

DELEGATES GET VERY RESTLESS.

(Continued from page one.)
head the national convention delegates at 2 o'clock upon afternoon will send 20 delegates to the Chicago convention pledged to vote for the renomination of Roosevelt. As the 734 delegates practically are a unit on all important public questions, no contest is expected. Judge A. G. Burnett of Sonoma county will preside and the following will probably be chosen as delegates at large: Gov. George Pardee, John D. Spreckels and George A. Knight of San Francisco, and Judge J. W. McKinley of Los Angeles.

IDAHO REP. CONVENTION.
Pocatello, Idaho, May 18.—The Republican state convention met here this afternoon. The state committee this morning selected Congressman French as temporary chairman. The convention will select six delegates to the national convention at Chicago. Four of these delegates practically have been decided upon. They are U. S. Senator W. B. Heyburn, W. E. Borah, F. R. Gooding and D. W. Standrod, national committeeman from Idaho. Hot contests are looked for in the selection of the other two delegates. President Roosevelt's administration will be endorsed and the delegates instructed to vote for his nomination.

MICHIGAN REPUBLICANS.
Grand Rapids, Mich., May 18.—The Republican state convention to select delegates at large to the national convention met here today. It was conceded before the convention convened that Thomas J. O'Brien of Grand Rapids, D. M. Ferry of Detroit, Capt. Thomas Walters of Ishpeming and Ralph Lowell of Saginaw would be named as delegates and that President Roosevelt would be endorsed. There were indications also that Hitt would be endorsed for vice president.

A fight over the state issue of primary reform is expected to be pushed by Congressman Smith. The element in the party that does favor a direct voting primary law was admitted in most quarters to control both the resolutions committee and the convention.

Locomotive Engineers.
Los Angeles, Cal., May 18.—The convention of the Brotherhood of Locomotive Engineers has by unanimous vote passed a resolution requesting President Roosevelt to issue a decision by the postal investigation committee in the case of Third Assistant Postmaster General E. C. Madden, who is an honorary member of the order. The resolution is as follows:

"In the case of Hon. E. C. Madden, third assistant postmaster general, Mr. Madden being an honorary member of this body, we note by the reports in the daily press that the courts have sustained Mr. Madden fully in every particular.

"Therefore, be it resolved: That the honorable president be requested by this body, if not incompatible with public interests, to cause a decision to be rendered by the investigating committee in the case of Brother Madden, relieving him from the suspense that

"Your earnest consideration of cases which have heretofore been referred to you has impressed this body with the fact that it is your sincere determination that every man shall receive the attention that his cause merits and demands, and we are fully satisfied that the case of Brother Madden deserves immediate attention."

Methodists Adjourn May 30.
Los Angeles, Cal., May 18.—The Methodist general conference resindicated its action to adjourn on Saturday, May 28, and fixed Monday, May 29, as the date of final adjournment.

An afternoon session will be held today in order to hear the report of the tellers on the first ballot for bishops.

Encounter With a Sea Lion.

Kansas City, May 18.—W. H. May, a Wells Fargo express messenger who arrived here today from the west on the California train over the Santa Fe railroad, had an encounter while near Kansas City with a monster sea lion being transported from San Francisco to St. Louis. The sea lion broke from its box and made for the messenger at the further end of the car. Two dogs chained in the car were set upon the sea lion, but it drove them off when May was compelled to shoot it. The lion turned over dead within two feet of the messenger, who had been forced to retreat to the rear of the car, where he finally mounted a pile of baggage.

TOO MUCH CAVALRY.

Gen. Miles Would Have More Infantry.

St. Louis, May 17.—Gen. Nelson A. Miles, who is here attending the good roads convention, today expressed the belief that the Russo-Japanese war will eventually involve other nations. "I believe that the war will be a long and desperate one," said Gen. Miles. "Incidentally he criticized the American cavalry by remarking that 50 percent of our soldiers are mounted, while in other countries the percentage is about 7 to 10 percent. We should have more infantry and less cavalry. "In the next great war," said Gen. Miles, "I believe the automobile will to a large extent supplant the horse. There are now 100,000 automobiles in the

United States and the number is increasing rapidly. Their speed is becoming phenomenal. Automobiles can be used on bad roads as well as horses."

BELGIUM PAVILION.

St. Louis, May 17.—For each of the panels which take the place of windows in the Belgian building at the world's fair as canvas painted by a leading artist has been applied to the exterior walls, giving the structure a striking individuality among the handsome buildings in the foreign community.

The subjects treated in these paintings are mostly pastoral, the scenes depicted being familiar spots in the vicinity of Brussels. Bruges, Ghent, Antwerp and other historic cities of Belgium. Before their shipment the paintings were passed upon by King Leopold, who expressed his approval. There were 27 paintings. Among the artists were Van Engelen, Simons, Wytsman, Lynen and Heremans. Each painting occupies a space about 10 feet square.

Belgium's building is east of the administration building and faces three of the principal avenues of the exposition.

Mortgage Foreclosed.

A decree of foreclosure of mortgage was rendered by Judge Hall today in favor of plaintiff in the case of Carrie Cain against George Morrow et al. The amount of the principal of the judgment was \$8,140, which with the interest on the notes will bring it up to about \$10,000. Judgment was also rendered for \$1,000 as attorney's fees. The property foreclosed is a part of lot 8, block 88, plat A, and part of lot 1, block 89, plat B.

Decree for Plaintiff.

Judge Hall has rendered a decree in favor of plaintiff in the case of the Consolidated Mining company against Patrick McAfee in which plaintiff's title is quieted to the Gray Rock lode claim located in the Ophir Mining district, Tootie county.

Guilty of Burglary.

The jury in the case of the State of Utah vs Thomas Brown, which was tried in Judge Morse's court, this morning returned a verdict finding defendant guilty of burglary as charged in the information. Brown is one of the men implicated in burglarizing C. C. Crapo's store at Sandy recently. Judge Morse will pass sentence upon the defendant on Saturday.

Amusements

The expected crush at the Theater box office, when the Maude Adams sale opened this morning, was all that had been expected of it. The line was forming all night, and by 10 o'clock today there were enough people up and down the steps and along the sidewalk to the west to make a line a full half block long had they been stretched out. At 3 o'clock this afternoon the demand was kept up at a lively rate, and it is safe to say there will not be a seat for sale in any part of the house for either performance, when the dates arrive.

The hilarious, always clever, and oft times brilliant Shakespearean burlesque, entitled "The Ham Show," wound up its career at the Theater last night in the presence of a good sized audience. The presentation went with greater smoothness than before, and the audience was made aware of the fact that the play had finished. To emphasize this point the orchestra obligingly

struck up "Home, Sweet Home," so that there was no waiting in their seats on the part of the spectators as on the previous night, when it was thought that the play had just fairly begun, instead of having reached its end. The financial success of the "Ham" show is most gratifying to its projectors. The total receipts of the two performances amount to about \$1,300, a decided instance of what a popular organization and a generous amount of brighter ink can accomplish in conjunction.

DEATH OF MRS. FARR.

Well Known Ogden Woman a Victim Of Cancer—Burglars Sentenced.

(Special to the "News.")
Ogden, May 18.—Mrs. Diana Fife Farr, wife of Valasco Farr, daughter of William M. Fife and daughter-in-law of Hon. Lorin Farr, died at 8 o'clock this morning at the family residence, 700 Sixteenth street, of cancer of the stomach, aged 44 years, 7 months and 11 days. The deceased had been ill for some time and while loving hands did everything possible to aid her in her affliction, their efforts were unavailing, an Altwise Creator willing it otherwise. Mrs. Farr leaves a husband and seven children. She was a faithful member of the Church of Jesus Christ of Latter-day Saints and was one of Ogden's most estimable women. The funeral arrangements will not be made until Hon. Lorin Farr, now in Chicago, is heard from.

Anna Mary, the 9-months-old daughter of Mr. and Mrs. Martin Dalebout, died this morning at the family residence, 2802 Monroe avenue, of pneumonia. The funeral will be held from the Fifth ward meetinghouse, Friday at 2 p. m.

This morning Judge Rolapp sentenced William Wilkinson and Walter Bonney, to one year in the state prison, they having previously pleaded guilty to burglarizing Richman's second-hand store on Twenty-fifth street. Frank Smara received a similar sentence for burglarizing the Troy steam laundry.

Suit for divorce was today filed by Allie Weatherby vs Richard Weatherby, the well known butcher. They were married at Ogden, Oct. 9, 1901, and plaintiff avers that her husband has such a violent temper she is unable to live with him. Defendant has been ordered to pay \$50 attorney's fees and \$50 temporary alimony, pending a hearing of the issue.

Phoebe Conway wants a separation from Thomas Conway, on the grounds of desertion, drunkenness and failure to provide. They have one child, a boy 10 years of age the custody of which and alimony, plaintiff prays for. The couple were married at Lima, Mont., Oct. 8, 1891.

O. K. Zuffall was arraigned before Judge Howell this morning on the charge of forgery. His hearing was set for Friday at 2 p. m. and his bond fixed at \$500.

David Hildeman was arrested last night on complaint of Isaacson & Keil-

strom, charged with securing the sum of \$77.20 under false pretenses. Complainants, it appears, purchased a horse from Davidson, which the latter represented as being firm and sound. Instead of that it was broken-winded and otherwise physically imperfect, hence the suit. The defendant was arraigned this morning and his hearing set for Thursday at 2 p. m., with bond at \$500.

Ollie Huang, the colored man arrested for smoking opium, pleaded guilty to the charge and was sentenced to 60 days on the rock pile.

Clark Gibson was found guilty of cruelty to animals and fined \$25 by Judge Howell.

MAY LOSE HIS SIGHT.

Miner Injured in an Explosion in the Daly-West at Park City.

A miner named Powell was brought to the Holy Cross hospital last night suffering from wounds received in an explosion in the Daly-West mine at Park City. It is feared he may lose the sight of both eyes.

John Hooley, the eight-year-old son of William Hooley of Bingham, was operated on at the Keogh-Wright hospital today for the removal of part of the thumb and two fingers which were shattered by an explosion of powder which the boy playfully touched a match to. The lad is getting along nicely.

LOS ANGELES GROWING.

Salt Laker Returns Singing the Praises Of Southern California.

J. C. Cutler, who returned from Los Angeles, is enthusiastic over the growth of the city. He says that when he left, 12 dwelling houses were in progress of erection within a block and a half distance; and this is a fair sample of the way new buildings are going up.

The Salt Lake man saw at San Pedro a 1,200 pound turtle said to be 800 years old, that had been captured by being caught napping in the ocean. A citizen who was out with a 195 horse power launch detected the amphibious leviathan, and succeeded in fastening a rope around one of his flippers before he woke up. Then there was fun. The turtle made a break to escape, and hauled that heavy launch against its steam around in the great circles before it became exhausted and capitulated. It was then hauled into port and enclosed in a corral built in the water at a shore line.

Mr. Cutler says one vineyard of 3,000 acres and one vast tract of 8,000 acres devoted to lima beans. He says it seemed very curious to see large groves of orange and lemon trees full of fruit, leaves and blossoms, and in an adjoining orchard olive trees entirely devoid of leaves, on account of the season. Mr. Cutler set out on his premises quite an array of orange, lemon, olive, fig, magnolia and guava trees.
