Last Night's Dispatches.

EASTERN.

Sargent's Land-Grant Bill, &c.

WASHINGTON, 10.—Sargent's bill respecting conditional land grants is designed to apply to the defection of the Southern Pacific Railroad land grant. A duplicate of this bill would have been introduced by Pyper in the House to-day had the call of the States reached California.

The memorial of the San Francisco Land Association of Philadelphia, presented in Congress to-day, is a revival of the attempt to obtain Congressional indemnity for the alleged loss caused by the Supreme Court's rejection of the Santillan claim; the memorialists, however, now propose to deed to the city of San Francisco all their interest in the lands covered by this grant as a condition precedent to their being allowed a standing in the Court, to show that, in the light of the alleged newly discovered evidence, the claim was valid. If this is proved they want indemnity of some kind, probably lien lands.

Confirmations.

The Senate in Executive session, confirmed Henry L. Waldo, Chief Justice of the Supreme Court of New Mexico, and John Burney, Minister Resident at the Netherlands.

Wood's Finance Bill.

The bill introduced into the House to-day, by Wood, of N. Y., to repeal in part the resumption act of January, 1875, and to provide for a return to specie payments without contraction, proposes to utilize the $700,000,000 in four per cent. bonds not yet negotiated and remaining in the treasury, as a basis, by the issuing of small treasury notes in lieu of the present legal tenders and national bank currency. It also provides for the establishing of a sinking fund to be made of one half of the surplus coin revenues in each fiscal year. It provides for coin expenditures and also for an interest of one per cent. on the redeemed four per cent. bonds called in in lieu of the small treasury notes issued as a redemption fund for the resumption of specie payments. It also provides for the suspension of the present sinking fund until resumption shall have been accomplished, and contains various new provisions for the better regulation of the finances of the government.

FOREIGN.

GREAT BRITAIN.

The Grain Trade.

LONDON, 10.—The *Mark Lane Express* in its weekly review of the grain trade, says: "In Paris, the market reports of the re-appearance of frost have arrested the downward tendency of prices, but trade is stagnant, while in several of the provincial markets the quotations are a shilling lower. Some places in Holland, Belgium and Germany have been in sympathy, but nowhere has there been a material reduction to the discontent of growers with the present rates. St. Petersburg is unchanged, and Odessa is closed, so shipments from both places must cease for some time. In Adelaide, Australia, whence we were recently led to expect large shipments, prices have suddenly risen five shillings per quarter, and there is great difficulty in securing wholesale quantities."

FRANCE.

The Ministerial Crisis.

PARIS, 10.—Speaking of the crisis in the French cabinet, the *Journal des Debats*, this morning, says the ministry was never completely homogeneous, although it had the appearance of concord, maintained by mutual concessions. Since the opening of the electoral period disagreement has arisen between ministers belonging to the Right and Left Centre respecting the political alliance, and also on the question as to whether the electoral candidates should be patronized by the government. The *Journal des Debats* further alludes to the aggressive tone adopted by some of the journals towards certain members of the cabinet, and to the improper manner in which the President is brought into the controversy for party purposes.
