

DISCOVERY OF A MURDERER.

A Wounded Burglar is Placed on
The Operating Table Where
His Identity is Disclosed.

TURNED OUT TO BE P. D. KIRNEY

Murdered an Oakland Policeman in
1903—A Heavy Reward Offered
For His Capture.

Los Angeles, Cal., Nov. 10.—A sensation was caused at Los Angeles police headquarters today when Fred West, who was wounded last night by Policemen J. B. Hendrickson, while he was attempting to burglarize the residence of E. L. Doherty, in Chester place, was identified on the operating table at the Emergency hospital as P. David Kirney, wanted in Oakland for the murder of Policeman James H. Smith on Nov. 27, 1903, and for whom a reward of \$1,200 is standing. The identification of Kirney was made by Detective Paul Flannery of the city detective force, who in examining the mouth of the prisoner, discovered a false porcelain tooth which corresponded with the printed description of the murderer of Smith.

The crime for which Kirney is wanted was one of the most sensational in the police annals of the state. After a long series of burglaries in Oakland during the fall of 1903, Kirney, together with Frank Goldstein, was detected on the night of Nov. 27, attempted to enter a private house there. A pistol shot between the officer and the burglar ensued, in which the officer was killed and Kirney was pursuing and striking at Kirney when the latter turned and shot the officer dead. He succeeded in making his escape from the city, and while a search for him has been kept up from the date of his crime, no trace of him has been found until today.

Only 7 Out of 100 12-Inch Guns
Remain to be Completed.

Washington, Nov. 10.—The annual report of the board of ordnance and fortifications, headed by Maj. A. Gen. Gillespie, shows that only seven 12-inch guns out of the total of 100 guns contracted for in 1891 remain to be completed, and the last of these will be made by August of next year. The board renews its recommendation of last year for the immediate procurement of medium caliber, rapid-fire guns for coast defense to the extent of 200 semi-automatic high velocity 6-inch guns on pedestal mounts; 200 semi-automatic guns of a caliber large enough to fire shrapnel, mounted on field carriages, and 200 automatic ma-

Backache Caused by Kidney Disease.

Miss Estelle Blanchard, of New
Orleans, Lived Years in Agony
From Backache Caused by
Kidney Trouble. She Says
She Was Completely
Cured by Warner's Safe Cure.

MISS ESTELLE BLANCHARD.
"For years I suffered from backache and piercing pains in the side, caused by kidney trouble, which threatened my life. The doctors said it was Bright's disease. My liver was also affected. Nothing seemed to reach my trouble. We had a friend who was cured of chronic kidney trouble by Warner's Safe Cure, and she persuaded me to try it. At the end of the first week I was greatly relieved, the pains in my back were not so frequent or so severe. After taking three bottles I was cured. This occurred about a year ago, and I have never had the slightest trouble since."—Estelle Blanchard, 112 Columbus Ave., New Orleans, La., April 16, '04.

Pains in back, head and side; restlessness at night; poor digestion; female ailments; are never-failing signs of kidney disease. If you have any of these symptoms.

A GREAT SUFFERER.

LAY HELPLESS AND SPEECHLESS
FOR HOURS AT A TIME.

Sinking Spells, Headaches, Rheumatism, All Caused by Poor Blood—
Cured by Dr. Williams' Pink Pills.

When Mrs. Williams was asked for some details of the fearful illness, from which she had now happily cured, she spoke as follows:

"I had almost every ill that a mortal is subject to, and the least exertion caused my strength to desert me. At such times I would lie for two or three hours unable to speak or to raise my hand."

"How long had you been subject to these attacks?"

"Every since I had nervous prostration, about thirteen years ago. I have had periodical spells of complete exhaustion. The doctor said my nerves were shattered. Any excitement or unusual activity would throw me into a state of listlessness. At the beginning my strength would come back in a moderate time after each attack but in the period of weakness my lengthening until at last I would be helpless as many as three hours at a stretch."

"You were under medical treatment, of course?"

"Yes, when I became so bad that I had to give up my household in May of 1903, I was being treated for kidney trouble. Later the doctor thought my difficulties came from change of life. I was not only weak, but I had dizzy feelings, palpitation of the heart, misery after eating, hot flashes, nervous headaches, rheumatic pains in the back and hips. The doctor did me no little good that I gave up his treatment and really feared that my case was incurable."

"What saved you from your state of hopelessness?"

"In July of 1903 I had a very bad spell, and my husband came in one day, when I was weakest, with a little book in his hand which he had picked up on the street. It told of remarkable cures effected by a remedy for the blood and the nerves, Dr. Williams' Pink Pills, and somehow awoke in me a desire to try them. My husband went out and bought a box for me, and that was the beginning of my return to health. The first effect of even the first box was surprising. My appetite grew keen, my food no longer distressed me, my nerves were quieted to a degree that I had not experienced for years, and my strength began to revive."

"How long in all did you take this remedy?"

"For two months only. At the end of that time I had regained my health and cheerfulness. The fainting spells left me entirely after I had used the third box of the pills, and my friends said that I am looking better than I have done for the past fifteen years. I always say that all the credit is due to Dr. Williams' Pink Pills. Their effect on me has led to a number of my friends using them with like wonderful benefit."

Mrs. Lizette Williams is now living at No. 414 Cedar street, Quincy, Illinois. The pills, which she praises so highly for what they did for her, cure all diseases that come from impoverished blood, such as anemia, rheumatism, debility, and all disorders of the nerves, such as neuralgia, nervous prostration and partial paralysis. They also cure the most stubborn indigestion. If you have any of these ailments, or any complicated trouble as the result of which your system is all run down, Dr. Williams' Pink Pills are the very best remedy to take. Any drugist can supply them.

Chinese guns of 30-caliber. The board also wants a reserve supply of ammunition of at least 300 rounds for the large guns and mortars and 250 rounds for rapid fire guns, as, without a sufficient supply of ammunition, the coast defense armament is useless. An abundant supply of ammunition for target practice is also requested, and other measures are recommended looking to the installation of range-finders, search lights, telephone lines and other necessities of a modern coast defense system. The board submits an estimate of \$50,000 to carry on its work next year, which is only one-half the present allowance.

The Vice-President Independent Order of Good Templars.

An experience which many women have related by Miss Agnes Strickland, of 231 East 53rd Street, New York City, as follows: "I had very poor health for a year, until life looked dark and dreary to me. Red headaches, backache, also pain, my sleep was broken and fitful. I longed for health. Tried several medicines but none were of any lasting benefit until I took Doctor Pierce's Favorite Prescription. I soon realized that I had found the right remedy. It helped nature to throw off the disease, and so I felt the system, removed all pains and strengthened the digestive organs, and brought the roses of health back to my cheeks. This medicine if taken occasionally keeps the system in perfect condition, helping it to throw off the disease and consequences of exposure to dampness. I am pleased to give my endorsement."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

My Breath.

Shortness of Breath
Is One of the Com-
monest Signs of
Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured. Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homeopathic) of regular practicing physicians. It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, if the heart is unable to meet this extra demand upon its pumping powers—there is something wrong with it.

The very best thing you can do, is to take Dr. Miles' New Heart Cure. It will go to the foundation of the trouble, and make a permanent cure by strengthening and renewing the nerves.

"I know that Dr. Miles' New Heart Cure is a great remedy. For a number of years I suffered from shortness of breath, smothering spells and pains in my left side. For months at a time I would be unable to lie on my left side, and I lay flat on my back would not get another. A friend advised using Dr. Miles' New Heart Cure, which I did with good results. I began to improve at once, and after taking several bottles of the Heart Cure the pains in my side and other symptoms vanished. I am now entirely well. All those dreadful smothering spells are a thing of the past."—F. T. DRAKE, Middletown, O.

If the first bottle does not help you, the druggist will refund your money.
