## HEARINGS IN THE DISTRICT COURT

**James H. Mack Surprises Court By Pleading Guilty to Burglary—Two Burglars Sentenced.**

## BUSY DAY IN POLICE COURT.

**J. H. McConnell, Who Was Crushed Under a Train, Dies of His Injuries—Lagoon Excursion.**

Ogden, Aug. 7.—When the case of the State vs. David Gardiner, who was arrested on a charge of forgery, was called for trial, the district attorney moved for the dismissal of the case, which was granted by the court and the man turned loose. The circumstances attracted inquiry and it developed that the reason for the motion of dismissal was that the check, which the defendant was accused of forging had been placed in the care of the county attorney and lost, and that the evidence was not sufficient to convict the man. John Mitchell pleaded guilty to the charge of burglary and grand larceny, and was sentenced to seven years in the penitentiary.

Bob James and E. J. Keating, who pleaded guilty to burglary in the third degree, were sentenced to two years in prison.

In the case of the state vs. Russell, defendant pleaded not guilty and his trial was set for Aug. 8.

In the case of the state vs. Sinau, defendant pleaded not guilty to burglary in the third degree, and was ordered to appear Aug. 9 for trial.

## SURPRISED THE COURT.

Ogden, Aug. 7.—James H. Mack, alias Charles Johnson, with many other aliases, sprang a surprise in the district court this morning while his attorney, H. H. Henderson, was threatening a continuance of the trial on a charge of burglary, by offering to plead guilty to a second degree burglary. After a short consultation with the attorneys, Judge Howell consented to accept the plea and set Thursday, Aug. 8, as the date for sentence.

Mack was arrested April 27 by Officer Ed Morrissey while attempting to gain an entrance to the Watson-Flygare Hardware store. A short time after his arrest, his picture was published in the Detective, the official paper of the police departments of this country, and a great number of letters, containing the history of the man, were received by Chief of Police Browning and Sheriff Sebring. The information received showed that Mack had served considerable time in the Michigan state penitentiary and in the Deer Lodge, Mont., prison. He was released from the latter prison a short time before his arrest in this city.

Mack denies his former prison record and states when he appears before the court tomorrow to receive his sentence he will make a plea for leniency giving his reasons for making the attempted burglary. The maximum sentence for second degree burglary is ten years, and should Mack, who is about 35 years of age and in poor health, re-

He was sentenced to serve 60 days on the rock pile, but sentence was suspended to give the man a chance to leave the city two hours after the expiration of his present sentence.

James Williams, arrested by Officer Kellner and charged with vagrancy, showed to the court that he had been working on a ranch a short distance out of Ogden and the case against him was dismissed. Williams got into trouble trying to do a newly made friend a favor by getting his grip out of the baggage room at the union depot. There was 50 cents storage on the grip and he paid it. Then there was an argument between him and the owner about who should keep the grip. The arrest followed.

Prevalence of Kidney Disease. Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scaling pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free.
