GRAFTING BY A LABOR AGENT.

Scandal in Engineering Department of the Southern Pacific Unearthed This Week.

PULLED DOWN \$1,500 A MONTH

Gang Foreman and Timekeeper Involved—160 Greeks Accordingly Were Discharged at Once.

A most beautiful piece of grafting on the part of a Greek labor agent, who operates a saloon at Reno, Nev., aided and abetted by a gang foreman and the timekeeper in the employ of the engineering department of the Southern Pacific was unearthed this week.

Indications are that this has been going on for a year past and it was only when the section on which the men were employed came under the jurisdiction of the Oregon Short Line that the matter was discovered.

It is estimated that in all the men involved have cut up about \$1,500 a month among themselves at the expense of the Hardiman system. The system was an old one which has been successfully worked time and time again. While working from 180 to 190 men dummy names were introduced which brought the monthly payroll up to 200 Greeks. As the laborers were getting from \$1.75 to \$2 a day there was a very neat take off.

In the past it has been the custom to send the pay checks to the timekeeper who would distribute them among the laborers. Last month, however, a man took the checks out on the road and lining up the men, called out each name. When the last man had been paid it was found that there were 30 checks still on hand. These led to a final investigation with the result the innocent suffered with the guilty and the whole bunch of 160 Greeks were given their time.

J. P. HAYS PROMOTED.

Word was received in this city this morning that J. P. Hays had been appointed agent for the Traders' Dispatch in Kansas City, vice James Turnbull, who has been appointed east-bound agent in Chicago.

TRAINLOADS OF CHINKS.

Harriman Lines Handle Shipment of 250 Chinamen to East.

A novel train carrying 250 Chinese on board en route to the world's fair and Chicago, will pass through Ogden tomorrow over the Union Pacific. The special train consists of seven cars and is accompanied by a number of guards under the United States government.

WILL CROSS BATS.

Railroad Men to Indulge in Fearful Affray at Lagoon.

The topic on Railroad row this morning was essentially the coming baseball game at Lagoon today week between picked teams drawn from the ranks of the married and single men employed in the local agencies. The singles have decided, after much debate, upon red suits and white stockings, while the married will don bathing suits—"just as a matter of form." While it has not yet been decided as to what charity, or be the recipient of the vast gate receipts, indications are that the proceeds will be donated to the fund for the decent burial of cut-rate funds. Mr. Vincent, with his usual courtesy, has kindly consented to carry water and lend first aid to the injured. The big surprises for the fans are promised when Billy Ridd puts on his mask and Harry Cushing slides into the outfield at short. Bible on third base will also be a drawing card among the ladies, and when it comes to Jim Reber in the left garden—well, that alone will be worth the price of admission. Those who will do battle will be about as follows:

BATES BOUND OVER.

Assault Case Heard at the Ogden General Hospital Today.

(Special to the "News.")

Ogden, Aug. 13.—The case of William Bates, charged with assault with a deadly weapon on the person of Frank Fordyce, was heard before Judge Howell this morning. The injured man was unable to make his appearance at the municipal court, so the defendant was taken to the Ogden general hospital, where the testimony was heard, substantially as related in these columns at the time of the arrest. The court deemed the evidence sufficient to justify the defendant's being held in the district court and it was so ordered, his bail being fixed at \$250. In default of bonds the defendant was committed to the custody of the sheriff.

Elder George A. Bates of Lodi arrived in Ogden last night over the Southern Pacific, en route home after an absence of four and a half years in Sumner. He was accompanied by two lady natives who came here to be educated for the teachers' profession, when they will return to the islands to engage in this work. The family of Charles Dumas of New Zealand, and Elder H. Christensen were also with the party.

GEO. D. ALDER ELECTED.

Utah Man Chosen Second Vice President of Agents' Association.

Mr. and Mrs. George D. Alder have just returned from St. Louis, where they took in the fair and attended a meeting of the Agents' association of the National Life Insurance company, of Vermont, of which Mr. Alder is general manager for Utah. At the meeting the Salt Lake man presented a paper on "The Applicant, the Agent, the Company," which was well received, and favorably commented upon. As a reward for his efforts Mr. Alder was elected second vice president of the association, a distinction which seldom comes to a western man. Speaking of the fair, Mr. Alder says there is no better time than the present to visit it. The heat is no more oppressive than in Utah, and in some parts of the states,

In Council Bluffs, Ia., for instance, the summer heat is delightfully moderate. The exhibits at the fair are now all in place and Mr. Alder fears that in a very few weeks the exposition will not be nearly so complete as it is now. Mr. and Mrs. Alder visited relatives in Council Bluffs and stopped also at Kansas City a short time. They consider themselves extremely fortunate in having missed by a narrow margin the ill-fated passenger train which met with such a disaster near Pueblo. The fact is, they had first arranged to come home over the Rio Grande, but later changed their minds and came the other way. The Alders are now spending the remainder of the summer at Brookbank's ranch in Cottonwood.

STREET CAR CHANGES.

Sixth Street and Fourth South Car Lines to be Consolidated.

The street railway management of the Utah Light & Railway company has decided to consolidate the Sixth and Fourth street lines, and thus abolish the double loop in the center of the city. At present the Sixth street cars run down State to Second South street and thence up East Temple street to South Temple, and thence east to Eagle gate. The Fourth street cars run west to Second South to East Temple street, and north to First South, and thence east to State and south again. When the new order goes into effect, the Sixth street cars will run west around by North Temple street from First street, and thence south to First South and thence down State street to Fourth South street; and north bound cars will run up State to Eagle Gate and thence up First street. The present terminus of the East Fourth South street line will be extended to connect with the East Seventh South street line at North East street. It is the intention of the company to extend the Third street line to V street, and connect with the Ft. Douglas line, but whether this line will be extended west on Third to run through Eagle Gate has not yet been decided on.

STOLE HIS SAVINGS.

New Found Friends Rob Young Finn Smelter Man of His Earnings.

A young Finn, whose name could not be learned, who was bathing at the Warm Springs last night, reported to the police this morning that he was robbed of \$203 by two of his fellow countrymen.

The young man had been working at the smelters at Murray, and the money was nearly a year's savings. He was almost overcome with grief when he discovered that his supposed friends had taken all his money. He gave the police a description of the thieves, and the officers here as well as at Murray are using every effort to locate the men.

DEATH OF A PIONEER.

Mrs. Lucinda Clark Angell Called Home at the Age of 82 Years.

There passed away in this city last night one of Utah's earliest settlers in the person of Mrs. Lucinda Clark Angell, widow of Solomon Angell, who came here with the second company of pioneers. At the time of her demise, Mrs. Angell was in her 83rd year and could relate many interesting experiences of early days. She was a devoted member of the "Mormon" Church and continued faithful to the end. Her funeral will be held from the Twenty-second ward meetinghouse tomorrow, Sunday, at 12 o'clock noon.

Lucinda Clark was born near Utica, Clark county, Indiana, Jan. 15, 1822. She was baptized into the "Mormon" Church at the age of 11 years, by either her father, Joseph Clark, or Lyman Wright, in the Ohio river opposite the Fulton shipyards, in Campbell county, Kentucky. While on the way to Jackson county, Missouri, she met the "Mormons," being driven out, and turned back and settled near Lexington, Mo. After putting in crops they were driven across the river into Clay county, Mo., and later from there to Far West and from Far West to Naples, Ill., and then into Quincy, Ill. Lucinda, at the age of 11, used to preach and pray in Indian tongues. The Elders expected to stop at Joseph Clarke's house while preaching the Gospel. Elder Gifford Wright and others among them. Elder Gifford spoke the Indian language and meetings were held at Joseph Clarke's home where people of the surrounding country used to congregate and hear the Gospel. Lucinda was married to R. T. Bartelings in Naples, Scott county, Ill., and on his demise to Solomon Angell, who preceded her to the spirit world several years ago.
