Consumption Can be Cured.

Schenck's Pulmonic Syrup, Schenck's Sea Weed Tonic, Schenck's Mankake Pills, Are the only medicines that cure Pulmonary Consumption.

Frequently medicines that will stop a cough will occasion the death of the patient; they look up the liver, stop the circulation of the blood, hemorrhage follows, and in fact they clog the action of the very organs that caused the cough.

Liver complaint and dyspepsia are the causes of two-thirds of the cases of consumption. Many persons complain of a dull pain in the side, constipation, coated tongue, pain in the shoulder blade, feelings of drowsiness and restlessness, the food lying heavily on the stomach, accompanied with acidity and belching up of wind.

These symptoms usually originate from a disordered condition of the stomach or liver. If they take one of two heavy cures, and if the cough in these cases be suddenly checked, will find the stomach and liver clogged, remaining torpid and inactive, and almost before they are aware the lungs are a mass of sores, and, leagued, the result of which is death.

Schenck's Pulmonic Syrup is an expectorant which does not contain opium or anything calculated to check a cough suddenly.

Schenck's Sea Weed Tonic dissolves the food, makes with the gastric juices of the stomach, aids digestion, and creates a ravenous appetite.

When the bowels are costive, skin sallow, or the symptoms otherwise of a bilious tendency, Schenck's Mankake Pills are required.

These medicines are prepared only by J. H. SCHENCK & SON, N. E. corner Sixth & Arch Sts., Philadelphia.

And are for sale by all druggists and dealers.

## EVENING NEWS.

Friday - November 9, 1877.

PRICE OF GOLD.

Corrected daily by Deseret National Bank.

SALT LAKE CITY, November 9, 1877.

Buying at \$120. Selling at \$120.

LOCAL AND OTHER MATTERS.

Thermometer 60 degrees F. in the shade at 1 p.m. to-day. Clear.

Bishops and Counselors.

The Bishops and their Counselors of this city and such others of this Stake as can make it convenient, are requested to meet, at 7 p.m., in the upper room of the Council House, Saturday the 10th inst.

We make this call at the request of Pres. John Taylor and Bishop Edward Hunter, who are expected to be present.

ANOUS M. CANNON, DAVID O. CALDER, JOSEPH E. TAYLOR.

Eastward.—Mr. C. R. Savage went east this morning, on artistic business.

Continued.—The case of the People &c., vs. John James, indictment for assault with a deadly weapon, was continued to-day till the February term. No other business was done this morning.

Overcoat.—Overcoats are coming into regulation. The crossing between the Deseret National Bank and the Lawrence corner received one to-day, from Mr. Bassett. It is made of concrete. No shoddy about that coat.

Temple.—The masons at work on the Temple walls completed, yesterday, the laying of seven courses of face rock and six of rough on the south side. To-day they commenced laying one additional course on the north side. This will make seven face and six rough courses all around the building laid this season.

Mr. Savage has taken a very fine photograph of the structure and workmen.

Street Repairs.—Last Fall and Winter that portion of the State Road (First East Street) that is within the corporate limits was put in excellent repair by the City.

The supervisor is now at work treating the street leading out of the City to the northward after the same fashion. Something over a block in length has already been placed in good repair.

Home Mission.—Home missionaries of the Salt Lake County Stake will preach in all the Wards of this city, excepting the 5th, on Sunday next, November 11th.

On Sunday, November 18th, they will visit the following Wards of the Stake:

Sugar House, Mill Creek, Farmington, East Mill Creek, Big Cottonwood, Union, Granite, Draperville, South Jordan, Herriman, West Jordan, North Jordan, Brighton.

Reports Wanted.—Some time since Presiding Bishop Edward Hunter requested, through the News, the Presidents of the several Stakes to forward to him, at the earliest practicable date, a report giving the names of each settlement within their ecclesiastical jurisdiction and the names of the Bishop or Bishops in each.

We learn from him that only about half the Presidents of Stakes have responded, and he now asks us to remind those who have not yet complied with his request, that he will be necessarily hampered in his business relations with a large portion of the Church unless the list be speedily completed.

Nearly Ready.—This morning our reporter visited the premises of the Tanning and Manufacturing Association, and was somewhat surprised at finding so great progress made since a previous visit a few weeks ago.

The puddling of the thirty-four tanning vats is just being completed, and the four line vats, one baiting vat, and two soaking vats, in the work room, are also about ready. In a short time hides will be in the vats and active manufacturing business will begin.

Next week the engine and boiler, now being made by Mr. Thomas Pierpont, are expected to be in position. Besides the extensive new buildings which we have heretofore described, the old ones that were on the ground when purchased by the Association will be of considerable utility, for storing hides, bark, chemicals, &c., and the bark mill will be placed there.

The upper room of the new main building is one of the finest for the purpose for which it is designed that could be imagined. It is 108 feet long by 28 feet wide in the cellar, with a large sliding door at each end. It is lighted by means of 22 windows, and will be heated by steam pipes, the laying of which is to be proceeded with immediately.

The design and arrangement of the whole premises, which have been constructed under the immediate supervision of the President of the Association, Mayor F. Little, show the application of much ingenuity and tact.

Those who subscribed for stock in the company should not fail to step up and purchase the shares they agreed to take. There appears to be no room for doubt that the enterprise, which is under most able and efficient management, will be a gratifying success.

All the means thus far expended have been paid for actual physical labor performed and for needed materials, not a dollar having been laid out for clerk hire, transacting business or superintendency. The policy of the Association is to pursue a course in strict conformity with the principles of genuine economy, and to constantly operate with a view to the success of the undertaking.

First and Tenth Wards.—The Elders, Priests, Teachers and Deacons of the above wards met in the First Ward School-house last evening at seven o'clock, for the purpose of being organized into quorums.

Angus M. Cannon and David O. Calder of the Presidency of the Stake were present; also Bishops Joseph Warburton and Adam Spiers. The following brethren were unanimously sustained in the positions named.

James E. Mallin, President of the Elders' Quorum, composed of the Elders in the First and Tenth wards; Wm. Crouch and Oliver Hodgson, Counselors.

George Klinghorn, President of the Deacons' Quorum of the First ward, David Klinghorn and Joseph C. Warburton, Counselors.

All the above brethren were set apart excepting David Klinghorn, who was not present.

The Deacons in the Tenth ward, not being fully represented, it was thought best to defer their organization until they could be more generally notified.

The Presidency of the Stake will meet this evening with the Priesthood of the Second, Third, Eighth and Ninth wards, for the purpose of organizing the above quorums there.

Very respectfully, ORSON HYDE.
