A true and loving wife,
Fulfilling nature's laws,
She gave up life for life.

In this mysterious way, a Providence our destiny controls,
Gives here a life and there a new unfolds;
For none can doubt that our existence here
Is but preparing for another sphere
Where we shall meet, free from all earthly strife,
New born to a resurrected life.
So mourn not, friends, your faith in Him repose
Who all your grief, and all your sorrow knows.
