The opinion nolds that state has the right to tax unpatented land, and to confiscate the same in default of payment of taxes. The state may selze the property upon which taxes have not been paid, and sell it to the highest bidder, giving a tax tille in exchange. The decision is of far-reaching importance, and will settle many mining claim controversies and other land claims.

The appeal to the United States su-preme court was made from the Laad-ville district, and was in the matter of ville district, and was in the matter of the suit of George Elder, Samuel Mc-Mi'lan, Alice J. McCombie, adminis-tratrix of the estate of John McCom-bie, deceased, et al, vs Tingley S. Wood, et al, and was for the possession of a valuable claim on the Comstoc; lode in the Leadville district. Wood bought a tax title from the state before patent had been issued and while the proper-ty was technically United States prop-erty. Aft-er the stare had sold the claim for taxes she gave a quit-claim deed to George Elder and others. The case was fought through the Colorado courts and finally to the Uaitc.1 States supreme tribunal, where the right to tax unpatented land was upheld.

OBJECT TO STRONG MEDICINES.

OBJECT TO STRONG MEDICINES. Many people object to taking the strong medicines usually prescribed by physi-cians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Cham-berlain's Liniment freely to get quick re-lief. Try it, you are certain to be pleased with the quick relief which it affords. Price 25 cents; large size, 50 cents. For sale by all druggists

The public is notified by the local land office that the decision is far from effective, but when it does become effective the publie will be given plenty of time for fil-ing applications.

OPERATFRS OUT OF WORK.

The general retrenchment policy of the Western Union Telegraph company has resulted in the abolishing of several positions in the Salt Lake office, and the distribution of the work more uniformly over the lower paid men. As a result, several men have left the com-pany, but there are plenty of the newer men to carry on the service. The men complain that the schedules as at pres-

RELIC OF EARLY DAYS.

Spencer Clawson has secured an interesting souvenir of the early days in the shape of a slab of lead from the metal mined in Big Cottonwood canyon in 1862 or 1863. It is stamped "G. S. L. C. Deseret," a designation that was stamped on many objects in those days. The slab came into the possession of Carl C. Moritz, who keeps a repair shop on State street, as old junk not long ago, and Mr. Clawson's junk hot long ago, and an. Clawson's attention was called to it. The latter lost no time in buying it, and pro-poses to have the interesting relic framed and hung up in his office.

Earl of Bectine, Whose Marriage With Actress Stirred England, Guest **Of Samuel Newhouse**

The Marquis and Marchioness of Headfort, the former the owner of a large estate in Ireland with 1,000 tenants, and the latter formerly Rosie Boote, comic singer at the Gaiety Thester, Strand, London (for years the rendezvous of the British "Johnnie") are due to arrive in Sait Lake tomor row. While in Denver they were the guests of Mr. Samuel Newhouse,

the First Life Guards. England's crack cavalry regiment, is ancient history. The union turned out a happy one and two sons who remain in Egland were the sequel, little Lord William Taylour ad Lord Beetive. Incidentally the title of the father who will visit Salt Lake next week is: Sir Geoffrey Thomas Taylour, Marquis of Headfort, Larl of Eectine of Bectine Casele, Vis-count and Baron of Headfort in hre-land, Baron Kenlis of Kenlis or Kells, formerly lieutenant in the First Life Guards. Guards.

In Judge Dichl's court this morning A. T. Burke was arraigned on the charge of assault with a deadly weapon upon Fred Burton. The man was released on his own recognizance and the case set for April 28.

Gus Kasacenes, a Greek charged with burglary in the second degree for breaking into the home of S. Lavin-ski, 531 west Second South street, on March 2, was arraigned and took until Monday to plead.

Ellen Dixon, an aged woman who has appeared before Judge Diehl several times on the charge of drunkenness, was up again this morning, but she declared that she was not drunk but had taken a large quantity of chloro-form for toothache. She begred so hard for mercy that Judge Diehl gave her another chance and she was dis-charged.

IN WOOL CIRCLES.

Kenneth Hutchins and E. F. Frankenstein, wool buyers from Boston, arrived from the east last night and reg-

rived from the east last night and reg-istered at the Knutsford. Mr. Hutchins will remain in Utah, but Mr. Frankon-stein will shortly go to Idaho to look over the wool situation there. The visitors say wool has dropped in price, in company with other commodities, so flockmasters cannot expect the good prices of a year ago; also, that fleece prices of a year ago; also, that fleece but mostly 10 to 12. Last year's wools are still in the warehouses, and many mills are running hardly one-third of mills are running hardly one-third of their machinery.

The Federation is in receipt of a request for assistance from the Asiatic Exclu-sion league of San Francisco, in saving from threatened defeat in Congress, that bill introduced to exclude all orientals from the United States, except merhants, travelers and students.

LOCAL INVENTOR'S SUCCESS.

An electrical devise that promises to revolutionize the methods now in voguof drying hair has lately been invented by George R. Pyper and Fred Squires of this city. The instrument is scarce of this city. The instrument is scarce-ly larger than an ordinary alarm cock, and when furnished with current sends forth a strong current of cold air, which will alternate to a warm current by the mere pressing of a button. It was pat-ented under the name of electric hair dryer. The device was exhibited yes-terday to a number of barbers, who pronounced it a complete success for their line of work, and it will be found no less so for persons to dry their haur at home. The little wonder is on ex-hibition at No. 13 south Main struct.
