THE BEVIER TROUBLE.

The Militia Ordered Out—Trouble Ahead.

KANSAS CITY, Mo., Dec. 9.—Governor Morehouse, who is now at Bevier, has ordered out the militia, and Col. Moore will leave at 6 o'clock in the morning with two companies of the Third Regiment for the scene of the recent trouble

MORE OF IT COMING.

It now seems a settled fact that the disturbances at Bevier, Mo., where a serious riot occurred on the night of the fifth, are by no means settled, and that the future must develop more serious disturbances. It is said that when any of the strikers at Bevier go elsewhere to work, they are refused work if it is known they come from Bevier and belong to the labor confederation there. As long as the strike is continued at Bevier, these strikers receive support from the state confederation. It is said that if the state refuses to interfere there will be more armed men go to Bevier. The disarming of both sides at Bevier seems to be a hard thing to do. Gen. E. Jamison says the only way it can be done is for the governor to declare the town under

MARTIAL LAW.

There are two armed bodies of men, many in barricades, and if any one of their side fires off his gun, accidentally or not, it is war and a general war begins. Governor Moorehouse will go to Bevier and look over the grounds with Adjutant-General Jamison.

Last night the store building of Loomis & Snively, the leading miners of Bevier, was burned. It is claimed the fire must be accidental.

THE ANARCHISTS.

No Disturbance Up to This Morning—All Orderly Yesterday.

CHICAGO, Dec. 9.—Up to this hour (11 p. m.) there have been no reports of any trouble growing out of the proposed Anarchist meetings. The police arrangements begun last night were completed by noon today, and so perfect were they in all details that it would have been a small matter to have massed four hundred men at any point at which a disturbance might take place. Each station where the anarchists held meetings, held seventy-five men ready for instant duty and each outlying station held twenty-five more prepared for any emergency; but the necessity for these preparations did not become apparent at any time during the day. There was

BUT ONE MEETING

and it was practically under the auspices of the police. This took place at Thalia Hall. It was to be ostensibly a meeting of delegates from three socialistic Sunday schools now in existence, and the object was to form an organization to take charge of secular Sunday schools. Four hundred people were present and it could hardly be said that the meeting was confined entirely to the objects for which it was convened. Capt. Hallowey, in charge of 25 men, was present, but he saw fit to let the meeting run its course without deeming it necessary to interfere. All the proceedings were in German and they consisted in the adoption of a series of resolutions, the gist of which were emphatic in denouncing capitalists and also condemning the action of the police in stopping the Sunday meeting. Beyond this nothing of a sensational character occurred.

Grief's Hall was really the centre of operations for the police. It was here that Engel in 1886 proposed the

TERRIBLE SCHEME

by which the city was to be looted and the police destroyed, and it was this meeting which practically decided that which followed on May 4th in Haymarket Square. Here today was to take place the meeting of the Arbeiter Bund, composed of the most radical of the anarchist element in Chicago, and it was this proposed meeting which led to the interdiction of all other meetings of the anarchists, whether held today or any other day. As early as noon a double force of police were detailed in the neighborhood and their duty was to keep the crowd moving, and police in citizen's clothing from Capt. Schaack's district, who were well acquainted with all anarchists and their methods, mingled freely everywhere, and members of the Bund put in an appearance usually by pairs and wended their way to the saloon kept by Grief and attempted by the force of good strong German to convince the proprietor that there would be

NO TROUBLE

if he permitted them to hold a meeting, but Grief was not open to conviction on this score and he adhered strictly to what he had promised Supt. Hubbard yesterday, by flatly refusing to open his hall. Several attempts were made to obtain Florus' and Zeph's halls, but admission to these were also refused by the owners. Police will still be kept in reserve throughout the night and every precaution will be taken to prevent any secret meetings.

Prof. Shepherd Dead.

NORWICH, Conn., Dec. 9.—Professor Forest Shepherd died in this city on Saturday, of pneumonia, aged 88 years. He was born at Boscawan, N.H. He was a graduate of Yale University in the class of 1827. He was a professor of science in Western Reserve College at Hudson, Ohio. He made a thorough study of mineralogy and mining and was known as a specialist in all parts of the country. He was a pedestrian of wonderful powers, and after he was eighty years old walked from this city to New Haven to attend a reunion of his classmates. Dr. Geo. R. Shepherd, of Hartford, is his son, and Mrs. C. T. Weitzel, of Santa Barbara, Cal., and Mrs. Wm. Hutchinson, of Norwich, are his two daughters.

Inflammatory Literature.

PARIS, Dec. 9.—The book written by Captain Driant for publication, for which he was arrested, is entitled *Guerre de Demain*. It describes with imaginative detail the coming war of ravanche, the military subjection of Germany and the recovery of Alsace-Lorraine. Pictorial advertisements represent Frenchmen as bayonetting Germans.

School Building Destroyed.

LOCK HAVEN, Pa., Dec. 9.—The state central school building was totally destroyed by fire this afternoon. One hundred boarding students, most of whom were in the building, were safely rescued. The building costs $100,000. The total number of students in attendance was over 200; many of them lost their books, clothing and valuables.

Killed by a Train.

PHILADELPHIA, Dec. 9. — William Elkins and William H. Pulk were struck and instantly killed by an express train while walking on the track of the Pennsylvania Railroad, near Bridesburg, this evening.

An Editor Gone.

NEW YORK, Dec. 9.—A. K. McMillan, editor of the *Commercial Bulletin*, died tonight.

The Strike Trouble.

BRUSSELS, Dec. 9.—Two battalions of troops have been ordered from Antwerp to Galonverie, the centre of the strikes and attempted dynamite outrage. A large number of strikers have been arrested.

Democratic Caucus.

WASHINGTON, Dec. 9.—A call has been issued for a caucus or a democratic meeting on Tuesday evening for the purpose of considering measures looking to the territories and general policy to be pursued during the session.

Mexican News.

CITY OF MEXICO, Dec. 9.—Albert Bunchi, paymaster of the invalid corps, has become a defaulter and fled to the United States.

Luis Haller has commenced work on his Chihuahua and Sierra Madre Railroad.

A Difficult Task.

MADRID, Dec. 9.—The Queen Regent has entrusted Senor Sagasta with the formation of a new cabinet. Senor Sagasta encounters much difficulty in fulfilling the task.

Anarchist Arrested.

INDIANAPOLIS, Dec. 9.—Hacker, the anarchist who made a desperate attempt last week to assassinate his benefactor, James Bruce, was arrested this morning at a farm house in Shelby County.

A Dangerous Subject.

LONDON, Dec. 9.—Officers of the Woolwich garrison recently invited Charles Marvin to deliver a lecture on the cutting of Russia's road to India. Mervin accepted the invitation and made the necessary arrangement, but the war officers, learning of his intention, interfered and refused permission to deliver his lecture.

Churchill's Attitude.

LONDON, Dec. 9.—Lord Randolph Churchill writes as follows with reference to the Suakim debate:

"Had I wished to snatch division in order to defeat the government and aid the opposition, I should not have occupied fifty minutes with my own speech, nor have selected a night when a five-line conservative whip was out. The fact is that the present government Suakim policy is so irreconcilable with the tories' attitude when in opposition, that I felt very confident of receiving appreciable support in the ministerial ranks."

Riotous Row.

AMSTERDAM, Dec. 9.—During a meeting held here today to consider a project for the erection of a statute of the Pope, socialists gained admission to the meeting and prevented Abbe Brouviers from speaking. A fight ensued between the Catholics and socialists. All the furniture in the hall was smashed, the police were compelled to fire and several of the rioters were wounded and many arrests were made. Great agitation continues throughout the city.

More Bloodshed.

CHATTANOOGA, Dec. 9.—A special to the *Times* from Gadsden, Ala., says: This morning deputy sheriffs Christian and Herzberg went out to New Furnace to arrest Sam Moore, a negro who had killed a man Saturday night. Moore had fled, but the deputy sheriffs were shot by unknown parties and wounded. The officers arrested Lawson Adams, who was supposed to be an accomplice of Moore. Moore was afterward found and killed for resisting arrest. It is believed Adams will be lynched before morning.

A Modest Bill.

BALTIMORE, Dec. 9. — The young physician, Dr. Nathan R. Gorter, who accompanied Robert Garrett on the trip he made around the world before his mental troubles assumed so conspicuous a form, has entered suit for $30,000 for professional services rendered. A bill for that amount was presented to Wm. Frick, who refused to pay it, and Dr. Gorter at once placed the matter in the hands of a lawyer for settlement. It is asserted that the amount is not exorbitant, as Dr. Gorter's labors were most arduous and because he gave up a growing and lucrative practice in order to accompany Garrett.

The Harrison Family.

INDIANAPOLIS, Dec. 9. — President-elect and Mrs. Harrison attended divine services as usual this morning. In the afternoon General Harrison attended the funeral of his friend Harris H. Wetzel, late agent of the Vandalia road at this point.

During the late campaign Mr. Wetzel was one of the leading organizers of the republican railroad men's club and enjoyed the high esteem and friendship of Gen. Harrison. Russell B. Harrison, son of the President-elect, leaves tonight for New York, where he will remain some time. The nature of his business is not known and it may not be political.

The East African Difficulties.

ZANZIBAR, Dec. 9.—A British steamer which was recently sent to Bagamoyo returned here today with several Indian traders and their families on board. They report that the town is wrecked. There was severe fighting on Thursday and Friday and the rebel loss was heavy. A German and two native dependents were wounded. The Bushiri subsequently retired five miles inland.

BERLIN, Dec. 8.—It is stated that Count Herbert Bismarck will announce on Tuesday that the government will not employ German troops inland in East Africa, but will approve of the East African Company forming a volunteer corps. Herr Windthorst's slavery resolution will be brought up on Thursday or Friday and will probably reopen the discussion on the East Africa question. An attempt will be made to get the Reichstag to declare in favor of imperial financial and other assistance to secure the German settlements in East Africa.

Senate and House Programme.

WASHINGTON, Dec. 9.—In the Senate this week, the substitute for the Mills tariff bill will be taken up every day immediately after the miscellaneous business of the morning hour. This bill contains 160 printed pages and last week an average of 19 pages a day was disposed of, but in view of the efforts of Hampton and McPherson of the minority and of Plumb of the majority to procure the adoption of amendments now pending and making allowance for others to be offered, it is hardly probable that the measure will be returned to the House until after Christmas.

The Union Pacific funding bill is on the calendar for Wednesday afternoon, but friends of the tariff bill expect it to be postponed.

Plumb has given notice to ask the Senate to take up the Des Moines River land bill passed by the House last week but it will not be done until the tariff bill is out of the way.

Under the rules of the House the first business in order tomorrow after the call of states for introduction and reference of bills, is the consideration of business pertaining to the District of Columbia. Tuesday and Wednesday will be devoted to discussion and final voting upon the district tax bill. The District of Columbia and pension appropriation bills will be taken up on Thursday, and the legislative week will close with the further consideration of the bill to incorporate the Maritime Canal Co. of Nicaragua.

CRIMINAL CASES.

Brutal Treatment.—A Sensational Murder, etc.

DETROIT, Dec. 8.—Bunco men attempted to swindle Captain Francis Martin formerly commander of the U. S. S. *Fassenden*, but were arrested. They gave the names of Charles Watson of Chicago and Henry Rice of Salt Lake. They are believed to be western crooks of note.

BRUTAL TREATMENT.

ST. PAUL, Minn., Dec. 8.—A terrible story of the brutal treatment of a crippled Indian girl by one of the teachers in one of the government schools at White Earth has just reached here. Two weeks ago Lizzie Seal, with a couple of girl companions, after the school hour visited some friends who lived near the school. On their return to the school they were met by the principal, who was very angry. He carried a walking stick, and at once began to lay it on the back and shoulders of the Seal girl. Her clothing was a poor protection against the blows of the enraged teacher, who it is alleged broke the cane to pieces on her shoulders. After the beating she crawled away to a friend's house where she passed the night, whence she was later taken home and has been confined to her bed since. The girl is in a critical condition. Her body is a mass of sores. Her friends are very indignant and propose to bring the case before the authorities.

A FAIR OFFER.

CLEVELAND, O., Dec. 8.—James Axworty, the defaulting city treasurer of Cleveland, who is now in London, has made a proposition to return $16,000 to the city and in two years to repay his bondsmen if the prosecution is dropped and he is permitted to return to America.

ALLENTOWN, Pa., Dec. 8.—Benjamin D. Keck, note clerk in the Second National Bank, has been discovered $4000 short in his accounts, and has been relieved from duty. Keck is a man of good habits, and declares he is unjustly accused of wrong doing.

BOSTON, Dec. 8.—Sarah F. Howe, who it is estimated has swindled people out of at least $200,000 by her plausible schemes, chief among which was the "Woman's Bank," was arrested this afternoon upon a complaint charging her with swindling. Mrs. Howe has a long record for confidence games.

AN OLD ONE CAUGHT.

NEW YORK, Dec. 8.—Wm. A. Bushnell, who ten years ago was bookkeeper for the law firm of Butler, Stillman & Hubbard, of this city, has been arrested in Santiago, Chili, and brought to New York for trial on the charge of stealing and hypothecating securities amounting to $50,000. The arrest of Bushnell brings to light an intricate problem upon which Inspector Byrnes and his men have been working for a long time.

On March 10th Inspector Byrnes received a letter from F. W. Jones, of this city, general manager of the West Coast Telephone Co. of South America, enclosing a photograph of one Gerald F. Hanson, who, while acting as general agent of the company in 1886 and 1887, embezzled $18,000. It was thought Hanson had once lived in New York, and Mr. Jones wanted his antecedents looked up. Hanson had lived for seven years in Santiago, and had become one of its most

DISTINGUISHED CITIZENS,

when he was given a position of trust by the telephone company. When his embezzlements were discovered he was arrested but immediately released on bail. Jones said he was so popular that conviction was doubtful. After six months of careful search it was finally learned that Hanson and Bushnell were one and the same man. The records of the office of the New York District Attorney revealed an old indictment against Bushnel. Extradition proceedings were taken and on November 8 Detective Sergeant Reilly started for South America. He reached Santiago December 5th. Criminal proceedings in Chili were abandoned and today after a search of a week, O'Reilly telegraphed: "Have arrested. Detective will be obliged to keep his prisoner under English or American flags. He will sail under the former to the Bay of Panama and wait for steamer for San Francisco."

AWFUL AFFAIR.

ST. LOUIS, Dec. 8.—The *Republic's* Texarkana, Ark., special says:

A most sensational and deplorable murder occurred this morning, a son of A. T. Spear killing ex-Mayor Biedler on the streets. Four years ago Biedler separated from his wife, charging her with intimacy with A. T. Spear. Six months ago Mrs. Biedler and Biedler set ugly rumors afloat about Spear. The matter was carried on until today. Spear became enraged at some new story and assailed Biedler and gave him a terrible beating with a club. Later, Biedler retaliated by giving Spear a fearful beating, and a short time afterward as Biedler was walking up the street, the 19-year-old son of Spear walked up to him, placed a shotgun behind his ear and blew the top of his head off. Young Spear is in jail.

A Dead Issue Truly.

OTTAWA, Ont., Dec. 8.—There has been much talk here over the resolution introduced into the United States Senate by Senator Blair to investigate the citizenship of Louis Riel, the leader of the late half breed rebellion. It is surmised the purpose is to impugn the legality of his trial and execution. Messrs. Robinson and Osler, Queen's counsel, and the Queen's counsel at the trial at Regina, said that the idea that Riel was improperly tried is ridiculous. He was indicted on six counts, and was arraigned for high treason as a subject of Her Majesty; and also, for one being a resident of Canada who owed a temporary allegiance to Her Majesty.

Dismissed.

PHILADELPHIA, Dec. 8.—United States Appraiser Joseph B. Baker and Assistant United States Appraiser Geo. H. Hoffman were dismissed from the customs service today by order of the President, who issued the order through the Secretary of the Treasury. Collector Cadwallader demanded Hoffman's resignation on the ground that as an employe of the appraiser's department he had impugned his administration and preferred against him grave charges. Hoffman alleged that the collector sought only to punish him for political reasons. Hoffman's case was championed by Appraiser Baker and an investigation resulted in the order above mentioned.
