum of \$12,635.

In his complaint plaintiff alleges that the defendant company is not only indebted to him and the Cleveland commission company, but to various employees and other persons, and is consequently in an insolvent condition. Hence it is asked that a receiver be appointed to take charge of all the property belonging to the insolvent company and continue its business under the direction of the court and make it self-sustaining if possible. It is also asked that the court determine the rights of the various claimants against the company and that the property be sold, when deemed advisable by the court and the indebtedness of the company paid off.

FOR LOSS OF HUSBAND.

Hannah Renshaw Sues Street Railway
Company for \$20,000.

Hannah Renshaw filed suit in the district court today against the Consolidated Railway & Power company and the Utah Light & Railway company to recover \$20,000 damages for the death of her husband, John Renshaw, who was killed by a street car on the corner of 10th and State streets, Jan. 5, 1905.

The complaint alleges that Renshaw was working for the Independent Telephone company digging a trench along the street car track on East Temple street between North and South Temple streets for the underground wires of the telephone company, and that on the day he was killed he was working on a car which was going at an unusual rate of speed and was knocked into the trench and seriously injured, and as a result of said injuries he died.

MRS. LEE GETS JUDGMENT.

Awarded \$2,500 in Damage Suit Against
The City.

In the damage suit of Hattie Lee against Salt Lake City, which was tried in Judge Ritchie's court, the jury has returned a verdict in favor of plaintiff for \$2,500. The action was brought to recover damages for injuries received by plaintiff while riding a bicycle on a sidewalk one night last summer. There was a trench about 2 1/2 feet wide dug across the sidewalk, and it was left uncovered, and without signal lights to warn persons of its existence. Plaintiff ran into the ditch and was thrown from her wheel, and severely injured.

Portland Mining Suit.

Council Bluffs, Ia., March 22.—In the Doyle-Burns mining suit today the plaintiff testified on continuance of his cross-examination that he had paid John H. Hackett \$5,000 for a fourth interest in the case of the latter against Burns in Colorado. Before doing so, Doyle testified in the case in Burns' favor. During the trial he has repudiated the testimony, asserting it was falsely given at Burns' suggestion. Stock brokers of the Portland company have been introduced to show certificates that Doyle transferred to Hackett legal title to the mine. Doyle's attorneys wish to prove that the manipulation of these stocks was managed by Burns, was shown in the handwriting.

No Justification for Murderous Assault
On Hugh Watson.

Hugh Watson, father of the young man who was so seriously stabbed yesterday afternoon, called at the "News" office this afternoon and denied the statement published in another part of this issue, that his son started the trouble by knocking his assailant down. The facts are, he says, that the boy started the trouble by striking the assailant, that he simply slapped his face, whereupon Williams pulled out a knife and made the murderous attack which nearly robbed him of his life. Young Watson is still in a critical condition, although he is much improved, and strong hopes are entertained for his recovery.

ROLLING OF VESSELS.

Hamburg Engineer Invents a
Contrivance to Prevent It.

Berlin, March 23.—The Hamburg-American line is building a new steamer at the works at Brestin which will be fitted with an invention of Otto Schury, an engineer of Hamburg, which it is expected, will reduce the rolling of vessels at sea to a minimum.

The invention consists of a massive balance wheel mounted in such a manner as to counteract the shifting of the center of gravity of the ship. The invention has only been tested in connection with models, but the Hamburg-American line is convinced of its utility that they are advancing money and loaning a vessel for a trial.

Naval engineers regard the invention as likely to be of the greatest use to shipping in reducing the stability of the gun platforms.
