similar remarks.

Alexander Brown, who dug the first Alexander Brown, who dug the first irrigation ditch in northern Utab, ploughed the first furrow in Weber county, and helped build the first house in Salt Lake City, was next inoduced and heartily cheered by the delegates.

Secy, of Agriculture Wilson then delivered a very interesting address in which he congratulated the congress on the magnificent attendance present and took occasion to say that it was one of the very finest conventions that he had ever been called upon to ad-dress. "You produce remarkable things in this country," said Mr. Wilson, "and have reason to be proud of your achievements. This meeting may de-velop the fact that we need new legis-lation. If so it would be achieved by the second s 2,000 men in my department are at your service to render you all the as-sistance you may desire." Secy. Wil-son was liberally applauded during his remarks. remarks.

Lieut.-Col. Don Ignacio Altimera, at tache of the Mexican embassy, and M. Max du Couppy de la Forrest, irrigacommissioner of France made short addresses in which they thanked the congress for the honor conferred and pledged their support in the matter of irrigation.

THE DECORATIONS.

Ogden Tabernacle Presents a Strikingly Patriotic Appearance.

(Special to the "News,")

(Special to the "News.") Ogden, Sept. 15.—The Ogden Taberna-cle, in which the convention is being held, is beautially decorated. Over the pipe organ is a three-quarter lifesize portrait of President Rassevelt. On his right is a picture of the inte President George Q. Cannon, while on the left is a striking likeness of President Brigham Young. The left side of the gallery is Young. The left side of the gallery is uniquely decorated with sagebrush and on the right, extending the full length of the hall, are bunches of wheat inter-woven with alfalfa and berries. Below the platform are hung pictures of Sena-tor W. A. Clark, Senator Klesel, Secre-tary Wilson and others. The platform itself is done in green and white with the Stars and Stripes len are relief hore and there. and there.

and there. The delegations, which are so large as to tax the building to its capacity, are seated on the right from the stand as follows: California, Montana, North Dakota, Nebraska, South Dakota, Okla-homa, Nebraska, Arizona, Minnesota, Illinois and Utah. On the left are Colo-rado, New Mexico, Kansas, Nevada, Washington, District of Columbia and Idaho. Idaho

Surrounding the hall on the outside are hundreds of people cager to gain ad-mission, but are unable to, manifesting a degree the great interest taken in the congress.

the congress. Consplictous on the stand among the Pioneers are Aaron and Lorin Farr, Green Taylor and others. This morning before the opening of the congress, Foster's military band and the Mexican band accompanying the Texas delegation, paraded the principal streets and discoursed sweet music. They also played in front of the conven-tion hall. Many business houses and private dwellings are decorated with bunting and Old Glory in honor of the most important irrigation congress ever most important irrigation congress ever held in the west

CONCERT TO DELEGATES.

Excellent Musical Program to be Rendered on Wednesday Night.

(Special to the "News.") Ogden, Utah, Sept. 15 -- One of the most pleasing features of the irrigation congress will be the concert to be giv-

One feature of the Irrigation congress at Ogdon will be the meeting of the en-gineers in the reclamation service of the United States geological survey who expend the government money for irriga-tion. At their head will be the well-known Professor F. H. Newell, head of the bureau. Invitations have been sent out to the 250 engineers engaged in the work and those who have aiready arrived are at their headquarters at the Virginia,

Professor Newell stated the object of Professor Newell stated the object of the conference to be the bringing into closer touch the men engaged in this special work, many of whom have never met each other and many of whom he had never met. At their meeting today the advisability of appointing committees to investigate and make reports or tees to investigate and make reports on water laws, stream measurements, pumping and other kindred subjects, will be considered, the reports to be made at a similar conference a year

Tomorrow there will be a discussion Tomorrow there will be a discussion of the work in progress in which quite a number of the leading engineers will take part and on Thursday the follow-ing subjects will come up for consider-ation: "State and Federal Laws," "Standard Plans for Canals, Head Works, etc.," "Alkall and Drainage," "Duty of Water," "Methods of Recon-naisance and Survey," Entertajument of a pleasant character will be inter-spersed through the proceedings. spersed through the proceedings. The engineers in attendance at the
