An Infernal Machine.

NEW YORK, 26.—An infernal machine, filled with powder and balls and lucifer matches, was sent to Comptroller Green by mail today; the outside was covered with glazed paper, and the edges around were covered with postage stamps. On tearing off the paper it was seen that the box opened like a drawer; this, together with the fact that the address on the box was made up of letters cut out of some printed document, created some suspicion. A hole was cut cautiously in the top and the contents were then discovered. In the back part of the drawer were arranged rows of matches, over which was strong sand paper, against which the matches would rub in drawing out the slide.

Scoundrels Convicted — Tweed — Legal Tenders — Sentenced — 500 Boats Frozen In.

In the Ingersoll and Farrington case, this p.m., Tremaine closed for the prosecution, and Judge Davis delivered a lengthy charge, occupying over two hours. The jury were only absent half an hour, when they returned a verdict of guilty. The sentence was deferred until Friday.

Tweed is to be kept in the Tombs several days, to allow him to settle his private business. It is reported that Wm. M. Evarts has been added to his counsel, and will apply for a stay of proceedings.

The Board of Aldermen, to-day, passed a resolution to take steps to issue temporary legal tenders, secured by the city, in payment for labor on the city works, on account of inability to dispose of the city bonds.

The Havana Bank robbers have been sentenced to two years in the penitentiary.

The superintendent of the Produce Exchange received a telegram to-day from the canal collector at Utica, stating that canal navigation was closed at that place, and that five hundred canal boats were frozen up in the vicinity.

Antagonism.

Several striking masons drove away a number of non-society men from work on buildings in Brooklyn to-day.

The employing plasterers of Brooklyn have voted not to accede to the demands of the workmen for four dollars a day, to be guaranteed during the winter.

Singular Proceedings.

In regard to the expulsion, some time ago, of Theodore Tilton from Plymouth church, a meeting of the congregation was held this evening for the purpose of considering a communication which had been received from the committee of the Church of the Pilgrims, Brooklyn. The communication in question, though couched in general terms, was evidently intended to refer to the expulsion, on the 31st of October, of Theodore Tilton from membership in the Plymouth church. The meeting was crowded to excess, only members of the congregation and representatives of the press being admitted. A. Raymond was chairman. Rev. R. M. Halliday, clerk of the church, stated the purpose of the meeting, and submitted the communication from the Church of the Pilgrims, charging a lack of discipline in Mr. Beecher's church. He urged the appointment of a conference committee between the two churches. M. C. Hay proposed, as the simplest conclusion of the matter, that Plymouth church should accede to the request for a committee of conference. Mr. Gilbert proposed a preamble and resolutions to the effect that the communication, charging the Plymouth church with unscriptural action, ought not to receive any consideration whatever, and that the latter church, being an independent organization, declined to take any notice of a protest from the Clinton street or any other church. These resolutions were passed, and the clerk of the church was authorized to send them to the committee of the Church of the Pilgrims. Beecher made some remarks, in which, without refering directly to Tilton, he deprecated the idea of such strict church discipline, as that by which a member can be expelled without grave reasons. Tilton's name was not mentioned during the entire proceedings.

Critical.

CHICAGO, 26.—The *Evening Journal's* Washington special says this is an eventful day in the history of our complications with Spain; unless the Castelar government accedes to the demand of the United States before night it is expected that General Sickles will close our legation at Madrid. It will then remain for Congress to determine whether our government shall seek at Havana, what it will have been unable to obtain at Madrid. There is little doubt that our government has received official dispatches confirming the reported probability of the downfall of the Castelar republic and the establishment of a Carlist monarchy in its stead.

The demand for the surrender of the *Virginius* does not mean her absolute release, but her surrender to the jurisdiction of our courts.

Small-Pox — Colonists for Colorado.

Special dispatches report between sixty and seventy cases of small-pox in Toronto, only twelve of which are at the hospital. A man who died from it the other day received a public funeral, hence the disease has spread. It is also reported to be spreading in several provincial towns and villages.

On Monday a party of twelve persons, from Lee county, Illinois, started for Colorado, with the view of engaging in agricultural pursuits; other parties will soon follow.

Resigned—This Years Corn Crop.

WASHINGTON, 26.—Jno. S. Delano, chief clerk of the Interior Department, resigned to-day on account of ill health; Wm. C. Morrill, of Maine, will be appointed in his place.

The November report of the Department of Agriculture puts the corn crop of this year at 838 million bushels, sixteen millions less than the short crop of 1869, which was two hundred and twenty millions less than the large crop of 1870. The loss over last year, in Illinois alone, is eighty-five millions, or thirty-nine per cent., and in Iowa twenty-eight per cent., Missouri thirty-two, Kansas thirty-one, Indiana twenty-two, Ohio eleven per cent. The cotton crop is put at three million seven hundred thousand bales.

Marines Wanted.

Orders have been given to recruit the marine corps up to the full standard provided by law.

It is rumored in naval circles that Admiral Porter will command the West India squadron.

For Leavenworth.

One hundred and eight recruit have been ordered to Fort Leavenworth, being an assignment to the Sixth Cavalry.

Served Them Right.

ST. LOUIS, 26.—Two young men, named Dunn and Clarke, entered the house of a man named Mercer, near Lexington, Mo., on Monday night, and insulted the ladies of the family; Mercer and his son-in-law fired on the young men, killing both. A coroner's jury returned a verdict of justifiable homicide.

A Duel—Mortgage Foreclosed.

ST. JOSEPH, 26.—Two young men, named Rogers and Garwood, rivals for the hand of Annie Templeton, fought a duel on Sunday last, in the northwestern portion of this county. At the first fire Rogers received a severe wound in the right arm, the ball entering above the wrist and coming out near the elbow; Garwood escaped unhurt, his antagonist's ball passing through the skirt of his coat. Rogers will lose his arm. The young lady now declares that she will have nothing to do with either of them.

The first mortgage bondholders of the St. Joe and Denver Railroad instituted a suit at Topeka, Kansas, yesterday, for the purpose of foreclosing the mortgage on that line, and selling the road and its lands in February. The August interest for 1873 is due and unpaid, amounting to $660,000. The amount of the bonds is seven millions.

To Episcopalians.

LOUISVILLE, 26.—Bishop Cummins has issued a circular letter, addressed to clergymen and laymen who are or who may have been members of the Protestant Episcopal Church, informing them that on Tuesday, the 2nd of December, a meeting will be held at Association Hall, in the city of New York, to organize an Episcopal Church on the basis of the prayer-book of 1785. He especially states that the meeting is to organize, and not to discuss the expediency of organizing, such a church.

CANADA.

Destroyed by Ice.

PORT COLBORNE, Ont., 26.—The ice on the Welland canal is pretty thick. The tug *Jessie Griffin* was cut through by it this morning.

FOREIGN.

GREAT BRITAIN.

Energetic and Laudable.

LONDON, 26.—A dispatch from Madrid says that the North German squadron were, on Tuesday last formed in line of battle before Cartagena, to enforce the demand upon the insurgents for the restoration of 25,000 *pesetas*, which had been extorted from German subjects in the city; upon a notice that refusal would be followed by bombardment, the insurgents paid the money.

PRUSSIA.

Ordered to Resign.

BERLIN, 26.—Archbishop Ledochowski has been ordered to resign within a week from notice; he has received a letter from the Pope exhorting him to firmness.

FRANCE.

War Imminent.

PARIS, 26.—The following dispatch has just arrived in cypher from the New York *Herald's* correspondent in Madrid:

"The situation is a grave one. On the 19th General Sickles, by order of President Grant, delivered a formal ultimatum to President Castelar, demanding prompt and vigorous reparation for the insult to our flag, the restoration of the *Virginius*, the release of the surviving prisoners, indemnity to the families of the murdered, the punishment of the murderers, and also a guarantee against future outrages in Cuba. The demand was couched in a kind, sympathetic tone, but no alternative was given. General Sickles was also instructed to say that if Castelar did not comply with the demand in a week, he should ask for his passport, and leave Madrid with the legation. The time expires to-day, and no answer has yet been received. Everything at the legation is packed up, ready for immediate departure. Sickles has no hope that the ultimatum will be complied with, and telegraphed to Paris yesterday to have all his official correspondences, that might be there, kept for a few days. General Sickles, in conversation, says he does not see how war can be avoided, as Castelar can give no assurance that his orders will be obeyed in Cuba. Public feeling is also opposed to concessions. Unless Castelar responds this evening General Sickles leaves immediately. All the American ships in the Mediterranean have been ordered to Key West. In the event of Gen. Sickles leaving, the British minister will probably protect the archives and American residents. President Castelar is personally anxious to accept the British minister's good offices to effect a compromise, but there is no hope to-night."

LIVERPOOL.—Liverpool is fast becoming the centre of the shipping business of the world. Two-thirds, if not more, of the steamship business of New York is wholly the property of Liverpool, which port also has lines to Montreal, Portland, Boston, Philadelphia, Baltimore, Norfolk, Savannah, New Orleans, Galveston, Vera Cruz, Rio de Janeiro and the West Indies. New York, while looking so complacently on her foreign commerce, has not a single line she can call her own, and owes all she has to foreign cities. Liverpool represents the general commercial enterprise of Great Britain, which expands even amid the embarrasments of the coal and iron famine. Right in the midst of the American panic a new line of steamers has been established between Liverpool and Vera Cruz. Instead of applying their capital in this intelligent way the capitalists of New York have gambled it away in stocks, bonds and gold, and cheated and gouged each other until all alike are helpless and their wealth has vanished into nothingness. When will the merchants and capitalists of New York learn a little practical wisdom from this example of steady English persistence? When will they cease cheating each other in these gambling places called Exchanges and go to work in the old fashion as is done in Liverpool, and, we may add, Philadelphia?—*Germantown Telegraph.*

Members of the Society of California Pioneers who are delinquent on the books are informed that unless they pay up, or obtain a remission of their dues prior to the forthcoming publication of the Constitution and list of members, their names will be omitted.—*S.F. Chronicle.*
