LOCAL BRIEFS.

The Tenth quarterly conference of the Alpine staff of Zion convened at Alpine today.

Mrs. Sophie Walker is dead at the age of 77. She lived in this city for 12 years. She was the mother of Mrs. D. L. Nickum of this city.

Elders L. John Nuttall and Levi W. Richards of the Sunday School Union board, will attend Sunday school conferences at Heber and Hyrum tomorrow.

There was a large turn out last evening in attendance on the connoisseur's hop at St. Mark's schoolhouse given under the auspices of the Utah Plaindealer.

D. W. Farratt of Salt Lake has been awarded the first prize at the Chicago National School of Art for the best work done.

The prize is a fine water color landscape painting by Hintze.

There will be a propaganda meeting at Socialist headquarters, 68 south East Temple street, on Sunday at 3 p. m., at which Mr. Owen Brewster will deliver a lecture on "The Passing of the Democratic Party." All are invited.

A lively game of baseball was pulled off yesterday morning on the Seventh North street flat, between the employees of the Ashton, Whyte, Skillern company and Ashton and Whyte, the score being 25 to 8 in favor of the latter. Although thus vanquished the stone cutters are determined to have another game, at which time they promise to reverse the score.

Mrs. Hacon Nielson, the aged lady who had her right leg amputated above the knee at the Holy Cross hospital two weeks ago, for gangrene, is doing nicely. Her physician says she is a remarkable case, the having an unusual strength of constitution. A few days ago the stitches were taken out, and the stump of her leg is almost healed. The doctor says Mrs. Nielson will be able to return to her home in the near future. Her many friends will rejoice to learn of this good news. Mrs. Nielson resides at 126 M street.

As a two horse wagon was being driven past the Knutson flat evening, a wheel went off. The wheel rolled against a "chair warmer" sitting by the curb, and as he went over, he laid out two other men who were tilting back in their seats behind him. At the same time, the driver of the wagon was hurt. The horses were stopped at the corner by an expressman, and the driver disappeared in search of a doctor.

WOMAN KIDNAPER.

Mrs. June Wells Charged With Stealing an Eleven-Year-Old Girl.

Special Correspondence.

Rawlins, Wyo., July 24.—A charge of kidnapping has been lodged against Mrs. June Wells, who is alleged to have left the city a few days ago with the 11-year-old daughter of W. H. Luckfield. Luckfield brought habeas corpus proceedings against Mrs. Wells, but before the papers could be served the woman left the state. An effort will be made to locate Mrs. Wells, and if successful she will be brought back and prosecuted for kidnapping.

TO MEET IN OGDEN IN SEPTEMBER

Official Call of the Eleventh National Irrigation Congress.

The Eleventh National Irrigation congress will be held in Ogden, Utah, Sept. 15 to 18, inclusive, 1903.

A convention of vital concern to the American nation; to those who would make two blades of grass grow where one grew before; to all who realize that water is the Midas touch which turns the desert sands to gold; a convention of specific significance to the states and territories whose arid lands are to be reclaimed by the federal government under the provisions of the national irrigation act, namely, Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, North Dakota, Nevada, New Mexico, Oklahoma, Oregon, South Dakota, Utah, Washington and Wyoming.

Government and leading irrigation experts, practical farmers, irrigationists, fruitgrowers, representatives from state agricultural institutions, state engineers, government and noted foresters, as well as press representatives, business men, officials and lawmakers, will be in attendance and participate in the discussion.

The program will include:

Practical Irrigation and Forestry Lessons.

Report of Experts.

Application of Provisions of the Reclamation Act.

State Progress under the National Act.

Views on Settlement of Legal Complications.

And the Pertinent and Important Theme of Colonization.

Utah being the pioneer state in irrigation science professes special opportunities for the study of its history and progress. Railroad and other excursions covering this field will be arranged for delegates by local committees.

For the first time in the history of the irrigation congress, the eleventh convention has been liberally fostered by state appropriation—which sum has been doubled by private subscription from officers of the congress and the citizens of Ogden and Utah—so that a large fund guarantees the successful conduct of the program and hospitable entertainment of all visiting delegates.

Business men will be interested to meet here with electrical and irrigation engineers to discuss the dual values in storage of torrential streams.

In the far eastern and southern states of the humid region irrigation methods are being studied and put into practice to save crops in seasons of drought and to increase the value of natural resources. Flood sufferers in southern states should confer at this congress with those requiring reservoirs at the headwaters of the great rivers. It may be said, therefore, that the east and south can here learn from the west, and delegates should attend this congress, not alone from the 16 specially interested far western states, but from every state in the Union.

President Roosevelt, throughout his recent western tour, frequently gave utterance to his belief that national aid for the reclamation of the arid west is of paramount importance in our national policy; and to foster this policy is the work of this congress—"To save the forests and store the floods."

The program for the congress will be carefully arranged with the view of achieving practical benefits and progress. Specially favorable railroad rates have been secured, details of which will soon be published. Arrangements for the entertainment of delegates in the attractive city of Ogden will be complete and satisfactory, and reception committees will meet all trains. The citizens of Ogden have appointed a board of control to entertain all delegates in hotel rates.

Newspapers everywhere are earnestly requested to give publicity to this official call and to inform their readers of the importance of this congress.

Governors of the states and mayors of cities and officers of organizations entitled to appoint delegates are respectfully requested to select men sincerely interested in the work of—and likely to attend—the congress.

The basis of representation in the congress will be:

The governor of each state and territory to appoint 20 delegates

The mayor of each city of less than 25,000 population 2 delegates

The mayor of each city of more than 25,000 population 4 delegates

Each board of county commissioners 2 delegates

Each chamber of commerce, board of trade, commercial club or real estate exchange 2 delegates

Each organized irrigation, agricultural or livestock association 2 delegates

Each society of engineers 2 delegates

Each irrigation company, emigration society or agricultural college, and each college or university having chairs of hydraulic engineering or forestry 2 delegates

The following are delegates by virtue of their respective offices: The president and members of his cabinet.

The duly accredited representative of any foreign nation or colony.

The governor of any state or territory.

Any member of the United States senate or house of representatives.

Member of any state or territorial commission.

W. A. CLARK, President.

J. E. KIESEL, Chairman Executive Committee.

L. W. SHUTTLIFF, Chairman Board of Control.

H. B. MAXSON, Secretary.

By WILLIS T. BEARDSLEY, First Assistant Secretary.

Address all communications to Headquarters, Eleventh National Irrigation Congress, Ogden, Utah.

Ten and Coffee Drinkers.

Use Horsford's Acid Phosphate. It allays the nervousness and disordered digestion caused by excessive use of Tea, Coffee or Alcoholic drink. Puts the stomach in an active and healthy condition. Try it.

Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexion, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. See at Z. C. M. I. Drug Dept.

The Boss Worm Medicine.

H. P. Kump, Druggist, Leighton, Ala., writes: "One of my customers had a child, which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of Walter's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." Walter's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. See at Z. C. M. I.
