In introducing the VICTOR into the market, we have been
 offering a machine in the market— a
 constantly claim for it getting simplicity,
 a wonderful reduction of friction and a new
 combination of desirable qualities. Inutili-
 tation, and the fact that it is so simple in
 of its mechanism with the lightest stroke
 of a lever and a single stroke of the
 of a sewing machine, therefore, have no our
 cause in pushing up and recommending it to
 the public.

We Sell New Machines Every Time.
