

OUTLOOK HOPEFUL FOR THE TREATY.

"White House Democrats" Will Make Possible the Measure's Passage.

SUPPORT FROM REPUBLICANS.

Pure Food Bill Is Being Pushed—Americans Going to Canada—Story on Mark Smith.

Special Correspondence. Washington, Feb. 6.—The process of securing Democratic votes for the Santo Domingo treaty is being watched with interest by men on both sides of the party aisle in the senate. Six or seven Democrats, it is figured, are necessary to make the two-thirds vote in the senate which must be had to ratify the treaty, assuming that all Republicans will vote for ratification and that new seats to be taken for granted.

PURE FOOD BILL OPPOSED.

Chairman Wadsworth of the house committee on agriculture in the last Congress opposed the pure food bill and will oppose the measure again if it is brought forward. He says it is unnecessary, as the legislation which has passed in various agricultural appropriation bills sufficiently protects the people. Wadsworth thinks that too much legislation will do more harm than good. "We don't want vast armies of men," he says, "snaking around and prying into everybody's business."

AMERICANS IN CANADA.

Senator Fry recently presented data to the senate showing why there should be a consulate in either Alberta or Saskatchewan, the new provinces in Canada. It is chiefly interesting for the fact that it is the province of Alberta that is the most fertile in the world, and that there was an emergency appropriation of \$40,000 appropriated year after year since the Spanish war from which "emergency clerks" had been paid.

CHINESE COMMISSIONERS WILL VISIT CORNELL.

Ithaca, N. Y., Feb. 9.—The Chinese Imperial Commissioners Viceroy Tuan Tang, Tai Hung Chi, who will spend today visiting Cornell university arrived in Ithaca last night and were immediately driven to the home of President J. G. Schurman, where they were received by him and entertained at dinner. In welcoming the visitors Dr. Schurman said a privilege and honor to welcome to Cornell university the illustrious commissioners whom his majesty, the emperor of China, sent to the United States to study our institutions. Their visit, he said, was a demonstration of the friendship and cordiality of the United States to the Chinese government and our people.

AN IMPORTANT EMPLOYEE.

Chairman Andrews of the Republican state committee of Pennsylvania is an important figure in Washington, where as chief clerk of the senate committee on postoffice he handles a vast amount of business connected with the senate. In the matter of presidential appointments alone he has to handle more than any other person. Besides his duties in connection with the senate, all the work of the Pennsylvania organization devolves upon him. In fact, it did before he became chairman of the committee, for as secretary he performed nearly all the political work he does as chairman.

MARK SMITH'S ADVICE.

Representative Sperry of Connecticut is a firm temperance advocate and is chairman of the committee on alcoholic liquor traffic, a place usually given to some earnest worker in the cause of temperance. One day he was standing in the area of the house with a disconsolate look on his venerable countenance, and Delegate Mark Smith passed by.

"Why, you see," answered Sperry, "I have a little liquor bill over in the senate."

FIFTY YEARS IN THE HOUSE.

John T. Chaney has been employed in the house of representatives 50 years. He came when Buchanan was president and Nathaniel P. Banks, afterward Gen. Banks, was speaker of the house. For years he has been on the rolls as a "special employee," and he has no regular hard duties, though he is a sort of all around bureau of information for the house members. That they appreciate his services was shown recently by the fact that nearly 100 members of the house signed a resolution to give Chaney a present on the day when he completed his fiftieth year in the house. They did this so that he could pay off the mortgage on his house and use the balance for such other purposes as best suited him.

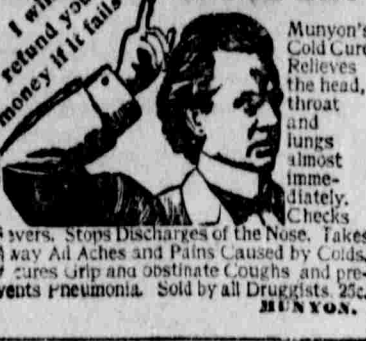

PROF. PEABODY'S WORK.

The Berlin Lokal Anzeiger speaks in High Terms of It. Berlin, Feb. 9.—The work at the university of Berlin of Francis Greenwood Peabody, professor of Christian history at Harvard university, which has been concluded, is reviewed today by the Lokal Anzeiger. That journal says that the choice of Prof. Peabody by Harvard to represent America in the inter-university lectureship has been amply justified. The clearness and lucidity of the lectures, the Lokal Anzeiger says, and the professor's sympathetic and tactful personality contributed to a happy beginning of the meeting of professors and toward promising good fellowship between Germany and the United States.

MOON'S ECLIPSE VISIBLE.

Chicago, Feb. 9.—The eclipse of the moon, was visible here last night, although the sky was not entirely clear. The beginning of the eclipse was recorded officially at 11:54:06, when the moon entered the penumbra. At 11:57

THE STATE DEPARTMENT.

Secy. Root is About to Reorganize it On a Business Basis.

Washington, Feb. 9.—The Post today says: Secy. Root is about to reorganize the state department and put it on a business basis. He will apply the same remedy to the consular service. Inefficient and incapacitated clerks are to be dismissed and a corps of active, alert and competent clerks substituted. The tape is to be ruthlessly cut, and antiquated methods superseded by those more consistent with Mr. Root's notion of what a great department of the government should be.

DISPUTE OVER YERKES' MILLIONS.

His Widow, Mrs. Mizner, Wants To Use Estate Funds to Build Hospital.

EXECUTORS WILL OPPOSE HER

Their Attorney Says It Can Only be Done by Breaking Will, Which Will be Hard.

New York, Feb. 9.—The World today says:

Clarence Knight, attorney for the executors of the Charles T. Yerkes estate, arrived yesterday from Chicago to confer with Louis Owsley about the dispute that has arisen between Mr. Yerkes' widow, now Mrs. Mizner, and the executors. Together they called on Mrs. Mizner at her Fifth avenue home.

Mrs. Mizner declared to Mr. Knight her intention of asking the courts for permission to use the estate funds to build within the next few years the \$600,000 Yerkes hospital. Mr. Knight told her that the effort would be stoutly resisted, and that, if the executors had their way, the hospital would not be erected until after her death, as provided in Mr. Yerkes' will. Mr. Knight told Mrs. Mizner that she would find it difficult to break the will, and only by breaking it would she be able to carry out her plan. Mrs. Mizner said she would fight for what she considered her rights.

The executors are prepared to resist every expenditure by Mrs. Mizner that they deem extravagant. In this they are backed by Charles E. Yerkes, the \$600,000 millionaire's son. Owsley will remain in New York indefinitely. Mr. Knight will return to Chicago tomorrow, but will return when needed. The executors are satisfied that they are to have a long quarrel over the estate.

MCCALL SERIOUSLY ILL.

Has Liver Trouble But is Not in Immediate Danger.

New York, Feb. 9.—Dr. John Vanderpool, family physician to John A. McCall, the former president of the New York Life Insurance company, said last night:

JACK LONDON'S BOOKS.

Have Been Withdrawn from the Derby Neck, (Conn.) Free Library.

New York, Feb. 9.—A special to Times from Derby, Conn., says: The works of Jack London, were withdrawn from circulation by the Derby Neck Free Library yesterday with the following announcement:

"As Jack London publicly announces he is an anarchist, devoting the Constitution to hell and the government to destruction, we have ordered all his works withdrawn from circulation; and we urge, not only other libraries, but also libraries, but all lovers of their country to cease buying his books, taking magazines publishing his stories."

BRAUN'S CASE.

President Submits Official Communications to Congress.

Washington, D. C., Feb. 8.—President Roosevelt submitted to Congress today all the official communications in connection with the answer of Marcus Braun, a special agent of the department of commerce and labor, in Budapest last May, subsequent to Mr. Braun's trouble with Austro-Hungarian officials who tampered with his mail. The correspondence was made public, in compliance with a resolution of Representative Sulzer.

It comprises scores of telegrams, letters and statements, and reviews the case from the time of the first interference with Mr. Braun's mail until the punishment of minor Hungarian officials and the termination of diplomatic representation on the part of the United States.

The letter of Secy. Hay finally disposed of the case as follows:

"Inasmuch as it appears from the correspondence that Braun was guilty

of highly improper conduct, an official of the United States engaged in a mission in Hungary, in openly attacking the Hungarian government in the newspapers, and that his antecedents are not such as to require any further action than the proper assertion of the dignity of the United States, and inasmuch as Braun has been recalled and the offending petty officials have been reprimanded by their imperial government, the department does not feel that it is desirable to press the matter further with the Austro-Hungarian government."

FIGHT IN FRENCH CHURCH.

Inventorying Officials Bombarded With Chairs and Bricks.

Versailles, Feb. 8.—When the commissioner to inventory church property went to the Church of St. Symphonien today he found the doors of the church closed. Prefect Poirson ordered the military engineers to break into the church with hatchets. After the doors had been broken open the prefect paraded with the cure, who asked that the gendarmes be not permitted to enter. The prefect consented and entered the church with the commissioner. They were immediately bombarded with a shower of chairs and bricks by a few manifestants who had barricaded themselves in the organ loft.

The prefect was hit on the head with a chair. The gendarmes after a sharp tussle stormed the loft and in the fracas seven of them were so badly wounded that they had to be sent to a hospital. The inventory was then made, all entrances to the church being guarded with dragons and engineers.

The manifestants were arrested and taken before the summary jurisdiction court, which sentenced Deveraux, Bousquet and Du Hamel to two years imprisonment and to pay fines of \$100 each. Maister, aged 20 years, and Toubas were sentenced to six months' imprisonment; Marchand, aged 22 to one year, and a priest named Briers to one month in prison.

ARRANGEMENTS FOR KING CHRISTIAN'S FUNERAL.

Copenhagen, Feb. 8.—Arrangements for the funeral of the late King Christian are published tonight. The body will be conveyed to Roskilde Friday, Feb. 18. After a short service at the Slotskirke, the royal hearse will be escorted by troops followed by the male members of the royal family in state coaches.

LIVE STOCK IN GERMANY.

Berlin, Feb. 8.—At the dinner tonight of the German agricultural council, Prince von Buelow, the imperial chancellor, acknowledged the council's favorable reception of his policy on the subject of the scarcity of meat. Efforts, he said, should be made to raise livestock in Germany and so make the nation independent of other countries in that respect.

PANAMA MAIL CONTRACT LET.

Panama, Feb. 8.—Pinel Bros. today signed a contract with the government under which, in consideration of a yearly subsidy of \$38,000, they agree to establish a steamship service between the Pacific ports of Panama and carry the mails. Heretofore the mail service has been supplied by the Pacific Steam Navigation company.

Change of LIFE

This perfectly natural change in a woman's life is too often accompanied by painful, distressing symptoms due to female troubles and slight irregularities in her delicate organism.

The woman who passes this change without the development of tumors, cancers, or chronic invalidism enters a new field of happiness and usefulness in the domestic circle and in social activity. Her physical system should receive the necessary assistance at this critical period.

Lydia E. Pinkham's Vegetable Compound

Is exactly suited to woman's needs at this time. It strengthens and cures all derangements of the female organism, it overcomes the hot flashes and dizzy fainting spells, and all other distressing symptoms.

I Was in Bed for Three Weeks

DEAR MRS. PINKHAM:—I suffered a great deal during Change of Life. For eleven weeks I had hemorrhages and it made me so weak I was in bed for three weeks. I began taking Lydia E. Pinkham's Vegetable Compound, although it was against my doctor's will and I had to hide it. I took it regularly until I had taken five bottles, and it brought me out all right, a perfectly strong, well woman. Any one can tell how healthy I am by looking at my picture, and any one can write to me or my daughter about our wonderful cures.

Mrs. F. M. MUSHRUSH, East Chicago, Ind.

The whole secret of safety at this time of life is thorough preparation before the change begins. Fortify the system with a course of Lydia E. Pinkham's Vegetable Compound. This wonderful medicine has carried thousands of women through this danger period.

No such helpful advice to women who are sick can be had anywhere as will be received free by addressing Mrs. Pinkham, Lynn, Mass. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham, and for twenty-five years under her direction, and since her decease, she has been advising sick women free of charge.
