WHOLESALE DRY GOODS. The wholesale dry goods trade reports.

that fine warm weather has begun to affect it, but with the prices of cotton goods as tending to steadily advance, so that it is hard to any when the ad-vance will stop. Jobbers report the gra-eral trade outlook as uncertain, though prices are on a more satisfactory basis prices are on a more satisfactory basis. Low cost fabrics are in large supply, and mill curtailment is needed to meet the cotton situation. Retail buyers are cautious, not purchasing beyond their immediate requirements. The irregu-larity of the present market is evident from the prices supply a mark in the state. iarity of the present market is evident from the prices quoted on many finish-ed lines. Trade in the average quality of cheviots, hickory stripes, plaids and similar colored cottons is good. The duck market is strong. Print cloths are leading in activity, with wide goods now at a parity with the cotton mar-ket. Trade is slow in fine goods, and withholding of prices for next year is delaxing buying. However, a large delaying buying. However, a large volume of goods is under order for spring delivery. Converters of fine-cloths are working to bring out new lines of rough cotions for spring mer-chandising. Buyers are much interested in every new development, as fancy cottons have been taking the place of many of the cheaper lines of

HOISIERY BRISK.

adence, though somewhat less activity certain lines. Unreasonable optim In section lines. Universionable optim-ion is giving way to more molect optim-ion, and business generally is being conducted on more conservative lines. On all side complaints are heard con-cening the present high level of prices, at only by consumers but alled by producers and distributors. It is true the great industrial combinations are enjoying more prospecify, partly through findle activity and partly through findle activity and partly through findle activity and partly through for the section better priofits. La-lor is fortunately sharing this activity

To Whom to Loan

Cash.

BUSINESS SHOWS INCREASE.

staple Goods All Along the Line Arc

Local banking men report the cur-

nel demand for money so strong that

the banks can make their pick as to

when to loan desired cash. The cause

of this is said to be the hurry to com-

pote many buildings now being finish-

el and en which deferred payments are

due; as well as the notivities usual at

s time of the year, and which it

desired to push shead as much as

will before steady cold weather

met. Banks in large commercial con-

ters even in the dullest times sock em-

plorment for their funds us near to

the reserve line as may be, in order to

more an interest return on the funds

singled to their care. So when real

ging sets in, the margin of funds

and over and above the reserve is

of likely to be great. Then the high

pies of cotton causes a strong demand

a money, and the moving of the

100.00 BONDS.

During the week General Manager Cutler, of the Utah-Idaho Sugar Co., visitad Richfield for the purpose of looking over the heavy best crop in Sevier counts, and especially with a view to seeing what arrangements the D & B G mend had node for terms D. & R. G. road had made for trans-porting the crop to the Lehi factory. While he was there. Mr. Cutler was waited on by prominent local people, who strongly urged the claims of Se-vier county for a sugar factory, and it was stated that the tonnage of beets, large as it was, could be doubled in that part of the country if a factory ware named there. worsteds and woolens for ladies' wear There has been an active demand for underwear for immediate shipment, de-

were planted there. Mr. Cutler visited several of the beet fields and loading stations, and reports that the beet crop in Sevier county is unusually premising. The railroad company had guaranteed improvement in definition over court years and has apite the advances that are now genin delivery over past years, and he hoped the moving of the crop, large as it was, would go forward with but little trouble.

. . . .

The hosicry demand is active, with diplicate orders being placed on fall and winter goods. The demand for fleece lined hosicry is increasing, but yery few mills are in position to make deliveries wanted. The sweater trade has been excellent, although prices The real estate market is reported to be rather quiet this week, though a good inquiry is reported for building bots all over the efty. The uncertainty of the election is said to be responsible on duplicate orders are quite high, and several large sweater plants are runand

ning day and night. Silks continue active. Many new lines of the election is said to be responsible for the fact that some intending pur-chasers are holding off. The inquiry for houses is reported to be a little slow, and the sales among the dealers this week have been small. Two or three very large deals are reported to be un-der way, one of which involves, it is said by a prominent real estate firm, the erection of another building as cost-ly as the Newhouse building, if it soes are being shown consisting of fine soft silks of wonderful draping qualities. Among dress-niakers catering to the highest draping qualifies. Among dress makers catering to the highest class of trade, cacheraire de soie leads. For fall street wear silk serges are being used more extensively in the dark shades. Hlack holds the lead in colors, so far, followed by shades of olive greens, slate blues and dark wine shades. The demand for moire disk is increasing, the call for these ly as the Newhouse building, if it goes through. The demand for lots in the additions just outside the city is reportsilks is increasing, the call for these goods coming as a surprise to the trade, Louis XV styles are gaining in favor, but not in distinctively figured goods. Velvet gowns will be popular this winter, the goods having the same weight of setures. All winter contumes ed to be quite brisk, in spite of the election and the approach of winter. The month of October closes with an-other spiendld record in building per-mits, which compares very favorably with any month of the year in spite of weight as anting. All winter costumes are draped, except evening gowns, which have tunics embrodered over underskirts of the same material. Both the fact that the season is at hand when people are supposed to lay over rough and smoothly weven Shantungs are in demand, while the call for slik and cotton mixtures continues to grow The linen market is strong. Importers state that they have already under order all the dress linens for spring delivery that they can handle, so are compelled to refuse considerable busi-ness. Latest advices are that the

people who expect to outid upon the addition when the improvements are finally completed this winter. Others of the investors will hold the ground for investment, expecting an advance in the price of the ground within the next few seasons.

George W. Eldredge, architect, has moved his office from the Newnouse block to the inited door of the Dooly plack. 1 1 1 1 1 H

One of the largest real estate sales this week was base to A. E. Pomeroy of Los angues by rattle pros. in-volving the psymetric of silono. The property is located on state street be-tween still and size of 66 feet and a depilt of be bet. At. Pomeroy, in con-nection with James A. Hauria, the partner, has invested heaving in State street real estate during the past mar-years and may creative of a marg same years and dhe creative of a shar san by his investments, owing to us raina savances in property in this incortant thoroughtare.

Poterson Real Estate and Investment Poterson Real Estate and Investment company poport the following sales during the week: A corner lot at Fourin South and Dougnes avenue, s0x130 feet, was sold to r'. T. Collins for a little over \$3,260. Also a let at Fourth South hear thirteenth East to; \$900; and a lot \$19,x132 feet on H street, hear Ninth avenue, for \$900, also one on Washington avenue, on the west side, for \$200.

side, for \$100. . . .

Burt & Carlquist, have started work on the thirteenth nouse out of the 16 which the firm has planned to build, Eighth South between West Temple and First West streets at a cost of \$38,000. The street on which the buildings are being created runs through the block from Eighth South to Savenah South streets. It is expected to have all the nonses finished before Jan. 1. Four of them are reported to be sold already, although they are not plaster-South streets, ed. The houses are modern in every respect and have sewerage and side walks and other conveniences.

The Groshel building at 249 south Sinte street, adjoining the Bungalow thex-ter, is progressing satisfactorily. Ole the second secon

The Eardley-Ball-Cannon association report the sale of the five-room coltage at the corner of Roberta avenue and Eighth South to C. C. Thompson, pro-prietor of the Bristol cafe for \$4,250 eash. The cottage is well constructed and is modern in every respect. This firm also sold to Mrs. Bernice Am-brose for Mr. Everett, of the Royal brose for Mr. Everett, of the Royal cafe, the five-room modern cottage at \$32 Second East for \$2.650. A lot on H street between Eighth and Ninth ave-nues, 252X75 rods to an alley was also sold to John C. Sharp for \$300, and a house and lot at 365 Galena street, Waterloo, was sold for \$1.150 cash . . .

The new mining exchange which is The new mining exchange which is fast nearing completion, presents a fine appearance on the invide as well as the outside. Centractor T. J. Arm-strong says his work is practically completed, and all that remains to be done is the election of the stand for the caller, the contract for which was given to him scattering, and the ingiven to him yesterday, and the in-stallation of the marking board and the runway in front of it. This board will take up a great portion of the north wall, and is being furnished by the Dinwoodey Furniture company. The oak railing all round the pit is when people are supposed to lay over building plans until spring. Many peo-ple have done so, but in spite of that the total for the present month aggre-gates \$1,292.000 up to hast night. The total permits last week ran over \$60,000 and the total for the present week, up to last night, was a little over \$60,000 Those for the past two weeks included no large buildings, but were made up en-tirely of cottages running from \$2,000 to \$
