ing.

Palmyra, Wis., Oct. 30 .- The home of William Wickingson, near here, was burned to the ground this morning and it is thought the three occupants of the se were robbed and murdered. The names of those whose charred remains were found in the ruins are as follows; William Wickingson, aged 42 years. Albert Wickingson, aged 40.

Julia Wickingson, aged 36 years. Evidence secured points to murder. The most important clues are that Wickingson drew \$500 from a local bank Monday and that a buggy was heard on the road near the Wickingson home shortly before the fire was scovered. In the search of the ruins today, William Wickingson's body was found face downward, with arms outstretched, and near the charred bones of his right hand was found a revolver and \$365 in gold. A tin box was also found containing burning fragments supposed to be of bills amounting to nearly \$1,000. The other bodies were also found. It is thought that William Wickingson died while fighting with his revolver, and that his brother was struck by his assailant while he was in the hallway. The bodies were placed in one coffin and removed to La Grange.
