Walker's third all Salt Lake City Charity Sale.

Along different lines than ever before—object, to relieve Salt Lake City's suffering families.

5 per cent

Of next week's total sales to be divided amongst worthy, destitute families of this city.

Following our custom but in a different way, we will devote one week of our business year to charity, but instead of dividing the proceeds among the different organizations, as heretofore, we have recognized the crying need of the present time—hundreds of worthy men are out of employment and their families are suffering—this state of affairs will probably continue for some weeks, perhaps months—something must be done to relieve this suffering.

We will give 5 per cent of the total receipts of the week's business to this cause—calling on the Charity organizations of the city to decide on the manner of distribution.

We suggest that each of the societies appoint a representative and a meeting to be held by them to decide upon a committee to handle the distribution.

The Infant's Home and Protective Association, The State Street Orphanage, The Charity Kindergarten, The Canyon Crest Ranch, The Salvation Army, The Model Corridor of Fund Association and all other organizations devoted to the interests of Charity to be included in this meeting.

We feel that every man, woman and child will be interested in the furtherance of this move. Every day during the week, we will make unusually good offers to make shopping exceptionally attractive and at the end of the week, 5 per cent of your total purchases will be given these suffering ones.

N. B. We suggest that this meeting be arranged as soon as possible, that no delay will be experienced after we have made the donation before it is in the hands of those who need it.
