EASTERN.

Memorial Services.

NEW YORK, 24.—The London *Telegraph* has a long account of a memorial mass at Chislehurst on the 9th, on the occasion of the first anniversary of the death of the Emperor Napoleon. After disposing of the crowd that attended, despite the wind and rain, and the celebration of the mass, the *Telegraph* says, at length the moment arrived for the removal of the body to the Lady Chapel, and while the choir sang softly, the members of the Imperial household grouped themselves around the coffin, and the priests and bishop, surrounded by candles and amidst a cloud of incense, bore it slowly to its last resting place. It is said to have been the wish of the Emperor that he should be laid in French soil, even though he might be buried in England, and in obedience to this desire, earth had been brought from the garden of the Tuileries and placed in the bed at the bottom of the sarcophagus into which his coffin was lowered. The bishop, duly attired in mitre, rochet and pall, advanced and scattering upon it a little French soil inside the tomb, sprinkled it with holy water, and pronounced absolution. The Prince Imperial, who had remained a spectator of the ceremonies from the place he first occupied, here almost broke down under his emotion, and it was nearly a minute ere he could be called upon to approach the tomb of his father. In the meanwhile Father Goddard had advanced from the vestry, and now appeared on the altar steps, supporting the widowed Empress, who was bitterly weeping. The bishop, attended by the priests, came forward at this moment and, placing the hand of her majesty in that of her son, conducted her to the little chapel, where she took a last, long look at the coffin, speinkled it with holy water and then retired, followed by the prince and his suite.

Danger From Communists—Thousand Men Discharged—Corner Stone Laid—Freeman the Matricide.

The superintendent of police, while admitting that some danger of disturbance still exists among a portion of the unemployed working men, denies all knowledge of and any foundation for the statement that an order has been issued for the protection of churches owing to threats of the Communist; leaders, nor does the captain of the precinct in which the convent St. Catharine is situated know of any foundation for the rumor that the institution is to be burned by Communists. A large force of police, however, was held in readiness last night at headquarters, convenient to the convent.

The corner stone of the new *Tribune* building was laid to-day. The Misses Greeley participated in the ceremonies, which were very simple.

One thousand men were discharged from the navy yard during the past week.

Joseph W. Freeman, the matricide, arraigned in the Hudson Co. Court, on a charge of wilful murder, pleaded not guilty; the trial was set down for Feb. 10.

Cadets Appointed.

WASHINGTON, D. C., 24.—The President has appointed the following cadets from the United States at large, to the military academy at West Point: Walter Stone Alexander, son of Lieut. Col. Alexander; J. Walter Bennett, son of Col. Bennett; Jos. B. Rawlins, son of Gen. Rawlins, late Secretary of War; Chas. J. Messmore, son of Col. Messmore; Wm. E. Almy, son of Commodore Almy; Fred. L. Faltz, son of ex-surgeon-general Faltz; George C. Strong, brother of Gen. J. Strong; Wm. English, son of Lieut. Col. English; and Jno. Greene Lugenbul, son of Colonel Fenckney Lugenbul Lawrence, and G. Hearn, son of a former sergeant in the fifth infantry, are appointed as first and second alternates to supply the place of any of the above appointees who may fail.

Louisiana Matters—Cain to the Coin of the Country.

The Butler-Carpenter bill for a new election in Louisiana provides, it is said, for a commission to be appointed by the president, to consist, it is supposed, of military officers. It is said that the bill cannot be passed without the aid of the Democrats, who are indisposed to endorse the principle of Congressional interference in the affairs of State, although not satisfied with the manner in which the Kellogg government was placed in power.

The gain to the stock of coin in the country during the first six months of the current fiscal year is given at about thirty millions in gold and one million in silver. The number of trade dollars issued was 11,225,000.

"Involuntary Manslaughter."

RICHMOND, Va., 24.—The trial of M. Page McCarthy for killing Geo. B. Mordecai, last May, was concluded this evening, the jury, after an absence of two hours, returning a verdict of involuntary manslaughter, fixing the imprisonment, with a fine of $500. The counsel for the defense asked a suspension of judgment, and moved to set aside the verdict. The prisoner was held in a thousand dollars.

Deliberate Murder.

WILKESBARRE, Pa. 24.—Yesterday p.m., a miner was returning along St. Pittston, from work, when a stranger on the sidewalk, apparently watching for some one, shot him dead, and threatened to shoot any one who interfered; the murderer disappeared and has not been seen since.

WEST INDIES.

Raid by Negroes—Surrounded—To be Embargoed.

HAVANA, 23.—On the night of the 20th a band of negroes made a raid into Trinidad Valley and burned the Mayaguera, Los Lajac, and Sacra Familiar plantations, carried off all the slaves from the Mayaguera plantation, and completely destroyed all the machinery.

Four thousand insurgents have surrounded Manzillo.

The government proposes to again embargo the several estates which were lately released.

Cable Laid.

KINGSTON, 24.—A cable has been laid between this place and Ponce, Porto Rico.

FOREIGN.

FRANCE.

Carlist Triumph.

BAYONNE, 24.—The Carlists report that Santander and Portugalite surrendered, unconditionally, to their forces on the 22nd inst., and that the entire Segovia battalion, a number of artillerymen and engineers, 1,200 Remington and 400 Minnie rifles, and two cannon fell into their hands.

Last Night's Dispatches.

EASTERN.

"Benai Brith."

CHICAGO, 25.—The second quinquennial convention of the grand lodge of the order of *Benai Brith* met in this city to-day, about 160 delegates being present. Simon Koch, of Washington, D. C., was elected president, with a vice president from each of the seven districts of the order, S. Salzburg, of San Francisco, being elected vice-president from the fourth district. The report of the executive shows the order to be in a flourishing condition, having doubled the number of lodges and membership since the last convention, the financial condition being also satisfactory. An interesting incident of to-day's session was the presentation, to M. Frankland, a prominent member of the order in Memphis, of an elegant and costly Maltese cross, engraved with the emblem of the order, as a testimonial of the honor and admiration of his brethren of the grand lodge, for his heroic devotion to duty in caring for the yellow fever sufferers in his city during the late pestilence.

Supreme Court—Bankruptcy—S. P. Railroad—The President and Louisiana.

WASHINGTON, 25.—It is expected that the judges of the Supreme Court will soon take a recess, and that the new Chief Justice will take his seat on the re-assembling of the court.

The following is an exhibit of the proceedings in bankruptcy in the U. S. courts, with a statement of the cases in bankruptcy in said courts, and their deposition, from March 2nd, 1867, to December 31st, 1872: The number of petitions filed in 1867, 7,345; 1868, 29,539; in 1869, 5,921; in 1870, 431; in 1871, 5,438; in 1872, 6,074; total, 58,618. The number of discharges granted were 38,747. Fees and expenses of assignees, $1,008,022; fees and expenses of clerks, $942,792; fees and expenses of marshals, $1,001;954; fees and expenses of registers, $1,768,346; miscellaneous expenses, $105,668; total expenses, $4,821,784. The number of cases pending Jan. 1st, 1873, 15,421.

The plan of relief for the Southern Pacific Railroad, which will soon be introduced in Congress, is briefly as follows: All the lands of the company are to be sold by a commissioner appointed under the authority of the U. S., and the proceeds placed in the treasury to the credit of the company, the government to retain the amount charged for the transportation of mails and the carrying service. The company ask the U. S. to guarantee the in erest on the five per cent. bonds, receiving for thirty years, to a limited sum per mile; in consideration of such accommodation the company propose to pay the government a liberal per cent. on the gross earnings, thus securing the government from loss.

The President is preparing a message, which he will send to Congress after first submitting it to the cabinet, in which he will make a plain but elaborate statement of the facts in connection with federal proceedings in Louisiana in support of the decision of the United States court. The President is opposed to any legislation by Congress ordering a new election in Louisiana, though he has no hesitation in saying that there is no doubt that the late election in Louisiana was an organized fraud from beginning to end, for the benefit of those now in possession of the government of that State, that there has never yet been a fair account of the votes, and that results have been reached by dishonest means too well known to be repeated. Still it is his opinion, as recently privately expressed, that Congress has no more right to order a new election in Louisiana than it has in any other State because of a local conflict, all States now being equal in the Union, and as much entitled to the general protection from illegal or unconstitutional interference by any branch of the federal government, as they are against invasion.

The Van Buren Nomination—Siamese Twins.

NEW YORK, 25.—A Washington special says the nomination of Gen. Thomas B. Van Buren, to be Consul at Kagawga, Japan, will be rejected. General Van Buren was Chief Commissioner of the United States to the Vienna Exposition, and was removed on account of charges preferred by Minister Jay. The nomination is likely to reopen the Vienna scandal.

A dispatch from Mount Airy says that Dr. William Hollingsworth, who attended the Siamese Twins, is of the opinion that the death of Eng was not caused by any vital connection of the artery passing from one to the other through the ligament that united them, and he believes there was no such vital connection through the ligament, because he has attended the twins when one was sick and the other in good health, and when there was as much as twenty beats difference to the minute in their pulsation. The bodies, after being embalmed, were placed in a coffin and encased in a large tin box, which was soldered and made air tight. All was then put in a large wooden box, and packed in charcoal, made secure and placed in the cellar of the house. It is reported that the bodies will be disposed of at an enormous price to some museum or medical college, or placed on exhibition. This is to be subject to the decision of the members of the family. The charge is made that a mystery has been thrown over the death of the Twins and the real cause of their decease suppressed, for the purpose of obtaining possession of the bodies for the above stated object.

A dispatch from Greensboro says that Dr. Jos. Hollingsworth, brother of the doctor who attended the Twins, while *enroute* for the North, stated that his mission was to dispose of the dead bodies of the Twins on the most favorable terms he could negotiate. The sum asked for the privilege of making a post *mortem* examination is stated to be eight to ten thousand dollars.
