Mexico, the sheriffs of Guadalupe, Unlen, Lincoln and Chaves counties are organizing posses of picked men to hunt down the members of the Jack Musgrove band of bandits which has recently terrorized that region. This means that a war of extermination will be waged against the outlaws and exciting times are expected in that portion of New Mexico to which the outlaws have retreated. They are said to be in the fastness of the wild Capitan mountains. The governor addressed a strong letter to the sheriff's of the four counties mentioned urging them to "end the reign of terror in the isolated settiements of eastern New Mexico, caused by the murdering and pillaging outlaws" and promising that he will recommend to the next legislature that rewards be given those who are instrumental in capturing and convicting

New York, Feb. 14 .- Prince Henry and his suite will take a special train from Kiel early on Saturday morning, says a London dispatch to the Tribune. A short stop will be made at Bremen. where the prince will take luncheon in privacy at the railway station. and thence will proceed to Bremerha-ven, where he will board the Kronpring Wilhelm immediately thus avoiding all farewells, as the passengers will have embarked previously. The vessel will then start at once.

scientific combination of wholeperfectly harmless vegetable sences, fruit salts, pure pepsin and bis-

These remedies are combined in lozenge form, pleasant to take, and will preserve their good qualities indefinite-ly, whereas all liquid medicines rapid-ly lose whatever good qualities they may have had as soon as uncorked and exposed to the air.

This preparation is called Stuart's Dyspepsia Tablets and it is claimed that one of these tablets or lozenges will digest from 300 to 3,000 times its will digest from 300 to 3,000 times its own weight of meat, eggs, and other wholesome food. And this claim has been proven by actual experiments in the following manner. A hard bolled egg cut into small pleces was placed in a bottle containing warm water heated to ninety-eight degrees (or blood heat), one of these Tablets was then blead in the bottle and the propthen placed in the bottle and the prop-er temperature maintained for three hours and a half, at the end of which time the egg was as completely digest-ed as it would have been in a healthy

stomach. This experiment was under-taken to demonstrate that what it would do in the bottle it would also do in the stomach, hence its unquestionable value in the cure of dyspepsia and weak digestion. Very few people are free from some form of indigestion but scarcely two will have the same symptoms. Some will suffer most from distress after eating, bloating from gas to the stomach and howels others have in the stomach and bowels, others have acid dyspepsia or heartburn, others

palpitation or headaches, sleeplessness, pains in chest and under shoulder blades, extreme nervousness as in nerv-ous dyspepsia, but they all have same cause, failure to properly digest what is eaten. The stomach must have rest and assistance, and Stuart's Dyspepsia Tablets give it both, by digesting the food for it and in a short time it is restored to its normal action and vigor. At same time the Tablets are so harm-less that a child can take them with benefit. This new preparation has al-ready made many astonishing cures,

CREEN-ROWAN agerite CONTEST TONICHT

Lovers of the Boxing Sport Greatly

Young Green Will Weigh 127, While Rowan Tips the Scales at 118 Lbs. -Flynn in Preliminary.

The most noted boxing contest of the season will take place tonight at the Salt Lake athletic club's quarters between Phil Green, the lightweight champion of Utah, and "Silent" Rowan, who claims the championship of the Northwest. The sporting fraternity is all agog over the event and opinions are about evenly divided as to what the result will be. Any one caring to place

a few dollars on the result either way finds little trouble to do so. Since the match was signed Green has been the favorite up until the arrival of the mute, and then many changed their minds, "Silent" is very popular here because he is a good natured little fellow and generally does his best to please the ring followers. He looks larger than Green but he claims he weighs but 118 pounds. He has the ad-vantage of ring experience, he is taller and has a longer reach. Green has the best of it in weight, and will step into the ring at 127 pounds. He is in the very best possible physical condition and is undoubtedly able to go the limit with an even break. No matter what with an even break. No matter what position the mute may get him in, he will have to 'look a leddle oudt' as Green can deliver a punch from any position if he is on his feet.

Both men stopped training yesterday Green went four rounds and finished with gymnasium work, and Rowan boxed with his big brother "Dummy." In the preliminaries, Kid Flynn will show the spectators what he can do in a bout with Jim Francis.

L. D. S. ARE CHAMPIONS.

Girls Win the Third Game of Basket Ball in The Series.

The question of championship so far as the girls' basketball league is concerned was settled last evening when the L. D. S. U. girls defeated the High schoolers by a score of 14 to 6, and won schoolers by a score of 14 to 6, and won the third game from them. Although the High school lost again, the girls played with a vim seldom seen in the game, and the kept the victors guess-ing all the time. They were the ag-gressors and once or twice it looked like they would secure the lead. After the contest Freeman Bassett of the Athletic association gave the team a banquet. The teams lined up as follows:

Sporting Notes.

The directors of the D. A. & M. soclety met last evening and took action for erecting the new Fair buildings. It was decided to spend \$20,000 in erecting the main building and use the remaining \$10,000 in fixing places for the stock. This practically settles the mile track proposition. The surveyor's task at Agricultural park has been completed and it was found that there is not enough room at the park for a mile track, and it is likely that the old half mile track will be fixed up for the comg season

George Gardner is not satisfied with e result of his match with Jack Root California. He is at present at some a california. He is at present at some prings in California resting. In the meantime his manager, Alex Greggains, is hot on the trail of Root for a return maggement. But the Chicago fighter is not saying much or showing any anxiety to again tackle Billy Pierce's tough proposition.

Last night the championship basket-ball game scheduled between the Y. M. C. A. and L. D. S. U. teams of the city league did not materialize on account of league did not materialize on account of the Christians falling to put in an ap-pearance. It is said that the team has practically disbanded. Company C boys say they will play out the sched-ule, and that means there will be at least two more games before the cham-pionship is finally settled. The L. D. S. team has played splendidly this year and is entitled to great credit. They have won every game and it looks as though the championship would go hough the championship would go their way.

Joe Choynski thinks the statement that he is too old to tight out of line and says in defense of himself:

"They say I am too old to hattle They say I am too old to hattle They is a queer statement when it is known to everybody that Fltzsimmons is well past 40 years of age. Jim Corbett is 36 -that I know, because I went to school with him-and there are a number of others in the same fix. As for myself, I am only 33 and that's the truth. Does that make me too old? What have I done that would indicate that I am too old to box? It's the most foolish thing that has been said in a long time. Just give me the chance and I will box as well as any of them."
