quite sore to-day. them? Did anybody hear of any, corroborative testimony at all? Portentous Signs-The present

The elements themselves appear to be in a continuous state of agitation, producing an almost unbroken uccession of disasters. Holy Writ asserts that in the latter times the "whole earth would be in commo-

tion." Those signs were to indicate the near approach to the time of the coming of the Messiah.

Speaking of the consequences that would result to the people of this nation, providing they failed to repent and obey the gospel message brought to light through Jos-

eph Smith, the Lord said (Book of Mormon, page 479), "I will pluck up thy groves out of the midst of

thee; so will I destroy thy cities." The burning of the groves of timber, covering areas of hundreds up-

on hundreds of square miles, is now being considered in the light of a national calamity, and many influential journals of the country are calling for the introduction of some

> Not only are the groves being thus consumed, but whole towns and villages situated in the woodland districts are being, in many instances, totally destroyed.

In a revelation given through "Behold I, the Lord, in the be

the child, but rather the placing Who were that corroborative and keeping before the youthful crowd of witnesses? Who heard mind, as healthful incentives, the various noble examples of human wirtue, masculine and femipine, which history records. With one or two slight excepday is one of trouble and calamity. tions in doctrine and sentiment,

which may be excusable from his standpoint, the lecture was one of the highest order, to which there could be no reasonable objection by any person. It was altogether the best we have heard for along time,

better than a play, and better than many a sermon. It was through-out of a high moral tone, refining and elevating in its tendency and influence.

the Market

nobody.

Mr. Tilton had the decided attention of his audience from first to last, and none complained that the lecture was too long. If the more part of it had been heard by every man, woman and youth in this it would have done them city, good, would have been one of the best discourses they had ever heard. It would be a good thing if the lec-ture could be repeated in this city.

The repetition, we believe, would draw a larger audience than attend-ed last night. Those who did not hear it, missed one of the grandest oratorical treats and instructive opportunities.

A wit's a feather, and a chief's a rod, Eut an honest man's the noblest work of

Mr. Tilton may or may not be an honest man. Of that we know nothing and say nothing. But the whole burden of his lecture was an elequent plea for honest manheod, was in favor of a higher and an

honester life by far than is lived by the average modern American.

Browning were arraigned, charg Browning were arraigned, charged with grand larceny. Messrs. Wil-liams and Lews, of Salt Lake, ap-peated for the prosecution, and E. P. Johnson, Esq., of Cerinne, and N. Tanner, Esq., of this city, for the defense. The accused waived examination and were committed, the first three in bonds of \$1,000 each and the last in \$750, to await the action of the Grand Jury. The bonds were given, except in the case of Astell, who was imprisoned, the others being released.- Ogden Junction, June 5.

Sappers and Sevier. - Brother George C. Lambert returned last evening from a business trip, in the interest of the Juvenile Instructor.

through Sanpete and Sevier Coun-We learn from him that the ties. crops in those localities are looking splendid, probably more promising than in any previous season. It is expected that nearly 700,000 bushels of small grain will be raised in Sanpete County alone.

There are nearly one hundred men at work preparing the site of the Temple at Manti. The face of the hill below the site is to be built up in a series of terrace walls. of mason work, the construction of

progress. The building will present a grand and imposing appearance, and as it will be on an eminence, will be in view from the most northern part of the valley, a distance of thirty-five miles.
