

HIGH SPIRIT AT THE COUNCIL

Crimination and Recrimination
Over the Chief of Police.

THE MATTER STILL REMAINS

Unsubstantiated Statement Retorted
That Hilton Agreed to Step
Down and Out.

There was no little spirit at the council meeting last evening and the citizens assembled to listen to the chief of police and the chief of police Hilton were not in the least disappointed in their expectations of a warm time.

It all came about over the reluctance of the chief to resign and the failure of the committee on police and prison to make any report, whatever, until compelled to do so by a vote of the council, on the communication of the mayor removing Mr. Hilton.

When the council voted that a recess of twenty minutes be taken to allow all committees to formulate their reports, the majority of the police committee, consisting of Thomas, Hewitt and Sharp, made a report which follows in full:

"We, a majority of your committee on police and prison, beg leave to report as follows: In the matter of the removal of Chief of Police Thomas H. Hilton, a majority of your committee recommended that the action of the Mayor removing Chief Hilton as chief of police be concurred in. This report is made because of the failure of the committee to comply with his solemn promise to the committee to tender his resignation this day to the Mayor. He has not communicated to the committee any reason for failure to keep his promise."

When a vote was about to be taken on the adoption of the report, the minority of the committee, Chairman Earley and Councilmen Peterson, Johnson and the assistance of the statutory rule of the council which requires that final action on all committee reports be deferred until next regular meeting up on the request of two members, they both making that request.

The excitement began when the president, after calling for reports of standing committees, failed to call for a report from the police committee, which was the last of the reports to be made. Daveler to his feet to cite the new rule requiring the president to call for reports from all standing committees.

He said in part: "The rule of this council is that the president shall call for a report from the committees on matters which have been referred to them. There has been a matter referred to a committee of this council, and I think it is the right of this council to know what that report is, and I insist on that committee making a report."

Robertson moved that a recess of fifteen minutes be taken to allow them to report. Mr. Peterson thought it best to let the matter rest for another week, as he thought the matter could be amicably settled in that time, but if insisted upon he was ready to report.

Chairman Earley desired more time to prepare a report and the council adjourned waiting for the chief's resignation and were consequently unprepared. Mr. Robertson closed the arguments on the motion in a very forcible speech. He said that it was very important that this police matter be straightened out for, until it is, there could be no discipline in that department whatever. Policemen are negligent in their duties and challenge the chief to dismiss them, if they want to close the saloons on Sunday they will do so, if not they won't. The chief says "I will not resign, for I have enough money to live on, and I have enough money to live on, and I have enough money to live on."

The people demand, he said, that this matter be settled and a vote for Hilton would mean that the Council is receding in its duty.

The motion for a recess of fifteen minutes to allow the committee to report was lost by a vote of seven to six. Robertson, Robinson, Daveler, Sharp, Thomas and Vigus voted for the motion. There were two absent, A. J. Davis and Tuddenham.

Then followed several speeches on the duty of the president calling for reports of the committees, and Daveler contended that the president was negligent in his duty in not calling for reports and said that it looked to him as if he were overriding the rules of the Council in not demanding a report from this particular committee.

Robertson again moved that the president be directed to demand a report from the committee and a recess of five minutes be taken or that purpose. The motion was lost by a vote of eight to five.

President Cottrell then announced that he would follow the rule of calling for reports from all standing committees and as oral reports were objected to the council took a recess of twenty minutes to allow them to report in writing. Peterson moved to amend the motion extending the time till 6 o'clock in the morning.

Robertson said he thought the amendment was entirely out of order and said: "Because it is an insane notion from the added brain of the Senate from the Third precinct, and because the statement from the Third and the statement from the Second (referring to the president) this matter is generating into a farce."

The motion was carried by a vote of seven to six. The committee presented the report as given above.

Chief Hilton was called up by telephone and denied that he had promised to resign or that he had authorized any one to make any such statement for him.

He also stated that he would accept no other position under the Council's recommendation and that if removed from office would probably leave the city. All he asked was a better from the Council as to his character and ability.

Further proceedings in the matter were postponed until the next regular meeting next Tuesday night.

among progressive pioneers. He was one of the relay riders who rode in the famous pony contest at the Centennial Holiday, wherein the mails were carried from St. Joseph, Mo., to San Francisco in ten days, thereby winning a wager of \$200,000. Mr. Faust carried the mail pouch from Simpson Springs, Utah, to a station sixty miles west. His horse gave out on the trip and the hardy rider ran five miles on foot, carrying the pouch on his back.

SHEEPMAN FIRED UPON.

H. S. Alexander, Foreman for E. H. Callister, Attacked by Twelve Men.

H. S. Alexander, foreman in the employ of E. H. Callister, was with his herd last Saturday night near Cedar Mountain, Uinta county, Wyoming, when he was attacked by a number of men with guns and while he was fortunate enough to escape with his life, thirty-two head of his sheep were killed.

Alexander was returning to camp with some sheep when he detected twelve horsemen in the distance, but it was dark and he could not tell who they were. Without any warning they opened fire upon him and he was hit without any kind of fire arms he has taken out of the range of the fire. He returned in the course of an hour and found thirty-two dead sheep lying about the camp. Alexander has notified the sheriff of Uinta county and the latter has promised to do all he can towards apprehending the outlaws and bringing them to justice.

This is the third attack on the life of a sheepman in that district within the last few months and it is thought the ranchmen are the guilty parties as they have always displayed a hostile spirit towards the sheepmen.

TALL MAN AND SHORT.

They Attempt to Rob Two Young Ladies Near Eagle Gate.

A couple of daring thugs made an unsuccessful attempt to rob two young ladies at an early hour last evening. Miss Agnes Coulter and Miss Gibson were on their way home about 7 o'clock and were at a point just East of the Eagle Gate on South Temple street when two men suddenly darted from behind trees and one of them seized the pocket book which Miss Gibson carried.

The young lady was not to be frightened into giving up her purse and clung grimly to it while her companion screamed lustily for assistance. Her screams attracted the attention of two gentlemen near by and they gave chase to the thugs but did not succeed in capturing them.

The young ladies at once reported the occurrence to the police and gave an excellent description of the highwaymen. The fellow who seized Miss Gibson's purse was short and heavily built, while his companion was taller and slender.

MUNICIPAL MATTERS.

The council last evening received a communication from City Judge H. S. Tanner asking that a bailiff be appointed for his court to wait upon the wants of the litigants and attorneys during the trial of causes. He also asked for additional furniture for his courtroom including a sofa, mirror, dresser, etc.

The communication was referred to the committee on municipal law and police and prison for action.

Chief Devine of the Fire department sent in the appointment of W. J. Lloyd as a fireman to fill a vacancy, which was referred to the committee on fire department.

Mrs. B. Gilbert asked to be appointed police matron at the city jail. It was referred to committee on police and prison.

The bill of Salt Lake county for collecting the city taxes for 1901 was presented by Auditor Relsor. The amount of the bill is \$1,375.20 and was referred to committee on finance.

The payroll for the first half of the month was presented, the amount of which is \$3,561.30 and was referred to the same committee.

Vice President Buys of the Utah Press association was given privilege of the floor to invite the council to an organ recital at the Tabernacle next Thursday afternoon given in honor of the Canada Press association on the occasion of their visit to this city. The invitation was accepted.

unfailing specific in all cases of dyspepsia and indigestion.

Almost everybody's digestion is disordered more or less, and the commonest thing they do for it is to take some one of the many so-called blood purifiers, which in many cases are merely strong cathartics. Such things are not needed. If the organs are in a clogged condition, they need only a little help and they will right themselves. Cathartics irritate the sensitive linings of the stomach and bowels and often do more harm than good.

Purging is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Stuart's Dyspepsia Tablets do this perfectly. They partly digest what is eaten and give the stomach just the help it needs. They stimulate the secretion and excretion of the digestive fluids and relieve the congested condition of the glands and membranes.

They put the whole digestive system in condition to do its work. When that is done you need take no more tablets, unless you eat what does not agree with you. Then take one or two tablets—they then needed help and you will have no trouble.

It's a common sense medicine and a common sense treatment and it will cure every time. Not only cure the disease but cure the cause. Go about it in a perfectly sensible and scientific way.

We have testimonials enough to fill a book, but we don't publish many of them. However—

Mrs. E. M. Faith of Byrd's Creek, Wis., says: "I have taken all the Tablets I got of you and they have done their work well in my case, for I feel like a different person altogether. I don't doubt if I had not got them I should have been at rest by this time."

H. E. Willard, Onslow, Ia., says: "Mr. White of Canton, was telling me of your Dyspepsia Tablets curing him of dyspepsia, from which he had suffered for eight years. As I am a sufferer myself I wish you to send me a package by return mail."

Phil Brooks, Detroit, Mich., says: "Your dyspepsia cure has worked wonders in my case. I suffered for years from dyspepsia but am now entirely cured and enjoy life as I never have before. I gladly recommend them."

It will cost 50c to find out how much Stuart's Dyspepsia Tablets will help you. Try them—that's the best way to decide.

All druggists sell them. A little book on stomach diseases will be mailed free by addressing F. A. Stewart Co., Marshall, Mich.

HARVARD AND YALE CANNOT AGREE.

Five Years' Agreement With Arbitration to Decide Questions.

ANOTHER PLAN SUGGESTED.

Yale Desires Agreement That Each College Play Under Its Own Rules, But Harvard Objects.

Cambridge, Mass., Jan. 22.—It is understood at Cambridge that the proposed plans for another five years' agreement between Harvard and Yale are not progressing smoothly. The unofficial story is as follows:

Harvard has proposed to Yale a five years' agreement with an arbitration to decide all questions of eligibility, but Yale is unwilling to accept this. Yale wishes a five years' agreement with each college playing under its own rules. Harvard does not favor this, claiming that Yale's eligibility rules may be entirely changed during the next five years under her present system of undergraduates control of athletics.

Harvard does not think it fair to bind herself to an agreement by which Yale could play men who would not be eligible at Harvard. The case of Cronquist of the Yale football team, and Spraker of the track team, are cited on this point.

It seems possible that a yearly agreement may be made unless Yale should consent to an arbitration committee which is generally considered at Harvard to be perfectly fair and for the best interests of sports.

FITZ HAS BAD LUCK.

Fell Down Stairs and is Probably Seriously Injured.

New York, Jan. 21.—Robert Fitzsimmons, the ex-champion heavy-weight pugilist, fell down a flight of stairs in the Orpheum theater in Brooklyn today. It was believed he seriously injured himself. He complained of very severe pains in his back and side, and it was feared his spine had been hurt.

FITZ MAY FIGHT AGAIN.

It is Announced Positively That He Will Enter the Ring.

According to a dispatch from New York, Bob Fitzsimmons will enter the ring again and local admirers of the ex-champion believe such has been his intention for some time, the preliminary delay being part of the plan to make the public believe urgent and popular demand has drawn the solar plexus hero from his hole. Bob has plenty of friends who believe he "has a chance" against the big bull-moosie, and the matter of securing \$20,000 backing as a side bet will not prevent their coming together.

Jim Corbett expressed the views of a great many sportsmen when he said the other evening, "I certainly think Fitz has a good chance with Jeffries. Bob is getting along in years, it is true, but he has always taken good care of himself and I know he has the punch that brings home the conks."

He is likely to land one on Jeffries, and if he does it will be a gain."

Martin Julius makes his bow to the public again in his announcement of opening the Pennsylvania Athletic club Philadelphia on January 23 or 27. Julius's price work was simultaneous with the well-defined report that Bob Fitzsimmons would again enter the squared circle and the fact that Brother Martin was able to get Bob to meet Joe Choynski or some other of the third-class in a six-round go at Philadelphia is taken as a sort of frame-up to secure training money for Bob.

SHARKEY PUTS UP CASH.

He Thus Clinches His Proposed Fight With Jeffries.

A New York dispatch says: Tom Sharkey today clinched his proposed fight with Jim Jeffries by depositing \$2,500 forfeit money with a newspaper in this city as a guarantee that he will fulfill his engagement with the Yosemite Athletic club of San Francisco. According to the articles agreed to by Jeffries and Sharkey, a forfeit of \$2,500 for each of the principals and the club must be in the hands of the referee by Feb. 1. Sharkey's manager today announced that he had abandoned the idea of allowing Sharkey to fight Maher at Louisville, at least until after the championship battle has been fought.

POLO PONIES LAND.

Twenty - Four of Them Arrive in England.

New York, Jan. 22.—Twenty-four polo ponies have been landed from the Atlantic transport liner Minneapolis at Tilbury docks, says a dispatch to the Herald from London. These ponies are an advance guard of an Arabian invasion which will reach its culminating point when Mr. Foxhall Keene and his associate players meet the British polo cracker in a contest for International honors at Hurlingham this spring. The ponies have been sent on to Mr. Keene's place at Melton Mowbray, where they will remain until the American players arrive.

RACES AT OAKLAND.

Favorites and Long Priced Horses Divided Honors Yesterday.

San Francisco, Jan. 21.—Favorites and long-priced horses divided the honors at Oakland today. L. Jackson and O'Connor continued their good work, the former riding three winners, while O'Connor put two over. Horses from the stable of Harry Stover were in evidence, winning two events. Kenilworth, a heavily-played oddson favorite, beat Paul Clifford and The Fleetster in the fourth race. The first race went to Censor, a 12-to-1 shot, who beat Eldred a nose. Run fell during the afternoon and the track was very muddy.

HEATH TEAM IS READY.

Will Meet Any Hockey Organization in the City.

In all probability next Sunday afternoon the Heath hockey team will play a game with either the "Tingles" or Molliers, at Mr. Heath's ice rink. For some time challenges have been flying around pretty thick and the Tingles and Molliers have proposed to play the Heaths.

LOCAL EVENTS.

ATHLETICS FOR OGDEN.

George Lawler May Open Club in Junction City.

If the plans of George Lawler go through, Ogden will have an athletic club where the many art can be taught to the young in the near future. Lawler was in Ogden yesterday making some arrangements, and he says he expects the project will be successful. He expected to return to the Junction city today and complete his arrangements. Lawler is one of the cleverest of boxers and has traveled with some of the great pugilists in the country. He was Fitzsimmons's sparring partner for a long time and trained the red topped warrior for several

HEALTHY MIND IN A HEALTHY BODY.

Stomach and brain affect each other. A sick stomach sours the disposition and prevents sleep and brain rest, and a sick brain sours the stomach and clogs the bowels. Men of sedentary habits, brain workers who don't get much exercise, have sick stomachs and bowels, and wear out their brains and nerves.

"I work in the office and don't get as much exercise as I should, and when I feel bad I just take a Cascarets which always makes me feel better."

"I had a torpid liver for months. I bought a box of Cascarets in Washington and have not only been put in better health, but have gained considerable weight."

"Cascarets were the only medicine I had with me when I lost the world's record as 'Olympion' from Boston of America," looking 200 lbs. in 18 hours."

"Cascarets cured me radically of dyspepsia and indigestion and my weight which before was 120 lbs. is now 160 lbs."

"I find Cascarets beneficial after a spell of hard work, clearing the brain as well as the bowels, and also making a man in good shape."

A man who keeps his bowels regular with Cascarets Candy Cathartic, that is without strain or violence, can keep strong and healthy without much exercise. A famous professor in Jefferson Medical College used to advise his students: "Trust in God and keep your bowels open!" That's strong and healthy, then the system is safe and the brain and nerves will have inexhaustible elasticity and life.
