

LAUNCHING OF KAISER'S YACHT.
President Interested in Arrangements as to Crowds.

PRECAUTIONS TO BE TAKEN

Large Force of Secret Service Men From Washington and Police-men Will Be Present.

New York, Feb. 6.—Wallace W. Downey, member of the firm which is building Emperor Williams' yacht, has returned from a conference with President Roosevelt. The President is said to have asked particularly about the arrangements as to the crowds at the launching. He is said to have told Mr. Downey that Prince Henry is to be the guest of the nation and that the nation will be responsible for his safety. For that reason great care is imperative in editing the list of guests and seeing that no one not vouched for by a responsible person shall be permitted to attend. Mr. Downey has had charge of all the arrangements for the launching and all the invitations are to be sent from his office. Lists are to be sent to the names on these lists the day before the launching. The President will invite a number of friends and fellow-builders. It was to prevent a too wide distribution of courtesies that the authorities have been careful to restrict the number of invited guests. Every name must be vouched for by the secret service bureau at Washington. No name not vouched for in the most satisfactory manner will be allowed to remain on the list.

The New York naval militia, 500 strong, will act as special guard for the prince, and the President at the launching. It will be formed in a double line from the pier on which the prince is to land, and through the line the party will march to the launching stage to be erected, under the bow of the Meteor.

A large force of secret service men from Washington, Central office men and police in uniform also will be on duty. A squad of secret men representing all foreign nations also will be present to see that no crank is permitted to get near the prince. These latter officials, the leading men in their line of work in the greatest European capitals, will be in attendance, accompany the prince on his tour of the country.

Reports of much interest will be made today at the regular meeting of the chamber of commerce, when the various committees charged with the regulation of Prince Henry will tell what has been done.

Elaborate preparations are being made for the decoration of the Metropolitan opera house on the night of the prince's arrival. In honor of the prince, a sub-committee of the opera committee is preparing a scheme of decoration which will make the auditorium appear like a bower. The colors of the decoration will be blue and white. A sub-committee of the opera committee is preparing a scheme of decoration which will make the auditorium appear like a bower. RESOLUTION TO ANNEX CUBA

Introduced by Newlands Inviting Her to Become a State.

BENEFIT WOULD BE MUTUAL

In Line With Traditional Policy—Would First Be Erected Into a Territory, then Comes Statehood.

Washington, Feb. 5.—Representative Newlands, of Nevada, of the ways and means committee, who was the author of the resolution annexing Hawaii, today introduced a joint resolution inviting the republic of Cuba to become a part of the United States, first as a territory and then as a state of the Union, to be called the state of Cuba; and also authorizing a 25 per cent reduction of duty on the present crop of Cuban sugar, in consideration of Cuba's granting preferential rates to the United States. The resolution confines the 25 per cent reduction of duties to the period prior to Jan. 1, 1903. The provision as to annexation is as follows:

"That in the meantime the republic of Cuba is invited to become a part of the United States of America and her people to become citizens of the United States, with the assurance that Cuba will be entitled at first to a territorial form of government under the Constitution and laws of the United States, with a delegate in Congress to represent her people and that ultimate statehood will be granted when in the judgment of Congress, it is advisable to admit Cuba, including such other West India islands belonging to the United States as may be deemed advisable, as a single state in the Union, to be called the state of Cuba."

Mr. Newlands, in explanation of his resolution, said: "All those who have appeared to voice Cuba's needs and requirements have indicated that an invitation to Cuba of annexation would be accepted. Cuba then will be in a position to be admitted to the Union as a single state in the Union, to be called the state of Cuba."

Cuba will secure immediately the highest degree of freedom and with it a large market for varied products. Those products will not threaten our sugar industry so seriously as they would under reciprocal trade arrangements, for the reason that the restricted labor laws of this country will apply and will raise the cost of production to such an extent as to prevent over-stimulation of her industries, while her supplies will be brought in the high-protected markets of this country instead of the cheap markets of the world. I much prefer political union, for that involves the best kind of commercial union that can be established between the two countries.

"Such annexation is entirely in line with the traditional policy of the country. When the time for statehood comes, Cuba, Porto Rico and other West India islands in our possession, can be incorporated into the Union as one state, thus doing away with the danger of over-representation in the Senate."

China and the Tariff.

Victoria, B. C., Feb. 6.—Gen. Sharrett, United States trade commissioner to China, interviewed by the North China Daily News, Hongkong, said regarding tariff questions and the new commercial treaty.

"It seems pretty well settled that there will be no obstacle in the way of a speedy settlement of the tariff question. He felt that the interests of the United States were safe in the hands of Sir Ernest Sartorius and Sir James Mackay, the British commissioners, and that those of other countries in conjunction with local merchants of the countries interested. He considered the negotiations of the commercial treaty a matter of far greater moment and difficulty than the tariff question, and he was glad to see that the United States was not prepared to stand silently by and allow Pitt to dictate terms in every respect. He said that he would look after the tariff question after the money interest in a matter. He is fully able to look after the tariff question after the money interest in a matter. He is fully able to look after the tariff question after the money interest in a matter."

Gen. Corbin was quite accurate in saying that he (Major Lee) never had any communication with the adjutant-general's department on the subject of horse buying. At the same time, said the major, he had nothing to withdraw in his statement, as called to the Associated Press.

FITZ AND JEFF SURE TO MEET.

Fight Will Probably Take Place by The Middle of April.

WILL BE AT SAN FRANCISCO

The Yosemite Athletic Club has Carefully Laid Plans for the Championship Battle.

That Robert Fitzsimmons, the red topped Cornishman, will be the next man to face the big boiler maker, James J. Jeffries, who now holds the championship belt, in the padded ring, is practically assured, unless something occurs between now and the middle of April, the great battle will take place by that time in San Francisco before the Yosemite Athletic club. The plans of the club have been carefully laid and it is believed they will be carried out to the letter.

From a reliable source this morning it was learned the principal reason the match between Jeffries and Sharkey had been declared off was that Fitzsimmons had practically agreed to meet the champion early in April before the Yosemite Athletic club of San Francisco.

It has been well known for some time that the Yosemite Athletic club has been making great efforts to induce the lanky Cornishman to meet Jeffries in San Francisco. According to a well-informed sporting man these efforts have been crowned with success.

The Yosemite Athletic club, as it is called, has made Fitz the most tempting offer. The story goes that the landlord of Bath Beach has been guaranteed \$7,500, besides his training and traveling expenses, for the right to induce Fitz to meet Jeffries before the Yosemite Athletic club, with the privilege of taking 35 per cent of the entire gross receipts of the fight in case the Cornishman loses. If he should win \$5 per cent will be his. The rest will go to the club.

Should the fight draw a \$40,000 house, which it surely would, Fitzsimmons' share, in case he proved the winner, would be about \$17,500. The losing side would receive nothing. The rest would be his. The rest would be his.

In relation to a fight between the two great slugs, Otto Fiore makes the following comment in the Deseret Post: "It begins to look as if after a few more days of wrangling Jeffries and Fitz will be matched. The contention of the Australian that he is entitled to have the gate receipts, or rather half of the receipts, that will be allotted to the fighters, is rather asking a great deal from the champion. It will be remembered that when the first match was made between Jeffries and Fitz, the latter insisted on 85 per cent of the fighters' share, or in other words, 15 per cent of the receipts."

Many people thought Fitz was crazy. Fitzsimmons says he was only joking when he used the manager of a Brooklyn theater for \$200 damages for injuries received in falling down a flight of stairs. Previous to this statement many people thought Fitz was crazy.

The second game of the series in the girls' basketball league was played at the Armory this afternoon. The contest was between the teams from the High School and L. D. S. U. There is a great deal of rivalry between the teams and the High School team is determined to defeat the others, if possible. G. P. Daniel of the Y. M. C. A. was referee of the game. The result came too late for announcement in this column.

Kid Smith, George Condie and young Phil Green are training hard for their coming battles and each is apparently confident of victory. Green is in charge of Brown, his opponent. He is rounding out into fine shape for his fight with "Silent" Rowan. The way he hits the bag and lands on his sparring partner indicates that if he lands good on the silent one he will think he has been struck by a bolt of lightning or an express train. Green looks small, but he is wonderfully strong, and is developing clever footwork and speed.

It is apparently impossible to have a basketball league in good working order in this city. Two attempts were made this year to form a league. The first met with rank failure. The second seemed to be starting off all right when suddenly there is trouble about the hall. The team that was to play in the hall where it had previously been agreed to have the games. It is to be hoped the teams will come to a satisfactory understanding in the matter, and that the balance of the games called for in the schedule will be played off.
