HOME FROM THE EAST. J. E. Bamberger Anticipates No Serious Declines in Prices of Metals.

Manager J. E. Bamberger of the Daly West returned yesterday from a trip to the east of several weeks' duration. While away he has been in contact with the leading lights of the mining and metal selling world, all of whom seem to fear no great decline in prices. This is especially true of copper, which will remain firm around present prices, if, indeed, it does not advance. The lead situation does not cause Mr. Bam-berger much anxiety, as he looks to see a concerted action taken by the railroads, smelters and miners to maintain the price. It is guite possible that the settling price of lead will be lower next year, but a compensation might be made if the freight and smelter rates were made lower. Mr. Bamberger says the smelter trust is doing all that can be done to maintain the price of lead and thus help the miners who are developing the prospects of the west. He considers the future of the mining

industry as being very bright, and in spite of temporary ups and downs he looks for a season of great prosperity. in which Utah will receive her full measure of benefit.

Assessment Due Tomorrow.

The 1-cent assessment of the West Morning Glory Mining company be-comes delinquent tomorrow. About one-fifth of the assessment had been paid in today and it is expected nearly all the balance will reach the comall the balance will reach the com-pany's treasury tomorrow. The pay-ment of this assessment puts \$5,000 in-to the treasury with which to pay for the new hoisting plant and the devel-opment of the property. At present the engine is in place and the gallows frame of the new hoist is being erected. Some time next week it is expected the company will be able to operate the hoist. A few men are at work on the 200 level, but no new developments are reported.

California Very Active.

California was unusually active on the curb this morning. The sale of more than 8,000 shares was reported on the blotters of the exchange. The first sale was made at \$1.0%, and a steady do-

cline was noticed until the closing sale at \$1.04 was reached. at \$1.04 was reached. The stock recently advanced on the report that the control was to change hands. It fell off again when the con-summation of the deal seemed im-probable. Regarding the deal Manager W. I. Snyder said today that from ad-vices received this morning he consid-ues the way weaking that the deal will ers it very probable that the deal will be closed on Saturday. The vendors have agreed to add to the holdings of Measrs. Roncamo sufficient to make a block of about \$0,000 shares. The price is said to be about \$1.25 per share.

thrown open, the rooms being brightly lit and decorated, and in the dining room the wedding presents were dis-played, their beauty being in itself a decoration. The bride wore a beautiful creation of white embroidered chiffon over taffeta with tripmings of point lace, and carried bride's foses. She was attended by her sister, Miss Grace Clawson, and Miss Geneve Ellerbeck, both daintiy gowned in white. Dr. Beer was best man. During the cere-mony the Anderson-Lamson quartette played "Schubert's Serenade," the Lohengrin march preceding, and the Mendelssohn march following the service. Assisting in receiving were Mrs. Bertha Benedict, Mrs. E. Y. Davis, Mrs. J. D. Spencer, Mrs. Geo, Marshall, Mrs. Beer, Mrs. C. S. Cowan. Miss Jean Spencer stood in the hall to direct the guests. The afair was largely attended, nearly 300 guests being present.

ble Webster will return. The Denver Post has the following, which indicates that MacAndrews has decided to give Salt Lake the go by. In that event, the High School wil be without a coach and the Christians minus a player: This week the D. A. C. football team will be given good hard work for Satur-day's game with Washburn, in antici-pation of the hard fight they are sure to have. The Jayhawkers have backed their team liberally the last two years and have lost each time, but are still game and will undoubtedly bring lots of money with them this time to try and recuperate for their former losses but, according to the form displayed so far by the D. A. C's., the visitors will likely go home again poorer but wiser than they came. Archie Austin has shown up well in the few days he has been out and will certainly be the been out, and will certainly let the Topeka team know he is in the game when the two meet. Indian MacAndrews will be played fullback. This is where the former Dartmouth star shines brightest, and he is admitted to be the best punter in the West today His ground-gaining ability is so well known that nothing need be said about CHICAGO-UNION PACIFIC it. It was stated this morning that Christy would take MacAndrews' place and that his withdrawal from the team will not cripple it in the least.

Sporting Notes.

Manager Davis of the Y. M. C. A. re serves is trying to arrange for a game with the Aggies of Lagoon. The same teams played a game last year and the locals got decidedly the worst of the argument.

The Y. M. C. A. pig skin chasers were out for a lively practice last evening and went through some fast work. The boys feel certain of winning Sat-urday's game with the Denver Wheel club team. Last night Christy, the Maori, was tried out at half and will probably be played in the game.

Jim Francis, the colored pugilist, has not had his injured thumb amoutated yet. He says he supposes it will have to be done before long, as the second phalanx of the member is dead. As soon as his hand is well he says he will go after Christy again and the next time he will win.
