## ROBS HOTEL CLERK.

Bold Young Man Turns Trick at Early Morning Hour.

A daring holdup and robbery oc-curred at the Metropole hotel on east Third South street about 3 o'clock this morning

Harold Speight, the night clerk, was behind the desk when a young man walked in and asked if he could get a room for 50 cents. The clerk replied in the negative and then the young in the negative and then the young man asked Speight if he would change 50 cents. The clerk unlocked the money drawer and the robber quickly drew a revolver and ordered the clerk to throw up his hands. The order was obeyed and the robber secured \$18 from the clerk and \$10 more from the money till. Another mun was standing in the doorway and was undoubtedly a con-federate of the robber. Speight says the robber was about 24 years of age, smooth face, of medium build and wore a black suit of clothes.

BOOST FOR GOOD ROADS.

Council and Commercial Club to Unite for Better Highways.

The matter of improving the roads leading to Salt Lake City from the outlying country districts was taken up at a meeting held recently by the council committee on streets with the good roads committee of the Commercini club. It was decided the two com-mittees would tour the region north of the city in automobiles, in order to asceriain exactly what is necessary to be done to place the roads in good con-dition. That section lying between the Warm Springs and Eeck's Hot Springs will be bardtcularly examined, as it is the gateway to Salt Lake from the northern counties, and it is proposed placing these approaches to the city in shape so that the trip of visitors from the surrounding towns and counties by team will be made inviting, thus in-creasing the volume of business in the city. cial club. It was decided the two com-

# Principals in City Schools Say Spread

Of Disease is Accountable To It.

The charge made by the health de-partment that the schools are responpariment that the schools are respon-sible for the spread of scarlet fever in the city has been emphatically denied by the principal of every school in the city. Supt. Christensen, upon hearing of the charge, at once sent out a let-ter to the principal of every school asking for a retailed report of pro-cedure adopted when a case of contagious disease is reported in any of the schools. The principals replied that in every case the puol is dismissed and the room, and in some cases the whole building, fungated. The principals replied that in some cases the health department has been very dilatory th attending to cases re-ported to it, in some heatances two days clapsing before the house where the disease exists is placed under quaran-time. At a meeting of the principals head

tine. M a meeting of the principals held in the superintendent's office yesterday, the situation was informally discussed, and the consensus of opinion was that the board of health was more to blame than anyone for present conditions.
