You get an entire meal, as good as is served in any first-class hotel, for seventy-five cents.

Appreciating the fact that a majority of the people prefer separate apartments for different purposes (and the immense passenger business of this line warranting it), we are pleased to announce that we have Compartment Palace *Sleeping Cars* for sleeping purposes, and *Palace Dining Cars* for eating purposes only. One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line, and transfers are avoided at Council Bluffs, Kansas City, Leavenworth, and Atchison, connections being made in Union Depots.

THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Also excellent for human flesh. Read proof below.

FROM

COL. L. T. FOSTER,

YOUNGSTOWN, Ohio, May 10th, 1880.

DR. B. J. KENDALL & CO., Gents:—I had a very valuable Hambletonian colt that I prized very highly, he had a large bone spavin on one joint and a small one on the other, which made him very lame; I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the *Chicago Express*. I determined at once to try it and got our druggists here to send for it, they ordered three bottles; I took them all and thought I would give it a thorough trial, I used it according to directions and the fourth day the colt ceased to be lame and the lumps have disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who are now using it. Very respectfully,

L. T. FOSTER.

Kendall's Spavin Cure

Is sure in its effects, mild in its actions as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargements, such as spavins, splints, curbs, ringbones, callous, swellings and any lameness and all enlargements of the joints or limbs, or for rheumatism in man or for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mildly and yet certainly in its effects.

Send address for illustrated circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man.

Price $1. per bottle, or six bottles for $5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. B. J. KENDALL & CO., Enosburgh Falls, Vt.

EVENING NEWS.

Monday, - October 2, 1882.

SUNDAY SERVICES.

The regular Sunday services of the Church of Jesus Christ of Latter-day Saints were held in the Tabernacle, on Sunday, commencing at 2 p. m.

The choir sang the hymn on the 61st page:

My God, the spring of all my joys,
The life of my delight.

Prayer by Elder Theodore McKean.

The choir sang the hymn on the 399th page:

Again we meet around the board,
Of Jesus, our redeeming Lord.

The sacrament was administered by the Priesthood of the First Ward.

Apostle Erastus Snow said it had been the joy of his life to be a witness for God and bear testimony of the great things He has done for the human family. Although the nations of Europe and America pride themselves on being Christian nations, yet they are fast drifting into infidelity in fulfillment of the sacred Scriptures. The Savior and His apostles prophesied of these things that there would be a great and general falling away and apostacy. Paul says in writing to his brethren to "deceive not themselves with regard to the second coming of Christ, for it should not come until there had been a falling away first." Many believe that the foundation upon which Christianity rests is upon the miracles and wonderous works of Jesus and his disciples, but to the true believer whose eyes have been opened, the workings of Jesus and His disciples are only corroborations of their testimony. When Jesus promised signs it was to those who believed and not to the unbelievers. We are not to expect to gain our salvation by smooth and clear paths when Jesus and His apostles and many of the ancient Saints sealed their testimony with their blood and thus gained the promised reward to those who endured to the end. The clergymen of the many sects of Christendom are endeavoring to make their religion popular and shape their sermons to please their hearers, and a great many preach for hire. One of the latest Jewish prophets prophesied that their preachers should preach for hire and divine for money, and that when that day did come they should be overthrown and their temple be destroyed, and we find that they were overthrown and their temple destroyed, and the ground upon which it was built was plowed over by twelve yoke of oxen under the direction of the Roman emperor, thus showing the wrath of God towards a nation who had thought more of worldly goods than of the kingdom of God.

God has commanded his disciples to go forth and preach the Gospel without purse or scrip. The ministers of to-day are making merchandise of religion, as was predicted by the Apostle Paul. They write and speak out of their own hearts, and the education required of priests and teachers of modern times is a scholastic education, and the inspiration of God and His principles are left out of the question. Jesus commanded His disciples to go out into all the world and preach the Gospel unto all people, telling them that those who received them should be saved and certain signs should follow the believers. Most of these disciples He had chosen from the lowly, and yet all that He considered necessary was the endowment from on high, the Holy Ghost, which was to bear witness of the Father and the Son and bring to their minds the things that He had told them during the three years He had been with them. No man could of himself remember all the instructions He had given them without the inspiration of the Holy Ghost. Matthew, or any of the other writers, did not write the Gospel as contained in the New Testament until many years after Christ's death, and yet we find that they are the same in all the main principles. Many times the words of Jesus and His Apostles cut the people to the heart because of their severity; but they were not preaching for hire, and it was not necessary for them to sugar coat their words and suit their sentences to the feelings of the people. It is the lot of those who receive the Gospel in Babylon to be cast out from their kindred, friends and frequently their employment. Jesus said, "Blessed are you when all men revile you and cast you out, for so did they do your fathers before you. But woe unto you when all men speak well of you for so did they speak of the false prophets." Paul says, "Whomsoever the Lord loveth he chasteneth." The Lord says in these latter-days, "My people shall be a tried people even as was Abraham of old." The speaker compared the process of the Lord in gathering the righteous to himself with the process through which the wheat goes in order to obtain the pure white flour from it. There shall be a time in Zion when terror will overtake the hypocrites, while the righteous will go on rejoicing and patiently bear all the trials which the Lord sees fit to put upon them, realizing that it is necessary that the wicked should be separated from the righteous. The Lord will overrule all things for the good of His servants and the accomplishment of His ends. The Lord holds all men responsible for their deeds according to the light within them, and the understanding which they have of the laws which he has given them. There is a light in every man which enables him to discern good from evil, and according to this light will he be judged. Of those who have received much light, much will be required, while those who have not received much will not be judged so strictly.

President Geo. Q. Cannon said it is well for us as a people to bear in mind that we are in the same position towards the Lord as were the people to whom he revealed Himself and gave His Gospel anciently and therefore we should take heed of what He says with regard to His Former-day Saints. Jesus commanded His disciples to go forth and preach the Gospel and take no heed of their raiment or any of their physical wants, but to nourish the words of life in their hearts. He has given the same commandment to-day, and it is upon this principle that this Church has been built up. The Lord has promised that those who befriend the Elders should be blessed, and we are living witnesses of the fulfilment of His promise. We are here in these mountains enjoying the blessings and communications of God, while the people of the world are living in darkness, not knowing whether there is a heaven or a hell, a judgment day or a resurrection, not knowing whether man sprang from an oyster or a monkey. If this does not strengthen our faith, it should do so. There never was a faithful Elder who went forth to preach the Gospel who has ever come back because he could not get food to eat, or because he did not know what course to pursue. If the faithful Elders are so successful in preaching the Gospel, we should exercise more faith in all things, and instead of calling in doctors when we are sick, we should have faith in the healing process which the Lord has given us. We should go to the Lord and get His word for anything which we are in doubt about, and not trust to our Bishops, President, or any man to know if this work is true.

The choir sang an anthem.

Benediction by Elder Milo Andrus.

SALT LAKE CITY, June 29th, 1882.

This is to certify that we had Messrs. Simmons & Co. repair and paint our stables at the race track, in this city, which leaked badly. A few hours after the roof was painted there came a very hard rain storm, and we are pleased to say our roof did not leak a drop. We cheerfully recommend this paint as being both fire and water proof, and as a preserver of roofs it seems to us to be the very thing needed in this section of the country.

This standard article is compounded with the greatest care.

Its effects are as wonderful and satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff, and the scalp by its use becomes white and clean.

By its tonic properties it restores the sanguinary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing nothing has been found so effectual, or desirable.

Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it *the best preparation* for its intended purposes."

BUCKINGHAM'S DYE,

For the Whiskers.

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color which will neither rub nor wash off.

THE CASE

AGITATOR

Ahead of all Other Competitors!

SALT LAKE CITY, August 12th, 1882.

J. W. Lowell, Esq.,

Dear Sir.—The J. I. Case Agitator we bought of you last season is the best machine we ever saw or used; it will thresh more grain and thresh it better and cleaner than any other machine we have ever seen, and we can confidently recommend it to any persons wishing to purchase a good Thresher.

Yours, etc.,
G. W. LUFKIN,
W. A. BARRON.

ASHLEY'S FORK, UINTAH CO., Feb. 26th, 1882.

John W. Lowell,

Dear Sir.—The Agitator Separator and Woodbury Power that we bought of you, we can truly say give entire satisfaction. It beats anything that we ever saw to thresh and clean. We have run seven different kinds of machines, but this is the champion. The cleaning and the separating are perfect. We have not had a man find fault with it yet, and we believe that the people here will testify to our statement as being the truth. It comes as near being perfect as it is possible for a machine to be. We cannot tell you upon paper all its superior qualities or how much we think of it, but can say this, that could we not get another like it, no money would buy it.

Yours truly,
GEORGE BROWN,
S. J. CAMPBELL,
WM. P. REYNOLDS,
ROBERT BODILY.

CEDAR CITY, Sep. 23rd, 1881.

John W. Lowell,

Dear Sir.—Our machine, Agitator, is doing excellent work. Cleans the best and threshes faster than any Thresher we ever saw.

We remain,
CORRY & HUNTER.

LEHI, Utah County, February 7th, 1882.

To John W. Lowell, Esq.,

Dear Sir.—As our opinions have often been asked about the merits of the Agitator Threshing Machine we purchased from you last fall, we take pleasure in sending you the following as our experience with it. To answer the numerous inquiries, and perhaps others who would like to know, we recommend the following points of superiority over all other machines we are acquainted with—

1st.—Lightness of draft. Our team of five span of average native horses and mules, being fully equal to the work, and without crowding or hurrying them, they gave us all the speed and power we needed.

2nd.—Thorough threshing and cleaning, and that *without extra effort* on our part; such a thing as the sieves being crowded or clogged, or requiring the attendance of one person at the tail end of machine having never occurred or been needed.

3rd.—Lightness of wear. After having threshed 18000 bushels of grain, lucern seed, etc., the general wear on the machine being scarcely perceptible.

4th.—Lightness of running expenses. By comparing notes with our friends of other machines, we find ours have not exceeded half of theirs.

We also consider the capacity for threshing in quantity, superior to other makes of machines. Although the farms here are small, necessitating a great deal of moving, and often to distant points, yet we threshed as high as 800 bushels per day.

We also consider the Straw Stacker, End Shake, Elevator principle and many other points are *all* worthy of notice and examination of any and all persons who may contemplate purchasing a machine.

A. J. EVANS,
M. T. WOODHOUSE,
H. M. ROYAL,
M. B. BUSHMAN.

I have helped wear out four machines of other kinds, and I heartily endorse all of the foregoing points.

A. D. RHODES, Jr.

CEDAR CITY, March 18th, 1882.

Mr. J. W. Lowell.

We bought one of the J. I. Case 32 inch Agitator Threshers last year and consider it by far the best Thresher ever brought to this country. It runs very light, saves all the grain and is a very durable machine. We threshed grain at the rate 2½ bushels per minute.

Yours, etc.,
CORRY & HUNTER.
