WEST SIDE PEOFLE | A Bargain in

With the people of the west side working hard to bring together a united action in fighting the removal of the Red Light district to that section, the work of making real estate transfers to bring this district under the control of the corporation seeking to establish the fallen women there goes steadily forward.

Belle London of Ogden, as presidents treasurer and secretary of the "Citizen's Investment Co.," now controls nearly the whole block on which the tenderloin is to be situated.

A significant fact in connection with the move is that it transfers votes the move is that it transfers votes from the Fifth to the Second precinct, where the "American" party needs votes it can spare in the Fifth. How much this fact was considered in de-ciding to facor the move cannot be de-finitely stated, but the fact remains that the "American" chief of police is in a large part responsible for it.

BISHOP BOUD'S VIEW.

"That any sum of money should be used to foster crime and bring moral ruin to a community is nothing short of an outrage," declared Bishop John W. Boud, of the Fifteenth ecclesiastical ward, today. The remark was made relative to the proposed removal of the "redlight" district from Commercial street to the block bounded by First and Second South and Fourth and Fifth West streets. "The west side of town street to the block bounded by First and Second South and Fourth and Fifth West streets. "The west side of town will never be the dumping ground for the offscourings of the city," he cou-tinued, "and west siders almost to a man will use every honorable means to thwart the scheme. Commercial street is already spoiled, and if it is necessary that the social evil be tolerated as fi has been in the past, a condition I do not believe in, let the element remain where it is. It is all very well to quote this person or that as being in favor of the proposed change. Ask Mayor Bransford, for instance, if he would like his neighborhood to be made the abode of the creatures that swarm about Commercial street and Victoria alley. I imagine he would feel about the matter just as we west siders do. The question is not merc-ly a local one, but the proposi-tion should be opposed by every decent and well meaning person. Think of tourists, as they step from the train, having before them dens of infamy that cost \$500,000 to toster! Wouldn't that be a precious advertisement for Sait Lake City? One of the mublic that post \$500,000 to foster! Wouldn't that be a precious advertisement for Salt Lake City? One of the public schools is in the immediate vicinity and many pupils would have to pass the polluted district in going to and from their studies. The scheme is out-rageous and should be killed so dead that moneygrabbers will never again dare to suggest the ruin of a resi-dence portion of the city in their gread for spoils."

BELLE LONDON'S NAME.

These comments were elicited from Bishop Boud, upon the question being asked if he had heard of the big real estate transfers that had been closed vester day, looking to a removal of the "redlight" district to the west side. The actual money changing hands in the deals referred to, with the issue of bonds to promote the scheme, amount-ed to marry \$500,000. The name of a woman figures in pearly

their building plans. She is designat-ed as the president, secretary, and treasurer of a corporation known as treasurer of a corporation known as the Citizens' Investment company. This concern has bought up nearly all the property on the block indicated, and has taken long leases on portions of the remainder. The sums offered were too tempting to be withstood by most of the owners, and today Belle London, otherwise known as Mrs. D. B. Topham, has the deeds and leases in her name or in the name of the company referred to. Following are some of the large purchases, with the sums realized by the seller: Lee estate, 5x20 rods, \$42,000; Boyd property, 5x6 rods, \$15,-700; Boyd (W. B.) property, 10x10 rods, \$26,250. The total is \$119,750. THE PROPOSED SCHEME.

THE PROPOSED SCHEME.

THE PROPOSED SCHEME. Friends of the scheme claim that the premises to be occupied by the dis-reputable women will be walled in and approached from only two aven-ues. At each of these entrances, it is said, policemen will be stationed day and night, and it is contended that rowdyism will be at a minimum. Bonds to the amount of \$200,000 have been issued by the Cltizens' Investment company, the money coming from east-ern sources through the Sait Lake Se-curity and Trust company. The bonds are in series of \$500 each, redeemable in 1918, and bearing 10 per cent inter-est.

Mr. Mitchell came to work as usual this morning but as the morning went by he left his brush and bucket. He came back in due time covered with glorious raiment and filled with the stuff that is raiment and filled with the stuff that is treacherous, dizzying and the unmaking of man. Thaw has obtained a new writ of habeas corpus returnable before Supreme Justice Mills of White Plains, N. Y. The writ was obtained in anticipation of Judge Morschauser's signing an order at 11 o'clock this morning recommitting Thaw to Matteawan. Diss Atty, Mack presented to the judge this forenoon the formal order of re-com-mitment to Matteawan, which Justice Morschauser promptly signed. It would have the effect of return-ing Thaw to Matteawan today, but just before the order was signed, Un-der Sheriff Townsend, who has been the custodian of Thaw ever since the first habeas corpus proceedings were begun, was served with the new writ of habeas corpus, which commands the sheriff to produce Thaw in the supreme court at White Plains on Monday morning.
