DESERET EVENING NEWS.

TRUTH AND LIBERTY.

VOL. VI. SALT LAKE CITY, UTAH TERRITORY, THURSDAY EVENING, SEPTEMBER 18, 1873. NO. 253.

BY TELEGRAPH.

SPECIAL TO THE "DESERET NEWS," PER DESERET AND ALTA AND PACIFIC TELEGRAPH LINES.

Last Night's Dispatches.

EASTERN.

Arrested.

NEW YORK, 17.—On the night of June last, Saml. J. Jones, a farmer at South Oyster Bay, Long Island, was murdered, and the affair was involved in mystery for a long time. On Friday last two brothers named Levy were arrested, having let fall some remarks intimating a knowledge of the murder. Geo. Lawrence, who is believed to have been the principal in the crime, is still at large, but a warrant has been issued for his arrest.

Big Explosion of Nitro-Glycerine.

Gen. Heulton yesterday afternoon fired the nitro-glycerine in the rocks of the river. The report shook the lower part of the city. 1,100 pounds, equal in power to 10,000 pounds of gunpowder, had been deposited in drill holes, and a spark from the electric battery blew into the air a volume of water and a large amount of rocks and boulders, which resembled the eruption of a volcano. The water towered up in the shape of a cone, and fell in spray. On receding there was a heavy swell, and the waves dashed against the anchored vessels as in a storm at sea. After the explosion the boatmen on the river picked up a large number of fish and two dead sharks.

At Montreal.

The *Times* Montreal special says the United States Senate Committee on Transportation arrived there yesterday p.m., and were met by the U. S. Consul and members of the board of trade and corn exchange. They were taken up the Lachine canal and down the Lachine rapids, accompanied by a large number of prominent business men of Montreal. They dined on board the steamer *Montreal*. A number of speeches were made referring to the advantages of a canal system.

Forgers Arrested.

Edward Upton and Thos. Connelly were arrested to-day, charged with complicity in forging bonds of the Massawippi Valley Railroad, Canada. It is said $400,000 worth have been forged, but not many uttered.

Help for Shreveport.

Dr. Elisha Harris, secretary of the American Public Health Association, has sent a personal contribution of one hundred dollars to Shreveport, La., and also makes an urgent request that the Howard Associations of that city and Vicksburg and New Orleans shall send and supervise the requested number of nurses, and hospital supplies, and provide for all the sick; and that the authorities of Caddo parish take speedy measures for the quiet removal and proper treatment of the unprotected who have not yet fallen by the pestilence. Dr. Harris recommends a removal beyond the first line of the plain and hills that skirt the Red River in that region, and adds that flight to a great distance will not give the kind of security that can be obtained at a small cost and in less than three hours travel. If five thousand dollars and an effective organization of nurses, together with a well devised plan for removing the unprotected were to be brought into effective service in Shreveport to-day, the panic and pestilence would soon cease. The cotton brokers will telegraph their contributions by money orders, through the Howard Association of New Orleans.

Failure of the N. Y. and Oswego Railroad.

Business on Wall Street is attended with great excitement at intervals, and a large business has been done on the Stock Exchange. The cause was the announcement of the suspension of the N. Y. and Oswego railroad, which has lately failed to meet its outstanding paper. The suspension of payment began three weeks ago. Geo. Opdyde has been president of the company for nine months past, and the bears took advantage of this circumstance, causing a general stampede of bulls and a depression of market prices, declining from ¼ to ¾ per cent. The cause of the suspension of the N. Y. and Oswego railroad was the failure to raise funds by the proposed syndicate for the completion of the road to Buffalo. Many rumors are in circulation affecting the credit of firms considered unimpeachable, but most of them are believed to be without foundation.

Price of Gold.

Gold closed at 11¼.

Damage by Fire.

A fire to-night in Verden & Foster's bookstore, 12 Dey St., did damage to the amount of $15,000.

Want to Abolish Cable Monopoly.

A cable dispatch from St. John's states that the Executive Council of Newfoundland, in order to abolish the cable monopoly, has, through the corresponding secretary, submitted to C. W. Field the following propositions: First, the surrender by the Newfoundland & London Telegraph Company of their exclusive right to land cables on the shores of Newfoundland; second, the surrender by the government of its right of pre-emption; and third, the N. Y., N. F., and London and all other companies to be subject to a tariff on all messages sent and received.

Condition of Shreveport.

SHREVEPORT, 17.—There seems to be some decrease in the number of new cases in the sickly parts of the city to-day, but an increase in the suburbs, where there have been few cases heretofore.

Navigation Convention.

PHILADELPHIA, 17.—The second annual convention of the National Board of Steam Navigation, assembled to-day, at the Continental Hotel. To-morrow the delegates will be taken on an excursion on the river front, from Cramp's yard to Kensington. All the vessels in course of construction, and those afloat, together with the different iron works along the river, will be minutely described.

Help for Shreveport.

A meeting in aid of the Shreveport sufferers will be held here this evening. Four thousand dollars have been subscribed, and a committee has been appointed to make further collections.

$70,000 Fire.

A fire broke out this afternoon in Mumfield & Morris' warehouse, 525, 27th street, a five-story building. The entire portion of the building was destroyed. Loss $70,000, insured $10,000.

A Balloon Trip.

SYRACUSE, N. Y., 17.—The balloon, City of Buffalo, which ascended from Buffalo yesterday p.m., after a voyage of much interest, landed in Post Creek Valley, six miles from Corning. The balloon was inflated at that place during the night, and at noon to-day took a fresh start, and after a most delightful trip, landed this p.m., about four miles, near Oxford.

Army of the Cumberland.

CINCINNATI, 17.—The p.m. session of the Army of the Cumberland Association was taken up with the transaction of business pertaining to the association and the reception of President Grant. There were also present Generals Sherman, Sheridan, McDowell and Hooker. General Sheridan, president of the association, called the meeting to order. Col. Blakeley then delivered an address of welcome in behalf of the city, in the course of which he invited them to return at any time and hold a reunion. A poem subscribed to the surviving members of the army of the Cumberland was read by Col. Read. Gen. Sheridan introduced Gen. Ward, who delivered the annual oration, in which he recounted the many battles in which the army of the Cumberland had been engaged, and closed by paying a fitting tribute to its commander, Gen. Thomas. Gen. Grant being called for, came forward amidst intense enthusiasm, and said: "It affords me pleasure to meet so many members of the army of the Cumberland here this evening. Although I did not have the honor of commanding your division, I had the pleasure of a personal acquaintance with your gallant commander, Gen. Thomas." After thanking them for the kind reception tendered him, he retired. Fighting Joe Hooker being called for, made his appearance and a happy little speech, amidst applause. Speeches were made by Gens. Sherman, Sheridan and McDowell and others, after which the meeting adjourned till to-morrow.

Advance in the Price of Nails.

At a meeting of the Nail Association of Pittsburg, it was decided, owing to the great demand and small stock on hand, to advance nails 12½ cents a keg all round.

Balloon Trip.

BUFFALO, 17.—The balloon passed Warsaw, N. Y., at 5.20 p.m. yesterday, and at 6.30 p.m. was reported passing North Coshcton. It was about a quarter of a mile up, and they were throwing out ballast and moving very slowly. Up to one to-day nothing later had been received.

LATER.—The balloon which ascended from here yesterday p.m. made a safe landing last night on Ferrenbough farm, in Post Creek valley, town of Hornby, N.Y. The greatest altitude attained was one mile and a quarter. They had under consideration the making of another voyage this p.m.

Charge to the Grand Jury.

NEWARK, N. J., 17.—Judge Depue, of the Essex County court, yesterday, charged the grand jury on the subject of frauds on the city government, having especial reference to the case of Bradwell, the defaulting treasurer, against whom he said a separate indictment could be found on every charge.

More Rebellion Hatching in Mexico.

BROWNSVILLE, Texas, 16.—There is a rumor that Gen. Rocha, commander in chief of the Mexican army, is getting up a revolution on his own account. He has the reputation of being the best fighting man in the Mexican army, and if he rebels he will have plenty of followers. He is now in command of a large force, and is said to be in sympathy with the malcontents of Monterey.

Fifty Houses Destroyed by Fire.

CHICAGO, 17.—At half-past two this p.m. the fire alarm sounded from the box at the corner of Wright and Morgan streets, and it was quickly followed by a second, and then a third alarm. The flames first appeared in the Chicago, Burlington and Quincy Railroad transfer depot, at the Halstead Viaduct, and under the pressure of a stiff wind from the south west spread very rapidly. This vicinity was built up with two and three story buildings, which from the recent dry weather have grown to be like tinder boxes. At half past five the fire was under control. Five blocks, solidly built, containing about fifty houses, were destroyed. The loss cannot be estimated at present.

Unanimously Endorsed.

WASHINGTON, 17.—The republicans of all the twenty-two election districts in the District of Columbia, with one exception, have held their primary meetings for nominating the candidates for the house of delegates of the legislative assembly, at every one of them resolutions were adopted, heartily approving the appointment of Alexander Shepherd to the office of Governor; and in districts where the republicans are divided into two contending factions, both parties united in this tribute of respect, expressing their approval of the appointment. Says the *Chronicle*, "This is the response of the people directly interested in the recent assaults made on the President for this appointment by newspapers printed outside of the district. In the face of this unanimous endorsement the position of the Washington correspondents who have so totally and shamefully misled their employers is truly pitiable. How they will be able to reinstate themselves in the confidence of the proprietors of the journals for which they write, on the supposition that they are expected to tell the truth, is very difficult to perceive. We do no not think they really intended to create a false impression and prejudice, but failed to take the trouble to make enquiries as to the actual facts. Such fearful departures from the truth must weaken public faith in the sayings of these journalists. We trust they may be more careful in the future."

Recovering from the Fever.

A dispatch of this date, from the commanding officer at Key West, reports that all the cases of yellow fever on board the *Peirce*, some half dozen, are doing well and are recovering. Only one other death, that of Lieutenant Com. Mitchell, had taken place since that of the paymaster's clerk, who died on shore.
