SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life requires it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surrounding crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by proper means it can be saved and beautified.

LYON'S

KATHAIRON,

Thirty years ago by Prof. Lyon, of N. Y., the most perfect preparation in the world for preserving and beautifying the hair.

Produces being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, for which the following is

A FAIR SPECIMEN

"I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

FORTY-SIXTH CONGRESS.

EXTRA SESSION.

SENATE.

WASHINGTON, 1.—Maxey, from the committee on postoffices, reported a bill to extend the time for a special postal service, under the service contracts obtained by advertisement. He said the communication from the postmaster general showed an exigency that should be met at once, and therefore he would call up the bill at an early day.

Bell offered the following resolution, which was agreed to:

Resolved, That the Secretary of the Treasury be directed to inform the Senate of the amount due and uncollected, if any, under section 8, act of August 5th, 1861, entitled "An act to provide increased revenue from imports to pay the interest on the public debt, and for other purposes," and to state the reasons, if any exist, why the same have not been collected agreeable to the provisions of said act.

The Senate then resumed consideration of the bill to prevent the introduction of contagious diseases into the United States.

Harris, chairman of the select committee on the subject, explained that the object of the bill was to regulate commerce with foreign nations, so as to prevent the importation into the United States of contagious or infectious diseases, and to so regulate commerce among the several states so as to prevent the importation of such diseases from one state into another. This was the precise and only object of the bill. He defended the constitutionality of the measure, and opposed the recommitment of the bill.

After further debate, Wallace, from the committee on appropriations, reported a bill to provide for the payment of bounty and back pay to those who were deprived of the same by frauds with which they had no connection.

Saulsbury, from the committee on elections, reported a resolution instructing the committee to inquire into the matter of the contest of H. L. Spofford against Wm. P. Kellogg, regarding the seat in the Senate, with power to send for persons and papers and to employ a stenographer to take testimony, either in Washington or in New Orleans, by a sub-committee.

Cameron, Wisconsin, objected to its present consideration.

Edmunds inquired when the Senate might expect the committee on appropriations to report back the legisintive appropriation bill.

Davis (W. Va.) replied that the bill had just been printed. The sub-committee had been at work on it and might report it to the full committee to-morrow.

Edmunds inquired whether it was not the same bill that was acted on at the former session of Congress, except in the matter extraneous to the appropriation.

Davis replied it was; but it was known there were some members on the committee who were not in the previous Congress and therefore the entire subject had to be considered irrespective of former action. Adjourned.

HOUSE.

WASHINGTON, 1.—Mr. Kitchen, rising to a question of privilege, denounced an allusion to himself which appeared in a speech printed in the Record as a speech of his colleague, Mr. Russell. He characterized the allusion as infamously false and slanderous; that he was not surprised at his colleague violating every parliamentary rule and every rule of decency and propriety. He reserved further reremarks on the subject until his colleague, Mr. Russell, should be present. Adjourned till Saturday.

EASTERN.

Jay Gould's Project.

WASHINGTON, 1.—It is reported here that Jay Gould will soon complete a transcontinental railroad by building a line of fifty-six miles between Toledo and Detroit, which will give him connections from Boston by way of the Grand Trunk and from New York by way of the Erie Road to San Francisco, independent of the Vanderbilt lines.

The Joint Committee.

The two committees appointed respectively by the House and Senate democratic caucus to report what course of action should be adopted in view of the presidential veto past and prospective, held a joint meeting, this afternoon, of two and a half hours' duration. In consequence of the absence of Senator Janes (Fla.) his place on the Senate committee was filled by Senator Hampton. Bragg and Goode were, to-day, appointed by the chairman of the House caucus to fill the places occupied heretofore by Phelps and Tucker.

For California.

Ex-Senator Sargent and his daughter Elizabeth left Washington, last night, for California.

Gov. McCormick's Banquet.

Gov. McCormick intends leaving soon for Arizona, partly on a trip of recreation, after his arduous labors at the international exposition, and partly to attend to his business interests in that territory. He gave an elegant dinner yesterday to President White of Cornell University, our new minister to Germany. The guests numbered about a dozen gentlemen, prominent in journalism and public life. Among whom were were Congressman Morton, representative in congress from New York City, and Murat Halstead, of the *Cincinnati Commercial*.

Vinegar Factories.

A communication from the assistant secretary of the treasury was laid before the House to-day, accompanied by a draft of the joint resolution recommending that the internal revenue laws be so much amended as to allow the establishment of vinegar factories in connection with distilleries.

Democratic Caucus Committee.

The action of the democratic joint committee, this afternoon, points to a speedy dissolution of the deadlock concerning the army appropriation bill. The general impression is that the President will approve the bill in its amended form, but if he should still withhold his signature, the democrats will doubtless be satisfied to have placed him, and through him, by implication, the republican party, upon the record as favoring the use of troops at the polls, and will consent to the passage of the army appropriation bill divested of any political provisions. The struggle will then be confined to the political features of the legislative, executive and judicial appropriation bill, and although this is by far the most important part of the controversy, it is believed there will be much less difficulty in compromising or postponing it than in reaching similar conclusions with both the bills pending.

The Vanderbilt Party.

COUNCIL BLUFFS, 1.—The Vanderbilt party arrived from Chicago, having made the 492 miles in 11 hours and 38 minutes.

Out of Employment.

Pittston, 1.—The Empire and Twin collieries, operated by the Pittston and Elmira coal company of this place have closed operations for an indefinite term. The company can buy coal at their selling points cheaper than they can at their mine and ship it. Several hundred men and boys will be thrown out of employment.

Gov. Seymour Declines.

ALBANY, 1.—Gov. Seymour has written a long and elaborately prepared reply to the letter of the committee of the Belmont conference asking him to accept the nomination for governor next fall. He refuses to accept the nomination and in the most positive terms asserts he has permanently retired from politics. He discourses upon the present condition of the democratic party of the State, pointing out the danger it is in, and most earnestly and eloquently urges peace, harmony and unity.

The Mexican Exposition.

CHICAGO, 1.—News has reached here that the Mexican government has appointed Col. David V. Whiting, commissioner to the United States for the Industrial Exposition to be held in the City of Mexico, commencing next January. Col. Whiting has also been appointed consul here and will furnish the intending exhibitors copies of the regulations and full particulars regarding the exposition.

Railroad Sold—Legal Doings.

The Chicago and Pacific Railroad was sold at auction this afternoon by the master in chancery to John Hurenn, for $916,100. It is said the property is really bought for John J. Blair and others as an outlet into the Iowa. This is a short road leading from Chicago to the southwestern connections.

The indictment against the register in bankruptcy, Homer N. Hibbard, was ordered quashed, today, because of a technical error in its drawing. Register Crains case was *nolle prosed*.

Blackmail and Probable Murder.

Last December, Mrs. Ada Roberts filed a bill against Theodore B. Weber, a member of a prominent wholesale boot and shoe firm here, charging Weber with seduction, and that he had promised to pay her eight per cent. on five thousand dollars annually during his life, on condition that she would support their son and keep silence; that Edmund Jussen, his lawyer, was appointed trustee of the fund, but that Weber had unaccountably stopped these payments. Weber filed an answer last month alleging blackmail had been practiced and that as certain sums had been forced from him by a woman having failed to keep silence, he had stopped the payments. This afternoon, as Mrs. Roberts, Weber and Jussen were in the latter's office, taking Weber's testimony, Mrs. Roberts suddenly drew a pistol and shot Weber in the abdomen; he was taken home bleeding inwardly, and will die probably to-night. He has made a will and claims he is innocent.

WESTERN.

SAN FRANCISCO, 1.—The Bank of California has sold the government 100,000 ounces of silver for delivery here at $1.10½.

Coinage at the San Francisco Mint for April: double eagles, $2,540,000; standard dollars, $1,000,000. Carson Mint was idle during the Month.

Treasury shipment, per *City of Peking*, fine silver, $208,300; trade dollars, $11,066; Mexicans $53,941, gold coin, $9,130.

The Utah Northern Connections.

A Portland dispatch says: Gentleman who are closely identified with the enterprise have arrived here, and state that Jay Gould has made a deflection at Ft. Hall from the Utah and Northern line in the direction of Oregon, and has let the contract for 100 miles of road. If this road should be continued on the line of this deflection and there are good reasons for believing it will, it will touch the Columbia River at Umatilla. Managers of local railroads are projecting narrow guage roads to connect with the Utah and Northern.

D. B. Locke (Petroleum V. Nasby), of New York, states that he had "on the forefinger of his right hand one of those pleasant pests, a 'run-round;' the finger became inflamed to a degree unbearable.

A friend dressed it with Carbolic Salve, and in twenty minutes the pain had so much subsided as to give a fair night's rest. * * * * *

The inflammation left the finger by next day."
