RESIGNATION OF DR. JOYCE

At the meeting of the board of educa-
tion next Friday evening, Dr. R. S.
Joyce will tender his resignation as a
member of that board, after 11 years
of the most efficient service. Dr.
Joyce resigns from the board owing to
the fact that he has changed his resi-
dence from the Second to the Fourth
ward.

He was urged by the voters of the
Second ward as well as others to keep
his seat on the board until a suc-
cessor could be chosen at the election
this fall. This Dr. Joyce said he con-
sidered to do against his best judg-
ment. When the Cloyd case came up
and the latter was ousted he com-
plained that Dr. Joyce was not a mem-
ber of the board legally.

Speaking of this Dr. Joyce said:
"I have been annoyed by this cheap
notoriety which I have been
gaining through the efforts of Mr.
Cloyd. I have decided to withdraw,
because I said at the time I first
agreed to remain that it would only be
so long as not one complaint was
made."

COURT NOTES.

In the case of Mary F. Schuyler
against the Southern Pacific company a
motion for a non-suit was argued
in the district court before Judge
Hovey this morning. This is one of
the hardest fought cases that has been
on the calendar for many months.
Every bit of testimony that is taken
is heard hard by the attorneys for
the defendant.

Chloe Dibble has brought suit in the
district court for a divorce from Nell
P. Dibble upon the grounds of non-
cohabitation. The couple were married in
Ogden, January 18, 1905. The plaintiff
asks for the custody of the child.

BASEBALL CHAMPIONS.

Heavy Harvest of Grain—Missionaries
Home from England.

Special Correspondence.
Wellsville, Cache Co., Aug. 18.—After
much advertising and some little ex-
citement, the "Boston Blower baseball
team," in a very poorly played game,
went down to defeat yesterday by the
home team, the score being 13 to 3.
There were about 500 present to witness
the game. There were six girls and
three men in the visiting team. About
one week ago the Willard base-
ball team came to Wellsville and went
home feeling very badly. At the close
of the game the score stood 7 to 0 in
favor of the home team. Wellsville
still claims the championship of
northern Utah.

dry, and David L. Kerr, returned home

ST. GEORGE.

PIONEER PASSES AWAY.

Mrs. William Webb Succumbs to Long
Illness—Dixie Storms.

Special Correspondence.
St. George, Washington Co., Aug. 17.
—Amelia Jarvis Webb died at her home
in St. George of paralysis, superinduced
by diabetes, on August 12. She was
a daughter of George and Ann
Prior Jarvis, born Jan. 3, 1853, in Lon-
don, England, and was baptized when
a child. She came to Zion with her
parents in pioneer days, and with them
was called to the Dixie mission, ar-
riving in St. George in December, 1861.
Sept. 21, 1869, she married William
Webb, who, with 11 children, survives.
Dec. 18, 1893, she was stricken with
paralysis, but it was her desire to see her
daughter, Annie Webb Wilkinson, who
was in far-away Tahiti, on a mission,
before passing away. Mr. and Mrs. Jo-
seph T. Wilkenson returned on the 19th
inst. from a three years' mission to the
Society Islands. Mrs. Webb recognized them
and then soon lapsed into uncon-
sciousness, passing away on the 13th
inst. Deceased was a consistent Latter-day
Saint, and died in full faith of the
gospel. The funeral was held in the
tabernacle last Friday at 10 a. m.

Elder Wilkinson and his wife re-
counted their missionary experiences in
the stake tabernacle yesterday. They as-
sisted in caring for the American con-
sul's family and in saving the govern-
ment records when the consulate was
destroyed by the storm that swept
Tahiti in 1896.

INTERMITTENT STORMS.

St. George and vicinity has been vis-
ited by daily thundershowers for a
period of several weeks past. Con-
siderable damage has been done by light-
ning and floods in various parts of the
county; roads and bridges have suf-
fered greatly, and much hay has been
spoiled; but the rain will do incalculable
good to the fall and winter ranges. The
wet weather has also caused great
damage to the big crop by causing the
fruit (which requires a dry climate) to
sour on the trees.

A very heavy thunderstorm visited
St. George last Wednesday, during
which lightning struck a tamarack
hedge, setting it on fire. A few fine
days followed Wednesday's storm, but
it is now very sultry and threatening
again.

NEW STEEL BRIDGES.

The new steel bridge over the Virgin
river near St. George is completed and
has been accepted by the county com-
missioners. The bridge is now being
superintended by Mr. Jensen. The
county can now boast two splendid
structures of this sort.

The St. George Commercial club is
a live, hustling entity. This will be
evidenced next Friday night by the
fruit festival it intends holding at the
residence of F. G. Miles.

Hon. Thomas Judd is home from his
European trip. Postmaster Samuel
Judd has gone to Panguitch lake, where
a part of his family has been spend-
ing the hot weather.

BINGHAM.

SERIOUS SHOOTING AFFAIR.

Geo. Charles Probably Fatally Injured
By Geo. F. Cushman.

Bingham, Salt Lake Co., Aug. 18.—
While peering into the window of the
bedroom of George F. Cushman, a cook
at the Union restaurant, George Charles,
Greek employe of the Y. M. C. A., was
shot by the former and probably fat-
ally wounded. After the shooting the
countryman of the wounded man sur-
rounded Cushman and it would have
gone hard with him but for the timely
arrival of an officer who arrested Char-
les and took him to jail. As it was
his badly hurt by a bullet which hit
him in the head while on the way to
jail.

Cushman declares that Charles was
looking through the window of his home
when he shot him. This the Greek de-
nies. Charles was taken to the hospital
and attended by Dr. F. E. Smith. He
says the man has no chance of recovery.

MONROE.

WEDDING OF BISHOP JENSON.

P. M. Lundgren Falls from Load of
Hay and Seriously Injured.

Special Correspondence.
Monroe, Sevier Co., Aug. 17.—Bishop
Jos. H. Jensen of North ward arrived
from Salt Lake City on Friday
last and brought with him a bride, with
whom he became acquainted some
years ago while on a mission in Swe-
den.

A number of his friends met at his
residence on the night of their ar-
rival and greeted the happy couple
with best wishes and presents, and a
very sociable time was had.

FALES FROM LOAD OF HAY.

On Friday last, while P. M. Lund-
gren was on the top of a load of hay,
the team unexpectedly made a forward
movement, throwing him to the ground,
dislocating his shoulder and
thumb, and wrenching his neck. He
is suffering severely at present and
will no doubt be confined to his bed
for some time.

Much hay has been slightly damaged
by rains. The second crop, which is
very heavy, is now being rushed to the
stacks.

Renovation and repairs are being
done on the schoolhouse preparatory
to opening next month.

OPEN AIR MEETING.

New Move of L. D. S. Bishopric—
Temperance Meetings.

Special Correspondence.
Eureka, Juab Co., Aug. 17.—For the
benefit of those who do not attend
churches the bishopric has decided to
hold open-air meetings, the first one
being held Sunday evening. About 300
people congregated and listened atten-
tively. Elders Leigh S. Stewart and
Peter Borup, recently returned mission-
aries, were the speakers. The ward
choir was in attendance and rendered
some sweet music. This is the first
meeting of the kind ever attempted on
the streets here and was in every way
a successful one.

TEMPERANCE MEETINGS.

Rev. L. S. Fuller of Salt Lake City
is a visitor in Eureka. He held two in-
teresting meetings Sunday in the L.
D. S. and M. E. churches. He is here
in the interest of the temperance move-
ment in Utah. All who attended the
meetings were highly pleased with the
encouragement given along this much-
talked-of movement.

KAYSVILLE.

WATERWORKS SYSTEM.

To be Installed by Outside Capitalists
—To be Put in at Once.

Kaysville, Davis Co., Aug. 18.—The
city council last night granted Heber
J. Steiner a franchise to install a
waterworks system for Kaysville. Mr.
Steiner, who, it is understood, repre-
sents eastern capitalists, has 30 days
in which to file his acceptance, after
which he will have to canvass the town.
If 75 families will contract to connect
with his mains, he will proceed to in-
stall the system. This is the first
time the city has been asked to install
a waterworks system.

The franchise provides for a maxi-
mum charge of 10 cents per 1,000 gal-
lons for water used for culinary pur-
poses, and 8 cents per 1,000 gallons for
irrigation water.

Milburn, Aug. 13.—The funeral ser-
vices over the remains of Francis M.
Stewart, who was run over by a

Visit of the Stork.

Special Correspondence.
Gunnison, Garfield Co., Aug. 16.
John Warden, formerly of this place,
was buried here today. Mr. Warden
has made his home in Canada for the
last eight or 10 years. He died at Rox-
burg, Idaho, having reached his son's
home here on his way from California
to his Canadian home. A very large
number of relatives and friends attend-
ed the services.

A wife and a large family of chil-
dren, mostly grown, are left to mourn
the loss of husband and father.
This is the second funeral that has

taken place here within a week.
Sarah Madsen having been buried here
Tuesday, the 11th inst. The second
crop of hay is now ready to cut, but
the continuous rains make it difficult
to get it up in good shape. The hay
and seed crop here is the best
farmers have had for years. The
stork brought another girl to the
home of James Bown today.

death occurred last week of David Bur-

STRICKEN FAMILY.

Friday Bishop Van Orman and wife
lost their bright baby girl, Verna, from
the great beyond about 25 years ago.
The child was born in Canada, and
died of the same disease, while Van Orman,
a 2-year-old son, is ill with scarlet fever.
The bishop recently returned from a suc-
cessful mission to the Rocky Mountains,
Thomas Hull and others, on Old Man's
river, in the Rockies, near Fernie, where
the destruction of timber, property and
life has been so disastrous, to find his
home stricken with death and disease.

which swept the beautiful, prospe-
riferous town of Fernie, just above us,

river, in a basin in the high mountains,
and of the helpless and little ones
blinded by smoke unable to escape, is
truly heartrending. Taber promptly
