THE EVENING NEWS.

Friday, . . . June 11, 1869.

LOCAL AND OTHER MATTERS.

THEATRE.—"Aladdin" and "Tromb-Al-Ca-Zar" were presented last evening, and were well received. The "vocal gems" were sung with considerable effect.

We regret to state that Miss Emma Howard is suffering from rather severe injuries to one of her feet, received on the cars, while coming from Elko to this City. Her sufferings were so severe last evening that she was unable to participate in some portions of the performance. We trust she will speedily recover.

To night, this lady takes her first benefit, and we hope the manifestation of public favor extended on the occasion will be commensurate with her merits as an accomplished and vocalist. The bill is one of more than ordinary excellence, and can hardly fail to draw a full house. The performance commences with the comedietta of "I couldn't help it," after which, the celebrated "miserere" scene from Verdi's opera of Il Trovatore, will be presented, the entertainment concluding with the gorgeous, historical extravaganza of "Kenilworth," in which the Howsons, Miss Annie Lockhart, and several gentlemen of the company will appear.

THE UTAH CENTRAL RAILROAD.—Yesterday morning, at half-past nine, President Young, accompanied by a number of gentlemen interested in the U. C. R. R., left this city for the purpose of determing the exact route to be taken by the road. At the Hot Springs, the party was met by the Bishops and prominent citizens of Bountiful, Centreville, Farmington and Kaysville. During the day the road was definitely located, from the Hot Springs to Kaysville, at which latter place the President stopped last night, and will proceed to Ogden to-day. The track at the Hot Springs will first run along the site of the present lower wagon road, cutting through the farm of Daniel Wood, Esq., a little to the west of his residence, and then continues northward, at a short distance west of Bountiful and Centreville. At Farmington, the inhabitants were at first anxious to have the track located at some considerable distance from the settlement, but at last preferred to have the railroad go to Farmington rather than have Farmington obliged to go to the railroad. The track will continue to run on the bottom lands between the Great Salt Lake and the settlements, until it reaches Kaysville. The line from the city to Kaysville is located at no great distance from the settlements, but sufficiently far off to prevent the occurrence of accidents to children or cattle from their straying on to the track, that would be liable to occur were it brought into the immediate vicinity, or directly through the settlements.

WHITE DRESSES AND TOBACCO JUICE.—A lady friend writes us that, on Wednesday evening while at the Theatre, her white dress was rendered intolerably disgusting by tobacco juice, squirted from the lips of gentlemen sitting around her. She says this habit is getting to be a perfect nuisance and she wants us to put a piece in the NEWS about it. Ever desirous of obliging the ladies, we feel far more than ordinary pleasure in doing so on the present occasion, from an inveterate hatred of the disgusting practice complained of. There has been a time here when no such cause of complaint existed, from the extreme rarity of those who indulged in the practice of chewing and smoking, but we are sorry to have to express our belief that these habits are on the increase, especially among our young men. It is a most unmistakeable sign of bad breeding and lack of courtesy to indulge in such a stinking, filthy practice in the presence of ladies; but when a man will so far forget every rule of decency as to saturate or defile a lady's dress with tobacco juice, while sitting in a public assembly, he should be politely shown OUT of doors and INTO a hog-pen, or other place equally suitable to his vitiated and depraved tastes.

MISSIONARIES AT NEW YORK.—Elder W. H. Miles, writing from New York on the 5th inst., says: "The steamer *City of Paris* sailed at half-past two this afternoon, having the following named missionaries on board: Elders Amos Neff, James Lavender, Geo. W. Groo and G. Henry Snell. They left us in good spirits, feeling well, and rejoicing that they had an opportunity to be counted among the 'Swift Messengers' which the ancient prophets saw. I understand that Gen. Chetlain was also on board, though I did not see him. I have the privilege of seeing Bro. Pratt almost every day; his presence and cheering words to the missionaries are appreciated by them. I wish also to make especial mention to-day, of Bro. Snell, as feeling well, and entirely recovered from his indisposition."

LEFT LIVERPOOL.—By letter from Elder W. H. Miles, of New York City, we learn that the steamer *Minnesota* left Liverpool on Tuesday the 1st instant with 400 saints on board; it was expected they would reach New York on or about the 13th inst. Elder Staines had not reached that city, on the 5th instant, the date Elder Miles' letter was written.

DELICIOUS.—Judge Hoge has our thanks for the delicious strawberries he placed on our table this morning. They are of the Excellenta variety, and are certainly excellent both for size and flavor.

TELEGRAPH OFFICE AT SMITHFIELD.—The Deseret Telegraph Company opened an office for the receipt and dispatch of messages at this thriving settlement on the 9th inst. Miss Raymond has been appointed operator. The tariff from Salt Lake City to Smithfield, has been placed at the extremely low rate of fifty cents for ten words. The exceedingly low charges made by this company for sending messages on their lines north and south, should obtain for it a most liberal patronage from our citizens.

PASSING THROUGH.—The band of the 7th Infantry, with a number of baggage wagons, this morning, passed through the city to Camp Douglas, where a portion of that regiment is now stationed.

STARTED.—We learn through the *Daily Telegraph* that Elders Albert Dewey, Robert J. Golding, J. Q Knowlton, George Moeser, George Barton and Milford B. Ship, missionaries called at the last Conference, left the switch at Taylor's Mills yesterday afternoon at 2.30 p.m. for the East, en route to fill their missions. May their journey be a safe, speedy and pleasant one!"

Died:

At Farmington, on the 28th ult., Julia Van Orden Haight, wife of Judge Haight. She was born Jan. 19, 1811, in Windom, Green Co., New York; obeyed the gospel in Nauvoo, Hancock Co., Illinois, and arrived in the mountains on the 20th September, 1847, and settled in Davis County.

She was the mother of seven children, three of whom she raised, viz., Mary, Horton and William V.

She was faithful to the cause of God, and often assisted her neighbors in nursing the sick. She was kind to the poor; no person asked her for relief without receiving of her bounty. She has laid her body down in full hope and assurance of a glorious resurrection.—[Com.

The renowned Pullman Palace Sleeping Cars are run on this line, exclusively, from Chicago east, and are fully supplied on all night trains.

The famous PULLMAN HOTEL CARS leave daily on evening trains running directly through to Rochester, N.Y., without change.

The passenger equipment of this line is unequalled by any other in the country, and will be found by patrons to possess all the requisites of "SPEED, COMFORT and SAFETY."

Connected with the
GREAT CENTRAL ROUTE
IS ALSO
The Blue Line

Established January 1, 1857, for the carriage of
Through Freight without Transfer.

This Line is owned and operated by the Michigan Central; Illinois Central; Chicago, Burlington and Quincy; Chicago and Alton; Great Western of Canada; New York Central; Hudson River; Boston and Albany; Providence and Worcester; Worcester and Nashua; Housatonic, and Jackson, Lansing and Saginaw Railroads.

THE "BLUE LINE"
Is the only route that offers to shippers of freight the advantage of an unbroken gauge of track from Chicago and the Mississippi river to the Seaboard, and is of the

SAME GOAGE AS THE UNION PACIFIC,
over which these cars will run on completion of that road.

THE BLUE LINE CARS
Are ALL OF UNIFORM BUILD, thus largely lessening the chances of delay from the use of cars of a mixed construction, and the consequent difficulty of repairs while remote from their own roads.

The Blue Line is operated by the Railroad Companies who own it, without the intervention of intermediate parties between the Roads or Line and the public.

The facilities of the Line for making uniformly quick time are unequalled.

All claims promptly settled on their merits.
