IMMEDIATE RELIEF

AND SPEEDY CURE

"My baby was about nine months old when she had rash on her face and feet. Her feet seemed to irritate her most, especially nights. They would cause her to be broken of her rest, and sometimes she would cry until she was tired out. I had always used Cuti-cura Soap myself, and had heard of so many cures by the

and had heard of so many cures by the Cutioura Remedies that I thought I would give them a trial. The improve-

trial. The improve-mentwas noticeable in a few hours, and before I had used one box of the Cuticura Ointment her feet were well and have never troubled her since. I also used it to remove what is known as "cralle cap" from her head, and it worked like a charm as it cleansed and healed the scalp at the same time. Now I keep Cuticura Ointment on hand in case of any little rash or insect bites, as it takes out the inflam-mation at once. Perhaps this may be the means of helping other suffering babies. Mrs. Hattle Currier, Thomas-ton, Me., June 9, 1906."

CITY SEEMED TO SHRIVEL UP.

Conservative Estimate Places Number Of Dead at 1,200-House at Washington Votes Relief.

Kingston, Jamaica, Jan. 16 .- Thousands of persons were killed in the earthquake and the dead bodies are being taken from the debris by hundreds. The whole town is in ruins and the greater portion is still smolderin ashes. The smell of burnt fiesh pervades the air.

The cable line from Kingston is broken and the correspondent had to go to Holland Bay, 40 miles to the east, to file this message.

The earthquake came as a sudden os-

go to Holland Bay, 40 miles to the east, to file this message. The earthquake came as a sudden os-cillation, not from any particular di-rection, but up and down. Thousands of persons were on the streets of Kingston at the time, and great numbers of them were crushed. Many Americans in Kingston were killed and have been buried. Realizing the possibility of famine, the people made attempts to loot. The military, howerer, took possession of the foodstuffs. Detachments of troops with fixed bayonets were placed on guard. They were concentrated in a central position. No one is allowed to pass through the ruined sections. Kingston is threatened with a failure of the water supply owing to the bursting of a reservoir, and no water will be obtainable before tomorrow. The military suffered severely. The hospital camp, where there were sev-eral hundred soldiers, was burned and a number were killed. Maj. W. H. Hardyman and Lieut, Leader are dead. Col. J. R. M. Dalrymple Hay and Maj. Lawrenson are seriously injured. Part of the town of Port Royal has sunk and two men were drowned. The batteries sank eight feet, killing a sap-per. In several places the water is spouting through the debris. Droit Antonio, on the north end of the island, suffered little damage. The Hotel Titchfied, with a number of American guests, was not destroyed. A tidal wave has inundated Anotia bay, washing out many house. The shock was severe at Richmond, and this town also was destroyed by fire. Spanishtown was also damaged. One man was killed and 10 men were injured there. It is reported that at Anotia bay the crater of an extinct volcano is emitting flames and smoke, and it is thought that the earthquake originated there. The records of Jamalca con-tain no previous mention of activity. of this volcano. The shoak been sent to all sections of the island asking for assistance. Foodstuffs are needed above all things. The steamer Beila, from Philadel-phia, arrived here yesterday with a small cargo of provisions. Business is at a simple of assistance.

bahana crop, which has not been in-jured. Medical assistance is limited owing to the death of several doctors. Kingston was threatened with a rainstorm this morning, but at the hour of sending out this dispatch the weath-or is clear.

At Port Royal one of the batteries sank and a gunner was killed. The ships in the harbor were trans-formed into hospitals. The cabins of the steamer, Port King-ston, were full of dead and dying. When Capt. Young of the Royal Mail steamer Arno was killed. First Officer McCauley assumed command of the vessel and steamed alongside the burn-ing Royal Mail wharves and there fought the fire all night long and saved one of the plers. In the meantime the decks of the Arno had become covered with burned and injured persons, who with burned and injured persons, who were without aid to relieve their suffer-

ngs. There has been a great exodus of peo There has been a great exolus of per-ple from Kingston to hilltops and other places of safety. Many thousands are camping in the open. The entire city will have to be re-built. One official estimate places the loss at \$25 000 000.

built. One official estimate places the loss at \$25,000,00. A number of fissures in the earth have appeared, the street car tracks are out of shape, the rils are twisted, the water mains and the gas and electric pipes and wires are in complete dis-order, while the destruction of the bonded warehouses fills the air with an overwhelming odor of rum. The statute of the late Queen Victoria in the center of the city was reversed by the earthquake, but it is otherwise intact.

HOUSE VOTES RELIEF.

HOUSE VOTES RELIEF. Washington, Jan. 17.—An emergency bill for the relief of the sufferers on the island of Jamalca was passed by the house today. The bill is as follows: "The president of the United States is authorized to use and distribute among the sufferers and destitute peo-ple of the island such provisions, cloth-ing, medicines and other necessary arti-cles belonging to the sustemance and other naval stores as may be necessary for succoring the people who are in the said island in consequence of the recent earthquake." Without diffusion the bill was sent to the senate.

Mr. Tawney, in explaining the need of this emergency measure, said that the secretary of the navy had received a wireless message from one of the bat-tiships which had touched at Kings-ton, that the devastation was even greater than reported, and that the British government did not know of the extent of the disaster. Without waiting for the authority of Congress, however, Secy. Metcalf mad tele-graphed Admiral Evans to send the supply ship Celtic, which is now on her way from Guantanamo to Kings-ton, and turn over her full cargo of supplies to the sufferers of the stricken city.

city. The bill did not reach the senate be-fore adjournment, but will probably be taken up by that body tomorrow.

FIRST CARGO OF SUPPLIES. New York, Jan. 17.—The first cargo of supplies to be sent from New York in aid of the stricken people of Ja-maica will be shipped tomorrow, Pres-ident Cleveland Dodge of the New York state branch of the National Red Cross was authorized by the national organization today to expend \$5,000 in the purchase of supplies. The Red Cross contributions will be supplemented by a quantity of food, medicine and other supplies gathered by a committee of steamship and com-mercial firms.

mercial firms. The Hamburg-American, the United Fruit company and the Royal Mail Steamship company tonight announced that all of the vessels of their lines to Kingston would be at the disposal of relief organizations desiring to forward supplies to Jamaica.

PESTILENCE FEARED.

Halifax, N. S., Jan. 17.—Horace Fleming, manager of the Bank of Nova Scotla, received a cable dispatch to-night from the manager of the bank's Kingston branch, stating that condi-tions in the stricken city are growing worse. Business is at a standstill, The chief cause of fear is the possibility of a mostillance sestilence.

THOUSANDS ON THE OHIO ARE HOMELESS.

Cincinnati, Jan. 17 .- Thousands o people along the Ohio river are home. less on account of the prevailing high water. Indications point to a stage of at least 55 feet for the river in this city, making this the greatest flood since February, 1884. The city authorities today began to care for the f d victims. School buildings auth

shocks since the first disastrous one shocks since the first disastrous one, and the repetitions keep the people in a state of terror. The Hamburg-American steamer Prinzessin Victoria Luise, which ran ashore at the harbor en-trance Dec. 16, is now a total loss. The topography of the country has been changed and the navigation into this harbor materially altered.

GOV. SWETTENHAM'S REPORT.

London, Jan. 17.—The colonial office has received a cable dispatch from Sir Alexander Swettenham, governor of Jamaica. It is without date and runs as follows:

Jamaica. It is without date and runs as follows: "Continuing my previous telegram on the subject of the earthquake: The evil effects have been confined almost to three parishes of the island, namely, Kingston, Port Royal and St. Andrew. The fire at Kingston has practically ceased; only coal and rubbish are now burning. The district burned comprises a triangular area between the parade gardens, the sea, Duke street and Prin-cess street. The parish church forms the apex of this triangle, which com-prises about one-thirrieth part of the town. The wharves burned are George Lyons, Solomons, Demercado, Hen-riques, and one, not both, of the Royal Mail Steam Packet company's wharves. "The burned area is being cleared slowly, owing to the indisposition of the population to labor at double the usual wages. There are a few bodies still covered with ruins. The burials to noon this day comprise 343. The persons admitted to hospitals in King-ston total 440, excluding some 60 cases sent to Spanishtown from Kingston for treatment.

sent to Spanishtown from Kingston for

treatment. "The population generally is en-camped on the parade grounds, the race course and the open spaces. "The usual provision shops are in the burned area, and there is consequently difficulty in buying provisions. I am arranging for sales temporarily, and for the transfer of persons to other par-ishes. There was some pilfering last night from deserted shops. The popu-lation is wonderfully patient, but list-less.

less. "Among the killed are Sir James Ferguson, J. W. Middleton, A. M. Na-than, Edward Decordova, J. R. Mudon, J. A. Payne, Dr. R. C. Gibb, R. W. Bradley, B. Varley, W. George Bur-rows, Charles Sherlock, E. Morris, Capt. Constantine and Miss Lockett. "Great assistance has been clean by

"Great assistance has been given by Sir Alfred Jones, who converted the steamer Port Kingston into a tempo-rary hospital and refuge, by doctors and firemen from Spanishtown, and by the convender of the troops, who sup-plied men to assist in keeping order and to patrol.

to patrol. "The direct line cable is broken three miles off the coast. Both the telegraph offices are burned."

THE DEATH LIST LARGE.

THE DEATH LIST LARGE. London Jan. 17.—It is now known that the death list from the Kingston earth-quake will certainly exceed 500 and may even reach 1,000, and that large num-bers have been incapacitated by their injuries. The city is a heap of ruins. The royal family hastened to set the country an example of generous assist-ance to the afflicted city. The king and queen have each contributed \$5,000 to the lord mayor's fund. The Prince and Princess of Wales have contribut-ed \$2,500 each, and the big companies interested in the West Indies are fol-lowing suit.

interested in the West Indies are fol-lowing suit. Should the reports of the subsidence of Kingston harbor be confirmed, a new peril will be added, and further dispatches on this subject are awaited with the greatest anxiety. According to further dispatches re-ceived here from Jamaica, dated Thurs-

buried. Fortunately the water supply is hold-ing out. Some graphic details of the Kingston disaster are given in one of the latest dispatches, received here, dated from Holland bay, Jan. 15. According to this report, the whole city of Kingston seemed to shrivel up, buildings crashed together and fell in a crushed mass under the first shock. The streets at the time were filled with tourists and according to this correspondent, many were caught under the failing bricks and buried in the deris. Fire broke out immediately after the crash at three separate points. The fire depart-ment station was wrecked, rendering resistance of the flames impossible. The fire continued unchecked until Thesday morning, by which time the workhouses in the lower part of the hey were consumed, and not a single house anywhere remained undamaged. When this dispatch was filed the bodies of many people who had been staying at the Myrtle Bank hotel were still be-neath the wreckage. A conservative estimate of the cas-mattes made by the police of Kingston place the number of killed at 1,200. This scimate is likely to be largely in-creased when a thorough search is made of the wrecked buildings. The treasury on Harbor street was standing, but the postofice and court-house were in ruins. The government

standing, but the postoffice and court-house were in ruins. The government offices were unsafe for occupation, the government house was badly damaged, the Colonial bank was burned out and the Nova Scotia bank was a heap of ruins. The Roman Catholic cathedral, the Parish church, and the Scotch. Baptist and Wesleyan chapels had disappeared and the theater was destroyed.

Every mother feels a great dread of the pain and danger attendant upon the most critical period of her life. Becoming

mother should be a source of joy to all, but the suffering and danger incident to the ordeal makes its anticipation one of misery. Mother's Friend is the only remedy which relieves women of the great pain and danger of maternity; this hour which is dreaded as woman's severest trial is not only made painless, but all the danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, the system is made ready for the coming event, and the serious accidents so common to the critical
