MARK FREIGHT

HOME ITEMS.

STILL SLEIGHING.—We met Bishop Nichols, from Box Elder, yesterday evening, a few minutes after he stepped off the stage. He looked around and noticing our scarcity of snow, said, in reply to the question of how the Brigham City folks were: "First-rate; but we have snow there; sleighing still!" That's a weather item from the next county but one north.

GROWING TEMPERATE.—The preaching of Elder Knapp and other "revivalists" has not been without results in California, it would seem, judging from the following clipping from the Stockton Independent, which occurs in the same number with a notice of the "revivalists" departure from San Joaquin county:—

A Good Sign.—The number of persons arrested during the month of January in this city, for indulging in an excess of the "ardent," was only five, and each case hailed from the country. This is an evident improvement, due we hope to Christian influences brought to bear, and the good workings of temperance organizations.

"Temperance organizations" and "revivalist" preachers have a wide field before them, for the exercise of their powers, on the Pacific Slope. Decrease the number of "bars," "saloons" and "groggeries," police magistrates and police, by increasing temperance, and a blessing will be conferred upon the localities where such labors are directed. There is a wide field in which to operate; and our wish would be to see every city and town in the Union exhibit the temperance and sobriety which characterize our cities and settlements in Utah.

CORRESPONDENCE for publication is requested to be written on one side of the paper only.

No notice can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, not necessarily for publication, but as a guarantee of reliability.

STORMY.—The late stormy weather has extended east some distance, and rendered ingress to the Sweetwater country difficult for a longer period than it was expected it would be. The Sweetwater Mines of the 14th says:—

One of the severest snow storms that we have experienced this season visited us last night and has been raging incessantly up to our going to press to-day (11 o'clock a.m.), and no perceptible signs in the firmament of its abatement. We are fearful it will prove hard on some who are bound for Sweetwater. March is proverbially a treacherous month, and the present one is not believing that character. Pilgrims for the Land of Gold! take it easy! Better be slow and sure than by your haste expose yourselves to dangers and privations by which no particular advantage is gained.

MORONI.—By letter from Elder Orson Hyde, dated Moroni, March 25, we are informed that snow falls about every night, and melts as regularly in the day time, keeping the roads one vast quagmire and nearly suspending all travel.

MINERSVILLE.—By letter, dated March 10th, from the Hon. J. H. Rollins of Minersville, we learn that he reached home from this city in eight days, but had a very cold journey and had the misfortune to get his feet somewhat frosted. They have had a very cold winter in that section of country, the snow having been a foot deep for six weeks in Minersville and Beaver Valleys. The health of the people generally is good.

THE WEATHER by Deseret Telegraph line:—
Logan; warm, a little cloudy, snow going fast.
Ogden; bright and pleasant.
Provo; clear and very pleasant.
Payson; very pleasant and warm, sun shining, travelling very bad, very muddy.
Fort Ephraim; clear and pleasant; no snow.
Chicken Creek; very pleasant and warm, drying up fast.
Scipio; a little cloudy, but warm and pleasant, mud drying fast.
St. George; clear and beautiful, apricot trees in bloom and cottonwood trees commencing to leaf out. Thermometer 62.

REMOVED.—The remains of that dead "dorp" of so long standing or lying down street, after a vast expenditure of printers ink, was, a day or two since removed from the gaze of earthly eyes through the agency of a Black Republican proper, in the employ of the city, under the immediate direction of officer W. Hyde. For all and similar blessings we have our appreciation.

STARTING EARLY.—A party of U. P. R. R. Surveyors, under command of Engineer Hodges, left to-day for the north. They appeared well equipped for the campaign, and designed, we understand, going direct to Cache Valley, through Box Elder canyon, thence, if the snow in the mountains will permit, to Blacksmiths Fork canyon into Bear Lake valley, and thence eastward. We wish them success; but apprehend they will find no scarcity of snow and mud at this early stage of spring.

The party consists of the following named gentlemen:—Mr. F. S. Hodges, Engineer; McCabe, Assistant; Chas. de La Baume, Topographer; A. Doremus, Transit-man; B. Camp, Leveller; S. L. Sprague, W. Beatty, W. Edgar, J. Worley, V. Crockett, G. Lienhart, Lenhart, J. Glasser, N. Brown, J. Donley.

DIED.—In Fountain Green, on the 20th of February, 1868, the infant son of Peter and Mary Oldroyd, aged 7 months and 3 days.

For remainder of Local Items see last page.
