KRAMER FUNERAL.
Quite a Gathering of Salt Laker Present at the Obsequies.
The Denver Post to hand gives the following account of the funeral services over the remains of the late George W. Kramer:
Crowded to its utmost with people of all classes, was the home of the late George W. Kramer, whose funeral took place yesterday afternoon from 1151 Logan avenue. The floral tributes were beautiful and in great numbers, among them being several pieces sent by ministers in the service of the Utah Fuel company, of which Mr. Kramer was vice president.
The services at the house were conducted by Deann H. Martyn Hart and Rev. Charles H. Marshall, and at Fairmont cemetery the Masons took complete charge. At the house the Episcopal service was used. There was no music at the residence.
The pallbearers from the house were: Col. D. C. Dodge, C. H. Schluckers, S. M. Perry, J. W. Gilby, Robert Law Jr., J. A. Edson, George W. Valley and Col. Alfred C. Sharpe.
The Masonic orders which conducted the services at the cemetery were: Oriental lodge No. 27, Denver chapter No. 23, Scottish Rites Masons; Denver commandery No. 25, Knights Templars, and the blue lodge.
About 300 Masons attended the funeral. The Mendelssohn quartet, all members of the order, sang during the services.
Robert W. Simons read the Masonic ritual service, having been appointed worshipful master. The pallbearers of the order were: W. W. Field, George W. Valentine, D. D. Mayo, Cronwell Tucker, Geo. W. Valley, W. D. Pierce

and C. H. Young. The services lasted until late in the afternoon.
Many of the former business associates of the deceased were here from Utah to attend the funeral, among them being S. V. Derrah, H. A. Nelson, W. P. Hall and W. H. Myers of Salt Lake. The prominent men of Denver were well represented, among them being Hon. Edward O. Wilcott. A large delegation of ex-servicemen, old employees of Mr. Kramer, were present, and prominent old families of the city were represented.
GOOD SPIRITS.
Good spirits don't all come from Kentucky. Their main source is the liver, and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottle, 75c. At all druggists. G. G. GREEN, Woodbury, N. J.

The function and which special interest centered yesterday was the dinner given by Samuel Newhouse for seven young society girls of the city, the ladies being allowed to invite their own escorts. These fortunate proved to be: Messrs. Will and George Lawrence, Louis McCormick, Walcott Thompson, Jack Royle, George Topliff and J. T. Goodwin, while the ladies were Mrs. A. E. Walker, Miss Sherman, Miss Laura Sherman, Miss Stella Salisbury, Miss Gertrude MacGrath, Miss Emily Read, Miss Addie Zane, Miss Dorothy Kinney.

Tomorrow night the Bachelor Maids of the University of Utah will give a dancing party in the Museum building, their chaperones to be Mrs. J. T. Kingsbury, Mrs. W. H. Ritter, Mrs. Byron Cummings, Miss Rose M. Vincent, Mrs. Emma J. McVicar, Mrs. William M. Stewart, Mrs. J. E. McKnight, Miss Anna Youngberg.

Mrs. A. W. McCune, Jr., has gone to California to spend some time.
The wedding of Miss Clara Bailey and Dr. Enoch Van Dine, which took place last night, the ceremony being performed at the home of the bride's sister, Mrs. Thomas F. Davis, Bishop O. P. Whitney officiating. Following the service a reception was held, about 40 guests being present. The rooms were prettily decorated, and refreshments were served, a number of the friends of the bride party assisting.

The interest created by the Press club's entertainment at the Theater last year is being repeated, and the coming Shakespearean burlesque is one of the chief topics of discussion in social circles, and numerous parties have been since planned for its enjoyment. The stalls and boxes will be filled, and outside of this will be many others formed both for the opening and closing performances.

Mrs. Graham F. Putnam, Mrs. J. C. Hooper, Mrs. Lloyd S. Mayne and Miss Copp will leave shortly for a European trip.

AGREED TO AMEND THE RESOLUTION.

That by Councilman Fernstrom Concerning Tax for Public Improvements to be Changed.

REDUCED FROM 75 TO 50 PER CENT

Board of Public Works Recommended That the Entire Resolution be Rescinded.

The committees on streets and municipal laws of the city council last night decided to amend the Fernstrom resolution, which requires that 75 per cent of the special tax be collected before work is commenced on any public improvement for which such tax is levied, by reducing the per cent from 75 to 50 per cent of the tax. The board of public works recommended that the entire resolution be rescinded and that all such work be proceeded with as soon as the assessment is made and becomes a lien upon the property. This recommendation was not concurred in by the committees but it was merely decided to reduce the per cent of money to be collected before the work is commenced. Following is part of the communication from the board of public works:

"At the present time there are a large number of these special improvements on which special assessments have been levied, but a large percentage of the abutting property owners fail to pay in their proportions of said taxes until compelled to do so, on the ground that they wish to see some visible improvements on the ground that said improvements will be made without a long delay."

"Another class of owners do not desire any improvements and will not pay until compelled to do so by law, while still another and much smaller class pay their assessments at once and are therefore continually complaining that the work for which they have paid is not done."

"The practical working of the resolution referred to is, in our judgment, to retard unreasonably all of these improvements, to the great detriment of the abutting property owners, as well as to the great injury of the city, and we therefore suggest that the said resolution be rescinded and this board be empowered to order the contractor to proceed at once with the work in any such improvement as soon as the assessment for the same becomes a lien upon the property to be benefited thereby."

It has been suggested that the said resolution was passed because contractors would not in any case proceed with such work until the money for the payment of the same was in the city treasury, but we are of the opinion that the receipt of the money being made certain, if local contractors do not wish to contract and proceed with the work under these conditions, many can be found who will."

The municipal laws committee will recommend to the council that the surplus of taxes collected for the paving of west South Temple street be refunded to the property owners. The total amount of the surplus is about \$10,000.

DANGER FROM OIL.
The fire committee decided to report adversely upon the petition of the San Pedro road to store 6500 gallons of lubricating oil and 100 gallons of gasoline in a building on Third West and Fourth North streets, as the chief of the fire department considered it unsafe to permit such a quantity of oil being stored inside the city limits.

WILL IMPROVE THE ROAD.
The street supervisor will be instructed by the committee on streets to have the City Creek canyon road in good condition as far as the brick tank, above which point it is kept in condition by Supt. of Waterworks Hines.

CHIEF WILL GO EAST.
The police and prison committee decided to give Chief of Police Lynch a leave of absence for 10 days and \$100 expense money to attend the convention of chiefs of police to be held at St. Louis on June 6. Permission was also granted the chief to give each of the men in his department a 10-days' vacation this summer with full pay.

GEN. CHAFFEE COMING.

Distinguished Army Officer to Stop Over Here and Inspect Fort Douglas.

Lieut-Gen. Adna R. Chaffee, chief of staff of the United States army, is about to make a trip through the northwest, and proposes to stop over in this city to inspect Fort Douglas. Gen. Chaffee began his career as a soldier as a private in K troop, Sixth United States cavalry, in 1861. He was promoted to be sergeant, and then became lieutenant, was made captain in 1867, and finally a major-general in 1901. By the retirement of Lieut-Gen. R. M. Young, Gen. Chaffee was made lieutenant-general in 1898.

when the Ninth cavalry was stationed in the department he was the senior major. Acting Adjutant-General, of the army states relative to the rehabilitation of Fort Douglas: "That thearrison proposed at present for Fort Douglas will consist of headquarters and eight companies of infantry, that allotments have been made for the next two years to reconstruct this post, and that it is intended to be the ultimate intention for its enlargement to accommodate one regiment of infantry. To carry out the work of reconstruction this year an allotment of \$24,500 has been recommended—for one guardhouse, \$22,000; one double barracks, \$22,000; a total of \$118,000.

"Last year there was allotted to this post one bachelor officers' quarters, eight sets of bachelors' quarters, one shed, frame, \$2,750; a total of \$7,500. In view of the heavy demands upon the appropriation, it is thought that no more money can be allotted Fort Douglas this year, but that the work will go on in the next fiscal year. The allotment into a regimental post, as planned, is completed.

"The chief of staff desires me to add that the two batteries of field artillery are only temporarily stationed at Fort Douglas, and that in the general scheme of assignment the post is not a permanent station for field artillery."

IF YOU HAVE DYSPEPSIA, READ THIS.

The old way of taking Pepsin, bismuth, etc., to cure dyspepsia, all wrong. They may be put up in tablets or in liquid, the result is just the same. The object is to create artificial digestion, but this does not make a cure. Stop taking the pepsin, etc., and you have your dyspepsia or indigestion back again. People use cocaine or opium for nervous troubles and sick-headache, it does not cure, stop taking the drugs and the nervous distress returns. The only Common Sense Method is to drive out of the system the cause of dyspepsia and sick headache, by cleansing the stomach and bowels, at the same time using a medicine that will act on the liver. This forces through the glands of the stomach the digestive fluid that nature intended. In this way you cure dyspepsia. This medicine that cures dyspepsia by this method is called Dr. Gunn's Improved Liver Pills. Druggists sell these pills at 25c per box. It only takes one pill for a dose.

Assist Nature.
You have been told to "bitch your wagon to a star"—that Nature will assist you. That's all right. There are times, however, when you should assist nature, and the spring is one of these times.

Nature is now undertaking to cleanse your system—if you take Hood's Sarsaparilla, the cleansing will be successful, and your complexion bright and clear.

A NARROW ESCAPE.

William Fording, a Bell Telephone Lineman, Nearly Electrocutted.

William A. Fording, a Bell Telephone lineman, aged 28, had a marvelous escape from death yesterday afternoon. He was on the top of a pole on Second East street opposite the city and county building, taking up a slack wire, when the wire swung against the trolley wire on Fourth South street, instantly the full force of the switched current passed through him, and the man became rigid and unconscious. Presently Fording was seen to tumble and fall to the ground, 10 feet, turning on his back on the way and striking on his stomach. The unfortunate man's fellow workmen hurried to his assistance, and endeavored to resuscitate him, while the police were running in every direction for a doctor. But there was not a doctor to be found, and when the men were about to give up, a policeman saw the man's head on the ground, and he ran to the scene. He found no serious injuries beyond a badly sprained back, and the man was sent to the Holy Cross hospital. It will be several weeks before Fording can return to work.

BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder trouble commence taking **FOLEY'S KIDNEY CURE** at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and **FOLEY'S KIDNEY CURE** should be taken at once.

G. B. Burhane Testifies After Four Years.

G. B. Burhane of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of **Foley's Kidney Cure**. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend **Foley's Kidney Cure** to any one suffering from kidney or bladder trouble."
