LAST NIGHT'S DISPATCHES.

EASTERN.

CINCINNATI.—W. P. Sprague, Member of Congress from the 15th Ohio District, announces that he does not propose to appropriate to his private use the back pay or increased salary for the 42nd Congress, but will cause it to be returned to the U. S. Treasury or to be devoted to the relief of the tax payers in his district.

NEW YORK.—In the Erie investigation to-day, ex-Director Archer testified that he never knew of any money being paid to influence legislation. Ex-Assistant Treasurer Spencer testified to paying in 1872, by the direction of Gould, $131,000 to Wm. M. Tweed, $ 5,000 to Mr. Van Vleten, and $5,000 to Barber. These were for legal services, but he did not know what the services were for. Other payments were made to Tweed, who was Senator at that time.

ALBANY.—Consideration of the New York charter has been postponed until next Tuesday.

Adams' oration on the late Wm. H. Seward has been set down for Friday, April 18th, at the North Reformed Church in this city. Seward's oration on Adams was delivered in the same church.

The chairman of the judiciary committee of the Assembly will report, as instructed by resolution of the House, a proposition to amend the Constitution so as to grant suffrage to women holding property to the amount of $ 50.

WASHINGTON.—The Secretary of the Treasury has informed the agents of the various British lines of steamers running to this country, that the treaties between Great Britain and the United States do not support their claims for the exemption of their vessels from the tax on tonnage imposed by law.

The official statement shows that the total number of persons in the United States who were assessed for income during the year 1871 and 1872, under the act of July 14, 1870, were 14,775 and 74,337 respectively.

The Third Auditor has stated and reported to the Second Comptroller over seven hundred Southern claims, which have been awarded. Only about one hundred and fifty now remain.

ALEXANDRIA, Va.—Chas. Manley, colored, convicted of the murder of an old white man, named Monroe, February last, was hung at noon in presence of a large concourse of people. The roofs of the houses in the vicinity, steeples and all prominent points were crowded. The drop fell at twenty-one minutes to one o'clock. The body hung about twenty minutes. Manley made a short speech, attributing his fate to whisky. He met his death with great composure. Several colored preachers attended the doomed man, together with the committee of the Young Men's Christian Association.

CINCINNATI.—The liberal republicans in this city, to-day, endorsed the following democratic nominees: Geo. C. Johnson, Mayor; Paul Remelin, Trustee of the Water Works; N. Marchant, Judge of the Police Court. The remainder of the ticket is conceded to the liberals.

NEW YORK.—A special from Washington says that up to February 28 over three hundred of the National Banks were below the legal reserve.

It is now ascertained that the woman in custody on suspicion of murdering Goodrich, is named Lucille Myers. She also went under the name of Kate Stoddard.

NEW YORK.—In the Erie investigation, Justin D. White testified to having received $25,000 at the time of the revolution in the management of Erie, from which he is now suspended. The voucher for the payment of thirty thousand to the New York Central Co., to partly indemnify them for money spent at Albany in connection with the 2 cents rata freight bill, still lies in the treasurer's office unpaid. He was surprised that a dividend had lately been declared, as a million in excess of the earnings was needed to meet interest and expenses. He did not think it was declared out of the net earnings. The debt of the company was undoubtedly increased by the payment of the dividend.

Abraham Van Vechten, of Albany, was shown the receipt in his handwriting to Gould for $35,000 from Wm. Tweed, for legal services. He acknowledged the receipt but said he did not know what money was paid, for witness was very anxious to get off the stand. A number of vouchers for money paid to Barber were receipted by witness. In reply to a question witness said "Barber is not a member of the bar. He is a rich man and lives in Utica, is frequently at Albany while the legislation is in session. His business there is to look out for the interest of the people, who are likely to be affected by the legislature."

The coroners's inquest in the case of Goodrich began in Brooklyn this afternoon. Several witnesses have been on the stand, but thus far nothing new has been elicited. District Attorney Britton expresses the belief that the woman arrested last night, Mrs. Myers, if she didn't commit the murder herself, knows all about it. She admitted that Goodrich paid her rent for her and in fact supported her. Prof. Boyle doesn't think this is the woman he frequently saw with Goodrich. The mother of Mrs. Myers, reported to be an honest, respectable woman, greatly laments her daughter's arrest and says she is an honest, good girl, and the main support of the family. She said she scarcely ever went out of evenings. She might have been out some evenings last week, but she always came home by ten o'clock. She frequently received letters, but never mentioned their contents.

Dos Passos, counsel for Stokes, made application to Judge Brady to-day, to amend the judgment in the record of Stokes' first trial, by inserting the facts of the absence of the Judge and the prisoner during a portion of the trial and the affidavits used on the motion for a new trial. Decision reserved.

It is reported that the counsel for McDonnell, the alleged Bank of England forger, will apply for habeas corpus, on the ground that commissioner Guttmann is not authorized to sit on extradition cases, and the charge of conspiracy is not covered by the extradition treaty.

Judge Brady to day decided to admit George Francis Train in $1,000 bail, but the prisoner declined to furnish it.

BOSTON.—In the case of Timothy Hogan, a striking horse shoer, for threatening and assaulting Peter Pinkington, for going to work in the horse shoe company's shops, Judge Parmenter to-day decided that the offence came within the statute in relation to compelling persons to do acts against their will by threats of punishment, for which the penalty is imprisonment in the State prison for not exceeding ten years, or by fine not exceeding five thousand dollars, or by both. In viewing the matter the judge said the acts alleged and proved in this case were peculiarly offensive to the free principles which prevail in this country, and if such practices could enjoy impunity they would tend to establish a tyranny of irresponsible persons over labor and mechanical business which would be extremely injurious to both. The judge held Hogan in $1,600 bail on both complaints for trial in the superior court.

NEW ORLEANS.—Tom Burke, the notorious cabman, was shot and killed by Robert Desperey this morning.

NEW YORK.—At the Goodrich inquest several other witnesses were examined, among them W. W. Goodrich, brother of the deceased, who testified that his brother was largely indebted to him, and deeded him his house in Degraw St. He has frequently called on his brother and on one occasion saw a woman in the house. Upon this one of the jurors asked if he knew who the woman was. The Coroner asked him not to press the question at the present time.

The woman arrested yesterday is now in the custody of the Coroner and has been removed to jail.

Catharine Kernan, married, was taken from a liquor saloon at 61 Washington street this evening, covered with wounds and blood and carried to Park hospital, where she died. Her husband has been arrested on suspicion. The neighbors say the pair were constantly drunk and frequently quarreling.

ST. LOUIS.—Geo. Bryan, a negro, was hanged by a mob at Chillicothe, Mo., on Wednesday night, for committing an outrage on Miss Fiske, a highly respected young white lady living 20 miles from that place.

BALTIMORE.—John Thompson Mason, Secretary of the State of Maryland, died suddenly this evening at Elkton. Judge Mason had been engaged in trying a case in court during the forenoon and was in his usual health. At the dinner table he was attacked with paralysis.

PHILADELPHIA.—The aggregate of the centennial subscriptions by citizens is $837,600, in addition to the two millions appropriated.

WESTERN.

SAN DIEGO, 28.—The *World* has information that the schooner bark *Capt. Barbie*, which left here a week ago for Enzados, took on the six convicts, murderers, who were going to Lopez for imprisonment near San Quentin. It is supposed the Carlista scuttled her, or else she ran on the rocks, as passers-by report pieces of wreck and bodies of felons washed ashore, the felons still chained. All on board are supposed to be lost.

Jas. Mareno has completed all arrangements for running a weekly line of stages from San Diego to San Rafael, and is about concluding a contract with the government of Lower California for carrying the mail.

Speaking of matters at Camp Apache, the *World's* correspondent says the Indians are getting uneasy and others are dissatisfied. The principal cause of this is the great extent of sickness prevailing among them. They receive all rations due them, but still are not satisfied. There is one fact noticed by all. The Apaches appear to have more fire-arms and more ammunition now than ever before. The opinion of all here is that they buy them of Mexican traders from New Mexico.

SAN FRANCISCO, 28.—The Gold Bluff expedition returned to-day from Reddings Rock. The color of gold was not discovered, although the beach was prospected for the distance of five miles. The expedition lost $3,000.

EUROPEAN.

LONDON, 28.—Ellarn Noyes, the American charged with being implicated in the frauds on the Bank of England, was again brought before the Lord Mayor, for examination. The witness examined was the manager of the Continental Bank, who, upon being shown the photograph of Bidwell, identified him as the party who opened an account with that institution under the name of Horton. The manager also gave details of several extensive transactions had with the bank by Bidwell and expressed the belief that Noyes was merely a clerk for the really guilty parties.

Twenty-five hundred coal miners in Bolton and Farnsworth district have struck.

The Carlist committee of this city published a denial of the reports that Don Carlos has gone to Geneva or abdicated his claims to the throne of Spain. The committee say King Carlos is actively preparing for an advance of his army upon Madrid and will head the troops on the day fixed for the movement.

PARIS.—Senora Olozaga has resigned as Spanish minister at Paris, because he disapproved of the insufficiency of the conservative policy pursued by the Spanish government.

Advices from Carlist sources say full enquiry acquits the Care of Santa Cruz from the charge of committing atrocious acts.

It is stated that the Carlists aim at the capture of Pampeluna as a base of operations against Madrid.

LONDON, 28.—There has been severe fighting in Spain, in which the Carlista claim an important victory. The government troops treated to Gronollers, much demoralized, where they were captured by Saballs. The small garrison also surrendered.

There has been a large demonstration in commemoration of the establishment of the Paris Commune.

A street fight occurred in Barcelona in which six persons were killed.

PARIS.—The petition of Prince Jerome Napoleon, praying for French citizenship, is to be presented to the National Assembly tomorrow. Upon its introduction the government will instantly propose to pass to the order of the day, and in the event of an adverse vote, will immediately introduce a bill banishing the Bonapartes from France.

LONDON.—The steamship *Great Western*, ashore at Blackmore, has been got off and returned to Bristol.

An insane American appeared at the lodge gate at Windsor Castle, yesterday, and demanded to see the Queen, alleging that she was his mother. He was arrested, and upon being threatened with incarceration in a mad-house, promised to return to the United States.
